⇒ Adventure carriers to conquer the outdoors!

*x-country:* CTS Sport Stroller Series

Having children doesn't mean you have to give up your active lifestyle. Not when you have Chariot's all-terrain, all-season CTS™ line.

- Maximum performance sport strollers: for the serious runner and casual walker alike
- CTS™ conversion kits transform all models into full featured biking, strolling, hiking & x-country skiing carriers for active parents.

Take life for a ride.

Having kids should never slow you down. In fact, at Chariot Carriers, we believe it should be the other way around! That's why we've designed our best-selling child carriers to help you keep up your active lifestyle - while sharing all the fun with your little ones.

Sturdy. Stylish. User-friendly. Engineered for unparalleled safety. You won't find a child carrier system that's better built or more practical - for passengers and parents alike! Experience the Chariot difference.

Change pace without losing your stride.

Chariot's unique CTS™ technology represents the ultimate in flexibility and convenience - for families who like to keep active through a variety of activities. With Chariot CTS™ models, you buy a jogging stroller, and have the ability to transform it through user-friendly conversion kits (sold separately). For example:

5 //

6 //

### 1// hydration kit:

Keep cool on hot days. Comes with 2 bottles and frame mounting units. One for the 'engine' and one for the passenger. No tools required.

### 2// jogging brake kit:

For use in jogging mode, this quick release brake provides additional stopping power, controlled from the handlebar mounted lever.

### 3// travel bags:

Protect your Chariot in this padded soft-case bag. Also great for storing your folded Chariot when it's not in use. Includes two wheel bags.

### 4// backpack set:

Stylish, durable daypacks that look just like your Chariot. One for you and a smaller version for your little explorer!

### 5// axle mount hitch:

Hitch components for adding to a second bike or for an older model Chariot.

### 6// storage covers:

A fabric cover to protect your open Chariot while being stored inside or outside. Available in two sizes.

### 7// seat pad / helmet shelf:

For your little one to sit on or for behind their back (not shown).

## Protected child compartments.

For your all-season adventures or balmy neighborhood walks, there are many advantages to having a protected child compartment. Children can be sheltered and isolated from the elements. Or on a nice day, you can remove the weather cover and have an open, breezy playspace on wheels.

Protected child compartments also make it is easier to bring along and manage items such as blankets, books, snacks, drinks and toys. Also, these comfy child compartments typically have a low center of gravity, allowing for extra stability and easy child access. Ultimately you have the flexibility with Chariot to go as you and your children want: top up or down.

## Follow your spirit of adventure!

Whenever the big sky beckons, grab your kids and head for the horizon. Because when you have a Chariot Carrier, outdoor freedom, healthy adventures, and family togetherness await! Make it a Chariot Day!

### Tales from life's trails!

Chariot wants to know about your outdoor pursuits, big adventures, practical pointers and funny parenting anecdotes and we'd love to receive them. Send us your stories, pictures or videos to [ask.us@chariotcarriers.com](mailto:ask.us@chariotcarriers.com), and we will post the best submissions on an upcoming section on our web site.
