

# Natus Newborn Care Catalog

**Natus Medical Incorporated** is a global company founded in 1987 to develop, manufacture, and market products used by clinicians for the detection, monitoring, treatment, and tracking of common medical disorders that may occur during the time from conception to a baby's first birthday. This period is critical to every child's development. By allowing for early detection and treatment, we believe our products can improve clinical outcomes, help reduce costs, and minimize the duration of treatment, unnecessary retesting, or hospital readmission. We design our products to deliver accurate results in a rapid and reliable manner. In addition, our products address guidelines for standard medical practices as adopted by various medical industry associations such as the American Academy of Pediatrics ("AAP") and the Joint Committee on Infant Hearing ("JCIH").

**Natus' Newborn Care products are designed for use by clinicians as they provide care to newborns in the critical minutes and hours after delivery and prior to discharge from the hospital.**

In addition to high quality products that address the critical areas of assessment and treatment of newborns, Natus is committed to providing unparalleled education and support to our customers. Natus provides a combination of online and printed educational materials and training, including inservice guides, competency tests, parent education materials, sample protocols and quick reference guides. Natus' education calendar includes a wide array of e-seminars covering many of our key products and clinical areas. In addition to our online and printed materials, our full-time clinical consultants and 24/7 technical service department provide quick and responsive answers to our customers needs to minimize product downtime and provide ongoing education and support.

We thank you for being a Natus customer and we commit to providing you with the products and service you need to provide optimal care to your patients.

Sincerely,

**Natus Medical Incorporated**

## ALGO® AABR® Technology is the Gold Standard in Newborn Hearing Screening

### VALIDATED IN CONTROLLED, RANDOMIZED, MULTI-CENTER CLINICAL STUDIES

- ▶ Over 14 peer-reviewed, published articles to support the ALGO screener's superior accuracy and reliability<sup>1</sup>
  - ◆ Highest clinically proven sensitivity (>99%)<sup>1</sup>
    - minimizing false pass results
  - ◆ Highest clinically proven specificity (>96 %) <sup>1</sup>
    - minimizing false refer results
- ▶ Published clinical data on over 250,000 newborns, demonstrating ALGO AABR performance<sup>1</sup>

### NATUS: SETTING THE INDUSTRY STANDARD

- ▶ Natus is the premier company to help establish and maintain quality newborn hearing screening programs
  - ◆ Over 20 years of experience in developing devices designed specifically for newborn hearing screening
  - ◆ More than 40 million babies screened worldwide with a Natus screener

### UNMATCHED CUSTOMER SUPPORT

- ▶ With a Natus system, you get the best in newborn hearing screening technology, plus the best in program support
- ▶ On-site training to use the Natus screener and supplies
- ▶ Ongoing consultation on implementing and maintaining a quality newborn hearing screening program
- ▶ Extensively trained technical staff
- ▶ Educational materials
  - ◆ Program implementation handbooks get you up and running quickly
  - ◆ Continuous Quality Improvement tools help you maintain an exemplary program
  - ◆ Parent education materials encourage maximum awareness and involvement

<sup>1</sup>Natus Newborn Hearing Screening Bibliography, P/N 050319

The ALGO 5 device is a cutting edge panel PC-based hearing screener incorporating proprietary AABR® technology.

**Part # 010130**

Includes all the equipment and support materials needed for a successful screening program:

- Device-based Data Management
- Updated Ergonomic Cart
- User-friendly graphical interface
- Printer for self-adhesive patient labels
- 2 Patient cable assembly 5 (PCA 5) cables
- Pre-amplifier 5 (PreAmp 5) cable
- Acoustic transducer assembly 5 (ATA 5) cable
- ALGO Equipment Check Kit
- Starter Kit of Supplies
- User Manual
- Clinical Education support materials

**Optional & Replacement Parts for ALGO 5 Newborn Hearing Screener**

Part #	Item	Part #	Item
040947	Barcode Scanner	000699	Acoustic Transducer Assembly 5 (ATA 5) Cable
040948	LAN Isolator	000696	Patient Cable Assembly 5 (PCA 5)
000954	Label Printer	000698	Pre-amplifier 5 Cable (PreAmp 5)
040951	Optional Page Printer, Laser	040527	ALGO Equipment Check Kit

**ALGO Hearing Screening Supplies**

ALGO hearing screening supplies are designed with a gentle adhesive for neonatal skin and are clinically validated to achieve optimal results with ALGO hearing screeners.

**ALGO Pak - Box**

**Part # 040546**

Flexicoupler® earphones (36 pairs)  
 Jelly Tab® Sensors (120 sensors)  
 Box dimensions: 7-1/4" x 8-1/4" x 12-3/4"

**Valu-Pak - Box**

**Part # 040670**

Valu-Pak earphones (300 pairs)  
 Jelly Tab® Sensors (960 sensors)  
 Box dimensions: 19-1/2" x 16-3/4" x 15-1/2"

**Part # Item**

- 040587 Jelly Tab® Sensors - 40 triplets (120 sensors)
- 102566N NuPrep® Prepping Gel - Three (3) 4 oz. tubes

NuPrep® is a registered trademark of D.O. Weaver and Co.

