Key Contact Name _____ Title _____
E-mail _____ Web address _____
(By providing your fax number and email address you grant WasteExpo Show Management permission to contact you via email/fax with important WasteExpo updates).

II. PRODUCT INFORMATION

The WasteExpo 2015 exhibit floor will be organized by product categories. Please select the product category/pavilion that you would like to be in:

Categories: Collection / Transfer Energy and Disposal Recycling / Processing

Pavilions: Truck Components & Supplies Technology Composting / Organics

What is your company's primary business? _____ Who are your main competitors? _____

III. BOOTH INFORMATION

☐ **NATIONAL WASTE & RECYCLING ASSOCIATION** Refer to Rules & Regulations #25 for planned NEW details on more ways to earn money towards your Dues Contribution Program — now 10% of your total spend in 2015!

Dimensions: _____ sq. ft. x _____ sq. ft. for a total of _____ sq. ft.

(A) **Flat rate** for space under 5,000 sq ft\$28.50/ sq. ft. x _____ sq. ft. = \$ _____

(B) **Flat rate** for space over 5,000 sq ft\$27.50/ sq. ft. x _____ sq. ft. = \$ _____

☐ NON-MEMBERS COSTS

Non-Members\$32.50/sq. ft. x _____ sq. ft. = \$ _____

☐ EXHIBIT PLUS PROGRAM - YES, I WOULD LIKE TO TAKE ADVANTAGE OF THIS PACKAGE FOR AN ADDITIONAL \$995. I WILL RECEIVE THE FOLLOWING:

- Company Logo in the WasteExpo Show Directory
- Post-Show (2015) Total Buyers Mailing List 1x use, sent to a bonded mailhouse
- Enhanced online listing on wasteexpo.com to include your company logo, extra verbiage and press releases (files must be word documents, text only, no graphics).

GRAND TOTAL = Subtotal of MEMBER or NON-MEMBER : \$ _____ + \$ _____ for Exhibit Plus (\$995), for a total cost of \$ _____

Booth Selection: 1st choice # _____ 2nd choice # _____ 3rd choice # _____

IV. PAYMENT INFORMATION

Payment Schedule for Booths/Exhibits Plus: Failure to adhere to this payment schedule will place your booth/exhibits plus (size, location, status) in jeopardy. **20% of total cost is due upon selecting space.** (This deposit is non refundable). **50% of total cost is due October 3, 2014. 100% is due by January 5, 2015** If space is reserved after **January 5, 2015**, total cost is due upon signing.

Cancellation and Reduction of Space Policy: The full contract price is due and payable and non-refundable for any space/exhibits plus cancelled or reduced on or after **January 5, 2015**. Once this contract is signed and exhibit space is allocated, you are contracted to exhibit space. An exhibitor who cancels its booth space reservation must pay a cancellation fee, as noted above, which allows WasteExpo/Penton Media to recover the administration expenses incurred in preparing for the participation of the canceling exhibitor and which it will incur in attempting to resell the booth. _____ **Initials**

METHOD OF PAYMENT: CHECK # _____ enclosed

CREDIT CARD

(Payable in U.S. Funds to WasteExpo 2015)

Mail completed contract and check to:

Penton
24654 Network Place
Chicago, IL 60673-1246

For your security, credit card payments must be made online at
www.wasteexpo.com/payments

You will receive detailed instructions and a password along with your invoice via e-mail.
Your deposit is due immediately upon receipt of your invoice.
Please contact your sales manager for more information.

Acceptance of Terms, Rules and Regulations:

By signing this Contract, applicant agrees to abide by the above and the Rules and Regulations that accompany this contract.

Signature _____ Date _____

Rules & Regulations of Exhibit Space Contract—WASTE EXPO 2015

June 2-4, 2015 • Las Vegas Convention Center • Las Vegas, NV, USA

1. Contract for Space: The Exhibit Space Contract & Application ("Application") and these Contract Terms and Conditions together constitute a contract between the exhibiting organization identified in the Application, hereinafter known as the "Exhibitor" Penton Business Media, Inc. hereinafter known as "Show Management" or "Management" (this "Agreement"), for the right to use space for the WasteExpo 2015 event indicated in the Application (the "Show"). Exhibitor agrees to comply with the terms and conditions set forth in this Agreement as well as Show Management rules, regulations, and guidelines relating to the Show and other directives of this Agreement.

