Getting to Know Your Phone

*Customizable.

Getting Music/Playing Music

Rock out to your favorite tunes with the VX8360's music player. Download songs and play them anywhere!

V CAST Music with Rhapsody®

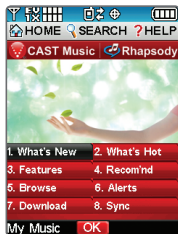

1. From standby mode and with the flip open, press **OK** and then scroll to the **Media Center menu**.
2. Select **Music & Tones (1)**, and then choose **V CAST Music I Rhapsody (1)**.
3. Browse the music catalog and download songs right to your phone.

Playing Music

1. From standby mode and with the flip open, press **OK** and then scroll to the **Media Center menu**.
2. Select **Music & Tones (1)**, and then choose **My Music (4)**.
3. The VX8360 will automatically organize your music. With a song selected, press **OK** to begin playing it.
4. Use the side **Volume Keys** **◀▶** to adjust the volume.
5. Press **PWR/END** to exit the music player.

Note: You can also play music with the flip closed. Press and hold

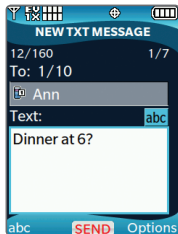

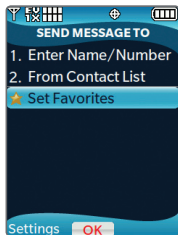

▶ once to access the music player. Press **▶** again to begin playing music.

Text Messaging Hot Key

Keep in touch when you can't talk. Press the Text Messaging Hot Key to begin composing messages anytime you want instant, discreet communication.

1. From standby mode and with the flip open, press  (located to the right of the **Directional Key**) and choose your recipient(s). You can also enter numbers directly.
2. Scroll down with the **Directional Key** to move to the **Text field**. Enter your message using the alphanumeric keypad, or press the **Right Soft Key** for **Options** to insert quick text, pictures, and other content.
3. Press  to send your message.

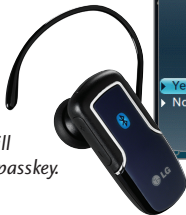

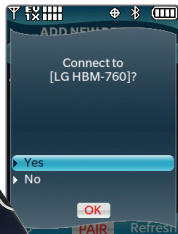

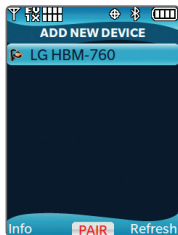

Bluetooth® Pairing

Stay connected without wires or cables! Pair your VX8360 with headsets, phones, and other devices to make your life easier!

1. Set your Bluetooth accessory into pairing mode.*
2. From standby mode and with the flip open, press **OK** and then scroll to the **Settings & Tools** menu.
3. Select **Bluetooth Menu (3)** and then **Add New Device (1)**.
4. If Bluetooth is off, you will be prompted to turn it on by pressing **OK**.
5. Press **OK** to begin searching for the accessory. Once it is found, highlight it and press **OK** to pair.*
6. Press **OK** to connect with the device.

**Refer to your Bluetooth accessory's user guide for information about initiating pairing mode and the passkey if asked (typically "0000"). If the accessory supports the headset/hands-free profile, your phone will automatically pair for you without having to input the passkey.*

Note: Bluetooth accessories sold separately.

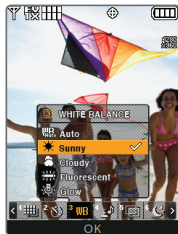

Taking a Picture/Recording a Video

Don't miss out on the perfect shot! You'll always be ready to record any moment with the VX8360's 1.3 megapixel camera and camcorder.

1. To activate camera mode: From standby mode and with the flip open, press the side **Camera Key** .
To activate video mode: From standby mode and with the flip open, press and *hold*  for 2 seconds.
2. Press **left** or **right** on the **Directional Key** to zoom. Press **up** or **down** to adjust the brightness. Press the **Right Soft Key** to access additional camera/video options.
3. Press **OK** to take a photo or start/stop recording.
4. Press the **Left Soft Key** to save the picture/video, or press **OK** to send it.

**Camera setting of 1280x960 pixels does not support zoom function.*

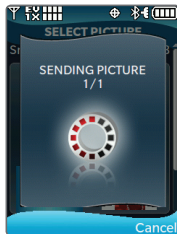

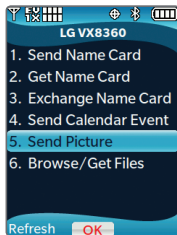

Note: To take a self-portrait with the flip closed, press and *hold* . Press  again to take a picture, or press and *hold*  once more to activate video mode.

Sending Pictures via Bluetooth

Why not share the pictures you've taken with others? Pair with another Bluetooth-enabled phone and send photos in a flash!

1. From standby mode and with the flip open, press **OK** and then scroll to the **Settings & Tools menu**.
2. Select **Bluetooth Menu (3)**, and then select the Bluetooth device you wish to send the picture to by pressing **OK**.
3. Select **Send Picture (5)**, and then mark the pictures to be sent by pressing **OK**.
4. When you're finished, press the **Left Soft Key** for **Done**.
