Fax: (608) 752-6620
www.rock.coop

Dear Prospective Member:

Thank you for contacting Rock Energy Cooperative for new service.

Established in 1936, Rock Energy is a not-for-profit utility distributing safe and reliable electricity and natural gas to more than 27,000 meters across our nine-county service area in southern Wisconsin and northern Illinois. We are dedicated to providing members with the highest quality service at the lowest possible price.

This packet contains all the information you need to apply for electric and/or natural gas service. Details about natural gas installation can be found by visiting www.rock.coop and clicking on Natural Gas Service Manual in the Energy Management tab.

Please complete the enclosed application and return it along with the required documents by any of the following means:

Email:	NewMember@rock.coop	
Fax:	(608) 752-6620	(815) 389-9100
Mail:	Rock Energy Cooperative P.O. Box 1758 Janesville, WI 53547	Rock Energy Cooperative P.O. Box 126 South Beloit, IL 61080
Drop off:	2815 Kennedy Road Janesville, WI	15229 Willowbrook Road South Beloit, IL

We are looking forward to meeting your energy needs. If you have any questions, please call us at (608) 752-4550 or (866) 752-4550 between 7:30 a.m. and 4 p.m. weekdays.

Sincerely,

Rock Energy Cooperative

Instructions for service:

For all services: (NOTE: Natural gas service is only available in Illinois)

- ☐ Application filled out completely and signed. (Keep 1 copy for your records)

The following **must** accompany the application for further processing:

- ☐ Sketch of member-owned facilities to be included (see attached example).
- ☐ Attach recorded copy of certified survey map or platted lot and lot corners staked.
- ☐ Expose or locate (with staking, flagging and/or other durable marking) the physical location of any member-owned underground facilities, i.e., wells, septic, underground tanks/fuel lines, drain tiles/downspouts, member-owned wires, sprinkler systems and yard lighting.
- ☐ Appropriate inspection form for electric services, completed by the local Electrical Inspector.
- ☐ Enclosed Gas Disclosure Statement (Illinois only) – filled out and signed (keep 1 copy for your records, if applicable).
- ☐ Be sure to read your copy of the Residential Electric and Natural Gas Service Application and Agreement.
- ☐ You can **estimate** line extension costs by using the attached fee schedule.

Building Site Sketch and Meter Location Requirements:

- A. Mark a “G” for your proposed gas meter location with a measurement from the nearest corner of the dwelling.
- B. Mark an “E” for your proposed electric meter socket/pedestal location with a measurement from the nearest corner of the dwellings.
- C. Show all decks, pools, wells, septic, underground tanks/fuel lines, drain tiles/downspouts, member owned wires, sprinkler systems, yard lighting, etc.

Procedures for processing request for service:

1. All new applicants are subject to the REC Deposit Policy. This will require a “soft” credit check to determine whether a deposit is required to set up services. This credit check will not affect your credit scores. If a deposit is required, you will be contacted by Member Services and said deposit must be paid before further processing will occur. Once deposit is received, or if no deposit is required, your request for service will be forwarded to the appropriate Co-op personnel who will contact you to schedule a field visit.
2. Co-op personnel will provide you at time of field visit with a copy of an estimated cost for services. You will receive an invoice from Billing Dept. within 3-5 business days after initial visit. This must be paid prior to service being installed.

Residential Electric and Natural Gas
Service Application and Agreement

1. The applicant(s) understand(s) and agree(s) that prior to installation of underground electric lines or natural gas piping, the Homeowner shall have established the final grade of the route and that after installation of the line the grade shall not be increased or decreased more than 6" without the approval of Rock Energy Cooperative (REC). If applicant is not the Homeowner, the applicant is responsible for obtaining such agreement in writing from the Homeowner and providing same to the Cooperative at no expense to the Cooperative.
2. Easement: Right of Access
 - a. The applicant(s), if also the Homeowner(s), grant to the Cooperative the right to clear for installation and maintenance of its overhead and/or underground electric line or gas piping and to use any necessary equipment in, on and across the above described land along highways and along fence lines thereon, and to extend such lines along or near property lines of such premises as may reasonably be necessary to extend service to future applicants for such service, and to permit the attachment of communication lines and equipment owned by others. If applicant is not the Homeowner, the applicant is responsible for obtaining such agreement in writing from the Homeowner and providing and same to the Cooperative at no expense to the Cooperative unless same has previously been provided to the Cooperative.
 - b. The applicant(s) jointly with other applicants on the same extension shall, without cost to the Cooperative, maintain a right-of-way, which the Cooperative has the right to clear, adequate for the extension and along a route approved by the Cooperative.
 - c. If requested by the Cooperative, the applicant(s)/homeowner shall grant to the Cooperative an easement in recordable form conveying the rights and privileges in (a) and (b) above. If applicant is not the Homeowner, the applicant is responsible for obtaining the easement in writing from the Homeowner and to provide the same to the Cooperative at no expense to the Cooperative.
3. The applicant(s) individually and jointly agree(s) to indemnify and hold harmless the Cooperative from all claims against the Cooperative because of any injury, disease or death sustained by reason of any act, omission or negligence of the applicant, or any agent, employee or subcontractor thereof.
4. This agreement shall become effective when acceptance of the application has been signed on behalf of the Cooperative.
5. The member is subject to the Cooperative's Deposit Policy.
6. The member is responsible for notifying the Cooperative of contaminated media (soil, groundwater, etc.) that may be present on the premises prior to Cooperative commencing installation or extension of service. The Cooperative reserves the right to consider alternate service routes, if necessary, to avoid contaminated media. The member may be held liable for additional costs incurred by the Cooperative if contaminated media is encountered during the installation of service.