All measurements shown on the floor plan are approximate and Show Management reserves the right to make such modifications as may be deemed to be necessary, making equitable adjustment with any exhibitor or exhibitors thereby affected. Show Management also reserves the right to adjust the floor plan to meet the needs of the exposition.

2. Installation and Dismantling of Exhibits: Delivery of freight, installation of exhibits and completion of erection of exhibits will take place on the dates hereinafter shown. The exhibits must be ready for inspection no later than 8:00 am of the first show day. Should an exhibit not be set by 8:00 am of the first show day, Management reserves the right to have the Official Exhibit Services Contractor install the exhibit or remove unopened freight at the expense of the exhibitor. Dismantling may not begin until the close of the exposition on the final show day.

Goods and materials used in any display shall not be removed from the exhibit hall until the exposition has officially been closed. Any exception to this rule must have the written approval of Show Management.

Dismantling must be completed and all exhibit materials removed by the final moveout date and hour shown. (NOTE: Exhibitors are advised to remove small, portable items immediately upon conclusion of the exposition. Passes will be available from security guards to authorize such removals.)

3. Storage — Boxes and Packing Crates: Exhibitors will not be permitted to store boxes or packing crates in or behind exhibit booths. Prior to 8:00 am of the first show day, all boxes and crates will be placed in storage provided they are properly labeled for storage. Those not so labeled will be removed and destroyed as refuse. (NOTE: Storage labels will be provided at the Official Exhibit Services Contractor's Desk.)

4. Minors and Children: Persons under 16 years of age will not be permitted in the exhibit area during installation and dismantling hours. During show hours, persons under 16 years of age must be accompanied at all times by a parent or guardian. No strollers/carriages are permitted on the show floor.

5. Floor Plan: The floor plan for this exhibit will be maintained as originally presented wherever practicable. However, Show Management reserves the unqualified right to modify said plan to the extent necessary for the best interests of the exhibit, the exhibitors, and the industry.

6. Applications for Space — Conditions: Reservations must be made on the Space Application form which must contain complete information. Management reserves the right to reject applications for space. It is the policy of WasteExpo Show Management to limit the use of exhibit spaces to firms whose products or services contribute to the purposes of WasteExpo.

7. Payment Schedule/Cancellation or Reduction of Space: The payment schedule is listed on the face of the contract. Cancellation of this contract or reduction of space must be in writing, and by mutual consent of the applicant and Management, except that Management may unilaterally cancel this contract for non-payment of any balance due by the date specified. If cancellation or reduction of space is agreed to, applicant will be entitled to a refund based on the following schedule:

Cancellation or Reduction of Space/Exhibits Plus Penalty:

Space/exhibits plus cancelled or reduced on or before October 3, 2014, will be charged a 20% service charge on the net cost of the original space/exhibits plus. Space/exhibits plus cancelled or reduced on or after October 3, 2014 and before January 5, 2015 will incur a 50% service charge on the net cost of the original space/exhibits plus. The full contract price is due and payable and non-refundable for any space/exhibits plus cancelled or reduced on or after January 5, 2015. An exhibitor who cancels its booth space reservation must pay a cancellation fee, as noted above, which allows WasteExpo/Penton Media to recover the administration expenses incurred in preparing for the participation of the canceling exhibitor and which it will incur in attempting to resell the booth.

8. Space Assignment: Space assignment will be indicated on the accepted contract. However, should conditions or situations warrant, Management has the unqualified right to reassign space for the best interest of the exposition. Exhibitors must rent sufficient space to contain their exhibit completely within the confines of booth lines. Equipment may not extend into the aisles, over the aisles, or across the exhibitor's purchased booth line. Heights and Depths addressed in Section 12 must be observed.

Wait List: Exhibitors have an opportunity to be placed on a Wait List for an alternative location on the show floor upon request. Exhibitors must have space reserved and appropriate payment received to be moved per the Wait List request (see Section 7. Payment Schedule/ Cancellation or Reduction of Space).

9. Sharing/Subletting Space: No exhibitor shall assign, sublet, or apportion the whole or any part of the space allotted, or have representatives, equipment, or materials from other than their own firm in the said space, without the written consent of Management at least 60 days prior to the first day of the Exposition.

Members who contract for space with the intent of sharing space with a non-member company must advise Management immediately. Exhibit space being used by the non-member company will be charged the non-member rate for their portion of exhibit space.

