The number of available Catalogues in a Product Group is listed as shown above.

The following selection options are available:

Name	Description
<b>Nickname</b>	Nickname of the product i.e. KVF750 4x4 or Ninja ZX-6R.
<b>Year</b>	Model Year of a specific model.
<b>Model Code</b>	Modelcode.
<b>VIN</b>	Vehicle Identification Number (VIN) or Frame number or Hull number.
<b>Engine</b>	Engine number.
<b>Colour</b>	Colour schemas are selected here (if there are any).
<b>Country</b>	For some products exist different country specifications. If so you can select the applicable Country and the EPC program will show the product variations. When a country selection is necessary, and you don't find yours country in this list, than use either ' <b>Europe</b> ' for European specifications or " <b>World</b> " (Whole Vehicle Type Approval) for worldwide specifications.

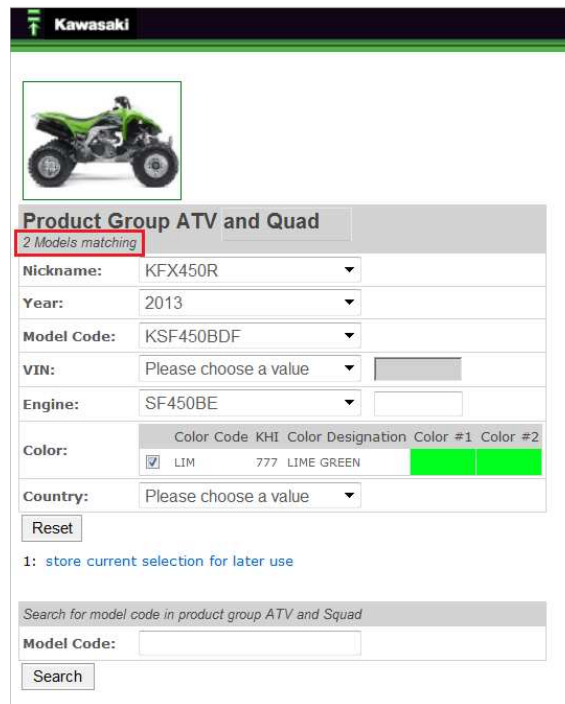

Any combination of selections is possible in any sequence

## 2.1.1 Direct Model selection

There are two ways to search directly for a specific product/model:

1. **Model code Search**
2. **VIN / Frame nr. / Hull nr. Search**

### 2.1.1.1 Model code Search

Select first a Product Group, for example Product group “Offroad”.

The screenshot shows the Kawasaki Web EPC interface. At the top is the Kawasaki logo. Below it, the 'Product Group Offroad' section is displayed, indicating '792 Models matching'. The form contains several dropdown menus for selection: Nickname, Year, Model Code, VIN, Engine, Color, and Country. Each dropdown is currently set to 'Please choose a value'. Below these fields is a 'Reset' button. A link '1: store current selection for later use' is also present. At the bottom, there is a section titled 'Search for model code in product group Offroad' with a 'Model Code' input field containing 'KX250YBF' and a 'Search' button. A mouse cursor is pointing at the 'Search' button.

Enter the modelcode in the Modelcode field and select next the **Search** button.

## 2.3.3 Grid List

Similar to chapter **2.4.1 Pictorial Index**, when hovering above the Grids is the corresponding Pictorial Index highlighted.

## 2.3.4 Technical Notes

Kawasaki has with this function the option to make notes/remarks for a certain model, to inform the EPC users about special parts, special instructions or to inform about EPC (catalogue) errors which will be corrected in the next EPC update.

Besides the Technical Notes added to the EPC by Kawasaki, each EPC user has the possibility to add a memo or remark to a certain model/grid.

So the following types of Technical Notes are available:

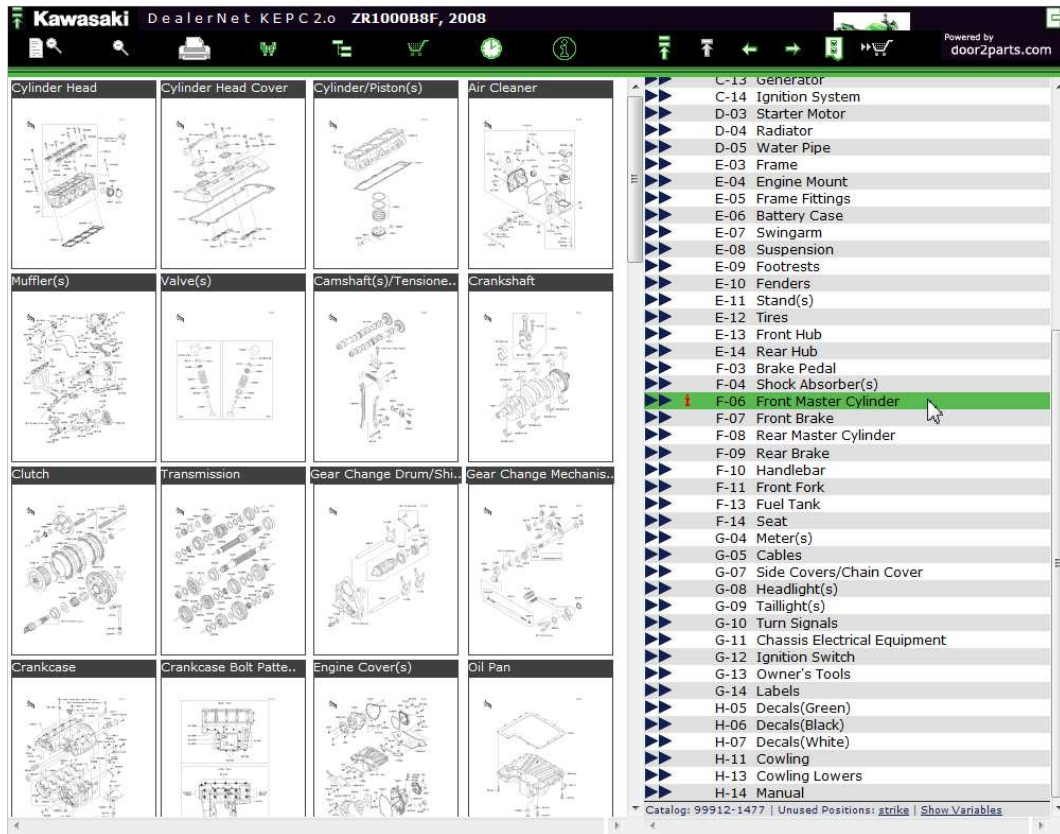

- Technical Note made by Kawasaki
- Technical Note made by the EPC Country Administrators.

(continued on next page)

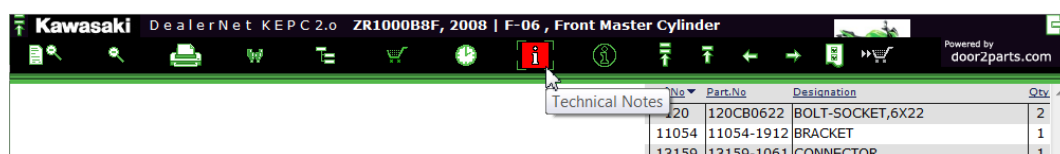

### 2.3.4.1 Technical Notes grid marking

As soon a Technical Note has been made you will see a red *i* in the Grid List as shown below.

## 8. Web EPC - User Manual

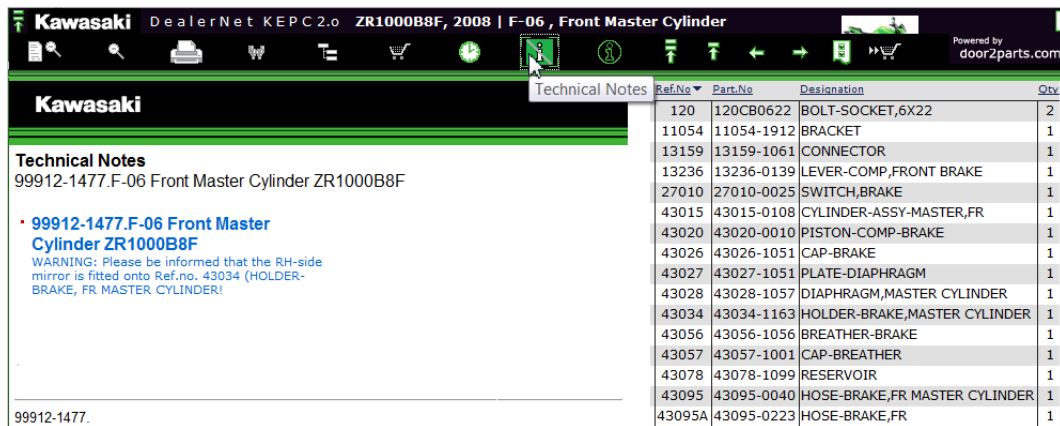

Open grid F-06 Front Master Cylinder and next you will see a  button, please see below.

Select the  button and the Technical Note (for this grid) will be displayed, please refer to next page.