If contaminated media is encountered during the installation or extension of service, the Cooperative shall terminate the installation or extension of service and notify the member. The member is responsible for reporting the discovery of contamination to the appropriate agencies. The member, or landowner, is responsible for management of any contaminated media generated during the installation of service.
7. The Cooperative agrees to furnish, and the member agrees to take and pay for, utility service in accordance with provisions and rates; subject to all applicable rules of the Cooperative, including, but not limited to, terms and conditions on this page hereof; until such time as the member discontinues service or elects to make a written application for service under a different schedule. Such election, however, may not be exercised within a one-year period from the date of this application.
8. Member understands once meters are set, billing will begin.
9. All property of REC, which includes, but is not limited to the meter and transformer, shall remain the property of REC, and shall not be modified or altered in any way. Any modification or alteration could be extremely dangerous and is illegal.

Trench Marking Agreement

The Member agrees the Cooperative will dig, trench, plow or bore on the member's property located at the above address for the installation of utility services. Utility rates are based on rough grade construction meaning the Cooperative will backfill and smooth over any excavations that the Cooperative performs. *Final restoration, grass seeding, watering and mowing are the member's responsibilities.*

Prior to digging, trenching or boring, the Cooperative will identify the route of the proposed excavation. The Cooperative will notify other utility owners to facilitate the marking of existing underground utilities, including electric, telephone and cable TV.

The Member agrees to physically mark the location of any and all owned obstacles that lie underground within ten feet of proposed excavation. Such obstacles include, but are not limited to, septic and sewer systems, buried wires for out-buildings or decorative lighting and LP gas lines. The Member shall mark the location of all of these obstacles with stakes or flags or by painting the ground. The Member hereby accepts any and all responsibility for damage to, or damage done by striking, any such underground obstacle the Member fails to mark or marks incorrectly.

Fee Schedule

(Effective: January 1, 2015)

This payment schedule will be reviewed and renewed on an annual basis.

Electric: (minimum charge \$250.00)

- a. Single phase – Primary or Secondary – non-frost rate
Overhead and Underground.....\$10.50 per foot
- b. Single phase – Primary or Secondary – frost rate (Nov. 15 – April 1)
Overhead and Underground.....\$17.15 per foot
- c. Multi phase – Primary or Secondary – non-frost rate
Overhead and Underground.....\$22.50 per foot
- d. Multi phase – Primary or Secondary – frost rate (Nov. 15 – April 1)
Overhead and Underground.....\$37.50 per foot
- e. Variance considerations – The above line extension fees are based on typical conditions; should conditions vary, the cooperative reserves the right to request alternative measures be sought by the requesting party. Additional work by the cooperative as a result in variance shall be billed at the appropriate fee as listed.

Gas – (minimum charge \$250.00) Services:

non-frost rate

Plastic - \$8.25 per foot

Steel - \$12.80 per foot

All extensions greater than 200 feet – cost to be determined at time of project.

Any pipe size larger than four (4) inches – cost to be determined at time of project.

Services: frost rate (Nov. 15 –

April 1) Plastic - \$12.75

per foot

Steel - \$19.50 per foot

All extensions greater than 200 feet – cost to be determined at time of project.

Any pipe size larger than four (4) inches – cost to be determined at time of project.

Mains: non-frost rate

Plastic, two (2) inch - \$8.00 per foot

Plastic, four (4) inch - \$11.00 per foot

Steel (any size) – cost to be determined at time of project.

All extensions greater than 200 feet – cost to be determined at time of project.

Any pipe size larger than four (4) inches – cost to be determined at time of project.

Mains: frost rate (Nov. 15 – April 1)

Plastic, two (2) inch - \$12.00 per foot

Plastic, four (4) inch - \$16.50 per foot

Steel (any size) – cost to be determined at time of project.

All extensions greater than 200 feet – cost to be determined at time of project.

Any pipe size larger than four (4) inches – cost to be determined at time of project.

Road bore (if needed).....\$15.00 per foot

Electric: _____ (# of feet) x _____ (cost/foot) = _____

Gas: _____ (# of feet) x _____ (cost/foot) = _____

Road bore: _____ (# of feet) x _____ (cost/foot) = _____

Grand total = _____

Rock Energy Cooperative

Gas Disclosure Statement (IL only)

Important Notice: This Disclosure Statement must be signed, dated and returned to Rock Energy Cooperative prior to the natural gas service being turned on at the address below.

Property Owner: _____ Phone Number: _____ - _____ - _____

Address of Gas Meter: _____

The above owner is requesting REC turn on the natural gas service at the above address. The following are the terms and conditions associated with turning the service on. **After the meter is set, the member is responsible to complete the following prior to sending in the Disclosure Statement:**

- Piping completed from the meter to their appliances
- Pressure test
- External piping painted to protect from corrosion
- Pipe passing through wall wrapped without seams or folds
- Comply to all plumbing codes
- Member underground piping must be preapproved by REC

REC will make one (1) trip, without charge, to turn on the above natural gas service (this provision does not include non-payment issues). Any subsequent trips to the above location, beyond the initial service call, will be subject to fees and charges.

Should the above natural gas service fail to pass an REC inspection, which will include a gas creep test, REC is required to issue a Caution Card. In addition, REC may require the above owner to furnish a completed and signed Piping Statement and/or approval from the County Plumbing Inspector.

The owner is responsible for any and all costs that result beyond the member's shut-off.

The owner is responsible for removing the member's shut-off seal and for all relights at the above address.

By signing below, I understand that I am requesting Rock Energy Cooperative turn on the natural gas service at the above address. I understand that Rock Energy Cooperative is not responsible for any and all claims arising from turning on the natural gas service. I agree to the above terms and conditions. I further understand that should I fail to pay any charges to Rock Energy Cooperative, the natural gas service is subject to immediate disconnection.