If more than one company shares the exhibit space, this must be so indicated on the Contract; likewise if subsidiaries or divisions of a company are to be listed as exhibitors, their names must be furnished on the Contract.

Management policy prohibits subcontracting or assignment of exhibit space. Should an exhibitor decide to cancel, exhibit space reverts back to Management.

10. National Waste & Recycling Association: For purposes of the membership discount and Dues Contribution Program, active members consist of all corporations, partnerships or other business entities that are members in good standing of any one of the constituent bodies of National Waste & Recycling Association as of May 5, 2015 and who otherwise satisfy all other terms and conditions of this contract.

Note: The exhibiting company must be the dues paying entity to receive the membership discount.

10a. A company which becomes a new member of National Waste & Recycling Association by the closing day of the 2015 Show will be entitled to all member discounts for the 2016 Show. To receive member discounts for the 2015 Show, a company must become a member by May 5, 2015.

10b. Exceptions. Existing members of National Waste & Recycling Association not in good standing as of May 12, 2015 who later are reinstated are not eligible to claim the member discount for the 2015 Show.

Distributors: Sole distributors for member companies who wish to exhibit must hold their own individual membership in the National Waste & Recycling Association to receive the member discount. If the distributor elects to exhibit under the manufacturer name, only the manufacturer's name will be listed on any promotional materials as the exhibitor.

Note: Companies that purchase space at the active member rate will be listed in the onsite program under their official member name and address. Membership must be current by May 5, 2015. (Provided they sign up by print deadlines.)

11. Exhibitor Personnel: Each exhibitor will furnish Management, in advance, the names of those persons who will staff the booth on the Exhibitor Personnel Form furnished by WasteExpo in the Exhibitor Service Manual.

Personnel will be admitted to the show floor at 8:00 am each day. In the event earlier admission is required, special permission must be obtained from Management.

Exhibitor's representatives manning the exhibit will be owners, employees or agents of exhibiting companies, and such representatives will wear proper badge identification furnished by the exposition. Such badges will be supplied upon presentation of the list of personnel by the exhibitor or by application made at the Exhibitors' Registration Desk. Each exhibitor will place on file in the Show Management Office the name of the representative (including hotel or local phone number) who has primary responsibility on the floor for the exhibitor's display, and who is authorized to make decisions for the exhibitor as requested by Management on-site or in the case of an emergency.

Note: Supplying Exhibitor personnel badges to current or prospective customers by exhibitors is expressly forbidden. If such use of exhibitors' badges is made and this is recognized, individuals wearing said badges will be removed from the premises and badges will be confiscated. Management will supply VIP Tickets, which the Exhibitor may distribute to said customers for purpose of attendee registration. The Exhibitor personnel registration is to be used solely for employees or agents of the Exhibitor.

12. Displays and Construction: Management has arranged for a standard uniform booth background, including header sign (7" x 44") with exhibitor's name and booth number. Trucks, trailers and equipment must be spotted within the confines of the exhibit space, and allow sufficient space for exhibitor personnel to conduct business within the space.

All demonstrations must be within the confines of the exhibit space. Aisles must not be obstructed at any time by exhibitor personnel or attendees. Management reserves the right to unilaterally determine if a demonstration interferes with adjacent exhibit spaces and may, if necessary, order its discontinuation.

Note: Display rules and regulations are those set forth by the International Association of Exhibitions and Events.

Refer to diagrams in the WasteExpo Service Manual for booth configurations.

A. Standard Booth — One or more standard units in a straight line.

- Height: Exhibit fixtures, components and identification signs will be permitted to a maximum height of 8'3" (2.5m).
- Depth: All display fixtures over 4'0" (1.22m) in height and placed within 10 lineal feet (3.05m) of an adjoining exhibit, must be confined to that area of the exhibitor's space which is within 5'0" (1.52m) of the back line.
- Equipment in a standard booth (one or more standard units in a straight line) may exceed the 8'3" (2.5m) restriction, provided it is placed within 5'0" (1.52m) of the back line and meets the requirements of Subheading A — Standard Booth. Any identification sign must not exceed the 8'3" (2.5m) restriction.
- Exhibitors must contract for space required to keep their equipment demonstrations, booth personnel and attendees in the confines of their booth. No equipment or display over 4'0" (1.22m) in height will be permitted beyond 5'0" (1.52m) of the back line.

B. Perimeter Wall Booth — Standard booth located on the outer-perimeter wall of the exhibit floor.

- Height: Exhibit fixtures, components and identification signs will be permitted to a maximum height of 12'0" (3.66m) in perimeter-wall booths.
- Depth: All display fixtures over 4'0" (1.22m) in height and placed within 10 lineal feet (3.05m) of an adjoining exhibit, must be confined to that area of the exhibitor's space which is within 5'0" (1.52m) of the back line.

C. Peninsula Booth — Exhibit with an aisle on three sides. 20' x 20' or larger.

- Height: Exhibit fixtures, components and identification signs will be permitted to a maximum height of 16'0" (4.88m), ceiling height permitting, provided written approval is received from Management at least (60) sixty days prior to the first day of the show.
- Depth: All display fixtures over 4'0" (1.22m) in height and placed within 10 lineal feet (3.05m) of a neighboring exhibit, must be confined to the area within 5'0" (1.52m) of the center line to avoid blocking

the sight line from the aisle to the adjoining booth.

- Equipment in a peninsula booth may exceed 16'0" (4.88m), ceiling height permitting, during demonstrations; however, exhibitors are not permitted to display any identification signs above the 16'0" (4.88m) restriction.

D. Island Booth – Exhibit with aisles on all four sides. 20' x 20' or larger.

- Height: Exhibit fixtures, components and identification signs will be permitted to a maximum height of 16'0" (4.88m), ceiling height permitting, provided written approval is received from Management at least (60) sixty days prior to the first day of the show.
- Depth: Because an island booth is automatically separated by the width of an aisle from all neighboring exhibits, full use of the floor plan is permitted.
- Equipment in an island booth may exceed 16'0" (4.88m), ceiling height permitting, during demonstrations; however, exhibitors are not permitted to display any identification signs above the 16'0" (4.88m) restriction.

E. Canopies and Ceilings – An exhibit component supported over an exhibitor's space for decorative purposes only.

- Height: Canopies, false ceilings and umbrellas will be permitted to a height that corresponds to the height regulation for the appropriate exhibit configuration of which they are a part. Canopies and ceilings will not be permitted in a standard booth configuration. Furthermore, the canopy or false ceiling will not exceed 1'0" (30cm) in depth and cannot be used for identification or display purposes.
- Depth: Canopies may extend out to the aisle line and up to the booth line on either side of an exhibitor's space providing that the support structure will not exceed 3" (7.62cm) in width when placed within 10 lineal feet (3.05m) of an adjoining exhibit and not confined to that area of the exhibitor's space which is within 5'0" (1.52m) of the back line. Furthermore, canopies, false ceilings or umbrellas will not be used for identification or display purposes except as would normally be allowed for any exhibit component within the regulations set forth for the exhibit configuration.

F. Towers – A free standing exhibit component separate from the main exhibit fixture that is used for identification and display purposes only.

- Height/Depth: Towers will be permitted to a height and depth that correspond to the height and depth regulations for the appropriate exhibit configuration of which they are a part. For example, towers that are part of a peninsula exhibit will not exceed 16'0" (4.88m) in height, and will not be placed within 10 lineal feet (3.05m) of a neighboring exhibit unless they are confined to that area of the exhibitor's space that is within 5'0" (1.52m) of the center line to avoid blocking the sight line from the aisle to the adjoining booth. Structural Integrity: All towers in excess of 12'0" (3.66m) must have drawings available for inspection by Management, the installation and dismantling contractor, the exhibitor and governmental authority during the time the tower is being erected, exhibited and dismantled at the show site that include a signature or stamp of a reviewing structural engineer indicating that the structure designed is properly engineered for its proposed use, and a signature of an authorized official of the exhibit building company indicating that the structure is built in compliance with the details and specifications set forth on the drawings.

G. Hanging Signs – An exhibit component suspended above an exhibit with an aisle on at least three sides for the purpose of displaying graphics or identification.

- Height: Hanging identification signs and graphics will be permitted to a maximum height of 16'0" (4.88m) from the base of the sign (floor to sign clearance), provided written approval is received from Management at least sixty days prior to the first day of the show.
- Exhibitors wishing to display hanging signs above the 16'0" limit must receive prior written approval from Management at least (60) sixty days prior to the first day of the show. All such requests shall be considered on a case-by-case basis.
- Depth: All hanging signs must be set back at least 25% of the booth's width dimension from the back line of the booth. Structural Integrity: All hanging signs must have drawings available for inspection by Management, the installation and dismantling contractor, the exhibitor and government authority during the time the component is being hung, suspended and removed at the show site that include a signature or stamp of a reviewing structural engineer indicating that the stress points for hanging the sign have been properly engineered, and a signature of an authorized official of the exhibit building company indicating that the structure is built in compliance with the details and specifications set forth on the drawings. (NOTE: exhibitors are encouraged to use lightweight materials in the construction of a hanging sign, and must consult with Management as to the load factor of the ceiling structure).

Note: Hanging signs and graphics will be permitted to a total length on each side of the exhibitor's space that does not exceed 50% of the corresponding dimension of the booth.

All exhibits must be constructed and operated in a manner which will not present any safety hazards. Management reserves the right to ask the exhibitor to make necessary adjustments to remove any such hazards.

13. Contractors Services: All services, such as furniture, carpeting, labor, cleaning, storage of boxes and crates, shipping and other special services must be arranged through the Official Exhibit Services Contractor. An Exhibitor Service Manual will be provided with proper forms for ordering such services. Forms should be carefully prepared and returned by the deadlines noted to avoid late charges.

Independent Contractors: Notification to use an independent contractor to install/dismantle exhibits must be received forty-five (45) days prior to the first day of the show. If an exhibitor elects to use any contractor other than the official contractors designated by WasteExpo, WasteExpo is not in a position to intercede in disputes on behalf of the exhibitor. See rules in Exhibitor Service Manual for other requirements. Notification to use independent contractor(s) must go to both show management and the Official Exhibit Services Contractor. Exhibitor will communicate to any subcontractor that such subcontractor is bound by this Agreement, and Exhibitor will be liable for any act or omission by such subcontractor which would, if taken by Exhibitor, constitute a breach of any provision of this Agreement.

14. Character of Exhibits: It is the desire of Management that each exhibitor design and create an exhibit of an attractive nature which will enhance the overall appearance of the exposition and be a credit to the industry. All exhibitors will comply with applicable clauses of the Americans with Disabilities Act.

Management reserves the right to approve the character of the display and to prohibit any display which, because of noise or other objectionable features, detracts from the general character of the exposition. Exhibits must be in good taste as determined by Management.

WasteExpo provides carpet for the aisles of the show to enhance the overall appearance of the show floor.

It is the Exhibitors responsibility to create an attractive display area. The exhibitor is required to provide carpet to cover the area contracted, including carpet under trucks, trailers and equipment.

Provided with the booth space rental by Management for a standard booth is the 8'3" cloth backdrop, 36" side cloth dividers, 7" x 44" identification sign, and aisle carpeting for comfort of trade show traffic.

Any part of an exhibit space which does not compliment the purpose of the exhibition must be corrected at the exhibitor's expense. Management reserves the unilateral right to correct any unsightly exhibit and the exhibitor agrees to pay Management for expenses incurred in making the necessary alterations.

15. Gadgets, Gimmicks, Demonstrations, Music and Sound: Side show tactics, scantily clad individuals or other undignified promotional methods will not be permitted. Exhibitors are asked to observe the "good neighbor" policy at all times. Exhibits should be conducted in a manner not to be objectionable or offensive to neighboring booths.

The use of photographers, musicians, entertainers, loud speakers, sound system equipment and noise-making devices are restricted to within the exhibitor's booth. Management reserves the right to determine when such items become objectionable.

Management requires exhibitors to obtain music licenses through ASCAP and BMI if they intend to use Copyrighted music in their booths. Management is not responsible for the music used by exhibitors, and without limiting Exhibitor's obligations under Section 20. Exhibitor hereby agrees to indemnify, defend and hold harmless Management for any and all costs or damages, including attorneys fees, related to any copyright violations that result from Exhibitor's failure to obtain the appropriate license(s).

Balloons, horns, odors, or congestion in Exhibitors' booths are not permitted.

Give-aways, demonstrations and/or entertaining the attendees in booths must be arranged so that attendees coming into the exhibit do not block aisles or overlap into neighboring exhibits. Also see Section 17. Soliciting-Samples-Prizes.

The operation of equipment indoors will not be permitted on a continuous basis. Operation of equipment may be approved for demonstration purposes for short periods (approximately one to five minutes), provided Management is notified in writing (30) days prior to the first day of the show. Booths must be policed by each exhibitor so that disruption or noise level from any demonstration or sound system is kept to a minimum and does not interfere with others. Remember the use of sound systems or equipment producing sound is an exception to the rule, not a right. Management reserves the exclusive right to determine at what point a disruption or sound level constitutes interference with other exhibits and must be discontinued.

Exhibitors may be asked to discontinue any demonstrations indoors during show hours if surrounding exhibitors lodge complaints of excessive noise or other disruptions.

Racing lights, flashing lights and strobe lights are considered offensive to neighboring booths and are not permitted.

Exhibitors may take photos or videos of their display, however, they are not permitted to directly take pictures of any other display, or instruct others to take such pictures, without written permission by Management and the exhibitor whose display is being photographed.

Exhibitors must respect the privacy of other exhibitors and not intrude or disrupt another exhibitor while they are conducting business on the show floor.

16. Other Exhibits: The Exhibitor agrees that neither they, their agents nor their distributors will distribute publications or conduct any other display or exhibit any equipment bearing their trademark within a three mile radius of the exposition covered by this contract or its officially designated hotel properties during the dates of said exposition. This limitation does not apply to participation in other trade association exhibitions which may coincidentally be ongoing in the same city, or to exhibitor's regular place of business or show room. Violation of this provision by an exhibitor will constitute a breach of the contract and Management may, in its sole discretion, cancel this contract and exhibitor will remove their display and any equipment contained in the exhibit hall and forfeit all payments to WasteExpo Show Management pursuant to this contract.

Hospitality functions (including meetings unless approved by show management) are not permitted during exposition hours and may be open to attendees only when there are no concurrent WasteExpo 2014 events.

Exhibitors are requested not to conduct hospitality functions during show hours or WasteExpo sponsored events. WasteExpo has attempted to leave ample time open to avoid conflicting events – giving each activity maximum support. Events (allowing non-exhibitor booth/personnel) will not be permitted on the exhibit floor during move in time including opening day.

17. Soliciting – Access to Lists, Samples & Prizes: No soliciting of registrants shall be permitted in the aisles or in other exhibitors' booths. Samples, catalogues, pamphlets, publications, souvenirs, etc., may be distributed by exhibitors and their representatives (including hosts and hostesses) only within their own booths. No exhibitor will be permitted to conduct any prize drawings, awards for signing of names and addresses, etc., without prior written approval of Management. Signs showing the price of items must not be displayed.

WasteExpo Show Management reserves the right to limit access to attendee, exhibitor and any other list or information gathered by Show Management, or its contractors.

Exhibitors that publish industry publications may distribute their publications outside their booths only to the

other exhibitors and only during show hours. Show sponsors that produce industry publications may distribute their publications to exhibitors at times designated by show management.

18. **Flammable and Hazardous Materials:** Flammable or hazardous fluids, substances, or material of any nature are prohibited in the booth and in the storage area behind the booth. All decorative materials must be flame-proofed before being taken into the exhibit hall, and must comply with local fire regulations. Transferring of flammable liquids while in the exhibit hall is expressly prohibited. Electrical equipment and wiring must meet all safety codes.

19. **Beverages and Foods:** Food and/or beverages may be supplied by the exhibitor through the exclusive convention center catering company, with the prior written consent of Management and the Facility. Alcoholic beverages are forbidden without the express written consent of Show Management in which case Corkage fees to the Facility may be required.

20. **Liability:** Neither Management, the official service contractors, exhibit hall management, Management's security service, nor any of the officers, directors, employees, agents, subcontractors, or representatives ("Representatives") of the above will be responsible for the safety of or any loss of or damage to property of Exhibitor or any of its Representatives of any reason, including without limitations due to theft, strikes, damage by fire, water, storm or vandalism or other causes. Management will take reasonable precautions through the employment of security personnel to protect exhibits from such loss subject to the previous sentence.

All property of the exhibitor is understood to remain in the exhibitor's possession, custody and control in transit to or from or within the confines of the exhibit hall and subject to the rules and regulations for the exposition.

Note: Exhibitors are required to carry property and liability insurance in amounts sufficient to cover any losses or liabilities Exhibitor may incur in connection with the Show, including without limitation due to damage or loss to Exhibitor's property or injury to the person and or property of others. By executing this Agreement, Exhibitor represents warrants that it has such insurance in effect as of the date of the Application and that it shall maintain insurance at least through Exhibitor's occupancy of WasteExpo and the event venue.

Exhibitor must comply with all federal, state, and local laws, rules, and regulations, as well as the event venue's rules and regulations, including all safety regulations. Corrections will be made at Exhibitor's expense. If corrections cannot be made, exhibit shall be removed at Exhibitor's cost, with no liability accruing to Show Management. Under no circumstances may the weight of any exhibit material exceed the specified maximum floor load of the exhibit hall. Exhibitor accepts full and sole responsibility for any injury or damage to persons or property resulting from failure to distribute the placement of his exhibit material to conform with the floor loading specifications.

Indemnity: Exhibitor agrees to indemnify, defend, and hold harmless Management, and its affiliates, the event venue and its affiliates, and each of the Representatives of any of the foregoing from and against any and all third party claims losses, actions, proceedings, damages, penalties, demands, causes of action, fees (including reasonable attorney's fees) costs, or liabilities of any kind or nature whatsoever in connection with or which are caused by or arise out of (a) any breach of alleged breach of any representation, warranty, covenant, or other provision of this Agreement by Exhibitor, or anyone acting on its behalf, including any employee or contractor, or (b) the negligence, gross negligence, recklessness, fraud, or willful misconduct of the Exhibitor, its Representatives servants, invitees, patrons, or guests.

The exhibitor is charged with knowledge of all local laws, ordinances and regulations pertaining to business licenses, health, fire prevention and public safety affecting its participation in the Show. Compliance with such laws is mandatory for all exhibitors and is the sole responsibility of the exhibitor.

If unusual equipment is to be installed, the exhibitor must communicate with Management for information concerning the facility or applicable regulations.

Management will not be liable for the fulfillment of this contract as to the delivery of space if non-delivery is due to any of the following causes: By reason of the building being destroyed or substantially damaged by fire; act of God; public enemy; strikes; authority of law; or any other cause beyond the control of Management. In the event of not being able to hold the exposition for any of these reasons, Management will refund to each exhibitor the amount they paid for their space less a prorated share of all the expenses incurred for the exposition up to the date of required cancellation.

21. **Damage:** Exhibitors will be liable for any damage caused by fastening fixtures to the floors, walls, columns or ceilings of the exhibit building and for any damage to equipment furnished by Management or service suppliers designated by them.

22. **Violation:** The interpretation and application of these rules and regulations are the responsibility of Management. Any violation by the Exhibitor of any of the terms or conditions herein shall subject Exhibitor to cancellation of its contract to occupy booth space and to forfeiture of any monies paid on account thereof as well as any other rights or remedies of Show Management under applicable law. Upon written notice of such cancellation, Management shall have the right to take possession of the exhibitor's space, remove all persons and properties of the exhibitor and hold the exhibitor accountable for all risks and expenses incurred in such removal.

23. **Social Functions/Special Events:** Any social function or special event during WasteExpo, in the host city, is reserved for exhibiting companies and must be approved by Show Management.

24. **Show Rules:** In the event that unforeseen events make it necessary, Management will have the right to amend these rules and regulations or make additions thereto, and all such amendments or additions shall be made available promptly to each exhibitor.

25. **Enhanced Dues Contribution** (pending completion of Penton's agreement with the National Waste & Recycling Association member's total spending with Penton's Waste Industry Group, including but not limited to booth space / sponsorship at the 2015 event and then based on any additional spending in calendar year 2015 (January - December) in print, digital, marketing services, online. Penton Waste Industry Group will make a contribution directly to the exhibitor's respective National Waste & Recycling Association. This transfer of funds between Penton's Waste Industry Group and National Waste & Recycling Association membership accounts may eliminate the separate billing of dues that now occurs for many members. It provides an easy way for an exhibitor to become a member of National Waste & Recycling Association, and directly funds projects and programs in the member's interest area. It is currently contemplated that Penton's Waste Industry Group contributions will be 10% of the company's total spend with Penton Waste Industry to the National Waste & Recycling Association.

To take advantage of the DCP Program for the 2015 Show, an exhibitor must be a member in good standing as of May 5, 2015 or become a new member of an National Waste & Recycling Association by May 5, 2015.

Exhibitor will be notified in the event of any change to the terms of the contemplated Enhanced Dues Contribution Program described in this Paragraph 25.