**ALGO Educational Products**

Part #	Item
040742	User Manual/Informational Resources (CD), ALGO 3i
040569	Newborn Hearing Screening Program (CD)
040623	Newborn Hearing Screening Continuous Quality Improvement (CD)
000737	User Manual, ALGO 5
001004	User Manual (CD), ALGO 5

**ALGO Printing Supplies**

Part #	Item
900404	Printer Labels (SEIKO) - Roll (140 labels), ALGO 2/2e/2e Color/3/3i/5
040372	Report Form Stickers - Pack (25 stickers)
900031	Thermal Printer Paper - 8 rolls (560 screens), ALGO 1+/1e/Portable

The ALGO 3i device is a small, hand-held hearing screener incorporating proprietary AABR® technology.

#### ALGO 3i Screener, Short Cables, Desktop Printer (SEIKO), 115V

##### Part # 010072

- PreAmp 3i Cable, short length (32 inches)
- ATA 3i Cable, short length (32 inches)
- Desktop Printer, SEIKO, 115V

#### ALGO 3i Screener, Long Cables, Desktop Printer (SEIKO), 115V

##### Part # 010073

- PCA 3/PreAmp 3 Cables, long length (90 inches)
- ATA 3 Cable, long length (90 inches)
- Desktop Printer, SEIKO, 115V

#### Both configurations above include:

- ALGO 3i Screener
- Battery charger, Power Cord (US)
- User Manual/Informational Resources (CD)
- ALGO Equipment Check Kit
- Starter Kit of Supplies
- Carrying Case (backpack)
- Data Utility Software (Data export to PC)
- Infrared (IR) adapter for PC
- ALGO 3i Roll Stand Adapter

#### Optional & Replacement Parts for ALGO 3i Newborn Hearing Screener

Part #	Item
040715	Desktop Printer, SEIKO, 115V
040656	PreAmp 3i Cable, short length (32 inches)
040655	ATA 3i Cable, short length (32 inches)
040740	Patient Cable Assembly 3 (PCA 3)
030697	Pre-amplifier 3 Cable (PreAmp 3)
040520	ATA 3 cable, long length (90 inches)
040710	ALGO 3i Rollstand adapter
040527	ALGO Equipment Check Kit
900611	ALGO 3i Battery Charger w/o power cord
900610	ALGO 3i Li-Ion Battery
030672	ALGO 3i Carrying Case (Backpack)
900616	Power Supply (SEIKO) w/o power cord
030670	IR Adapter Cable (SEIKO)
900617	IR Adapter Cable (PC)
040769	Serial to USB connector
700090	Power Cord, US

#### Data Management for the ALGO 3i Newborn Hearing Screener

ADAM is a stand-alone data management system for tracking and reporting the results of newborn hearing screening tests. ADAM installs on virtually any workstation PC (it cannot be installed directly on an ALGO hearing screener). ADAM provides data management, single patient reports, multi-patient reports, statistical reports, and can also be used to generate letters. ADAM will export to OZ Systems<sup>SM</sup>, Hi\*Track and other third party systems\*.

##### Part # 040927

- Includes Installation CD and printed User Manual

\*OZ Systems is a service mark of OZ Systems. The Hi\*Track data and patient information management system is part of the NCHAM Early Hearing Detection and Intervention (EHDI) program - for more information, visit [www.hitrack.org](http://www.hitrack.org).

# echo-screen<sup>®</sup>

hearing screener

The Echo-Screen Plus device is a small, hand-held hearing screener combining proprietary TEOAE, DPOAE, and AABR<sup>®</sup> technologies.

## Echo-Screen Plus (17-Key) Sets

### TEOAE/DPOAE System Configurations

Part #	Item
010109-T	Echo-Screen Hearing Screener TEOAE set
010109-D	Echo-Screen Hearing Screener DPOAE set
010109-TD	Echo-Screen Hearing Screener TEOAE & DPOAE set

#### Sets above include:

- Echo-Screen Screener
- Carrying Case
- Accessory Pack\*
- Ear Probe Cable
- Seiko Label Printer

#### \*Echo-Screen Accessory Pack includes:

- Probe seal DP with element NM
- Cleaning wire, qty 10/bag
- Silicone Ear Tip DP 4 mm, dark blue
- Silicone Ear Tip DP 4.5 mm, red-brown
- Silicone Ear Tip DP 5 mm, green
- Silicone Ear Tip DP 5.5 mm, transparent

### TEOAE/DPOAE/AABR System Configurations

Part #	Item
010109-TA	Echo-Screen Hearing Screener TEOAE & AABR set
010109-DA	Echo-Screen Hearing Screener DPOAE & AABR set
010109-TDA	Echo-Screen Hearing Screener TEOAE, DPOAE, & AABR set

#### Sets above include:

- Echo-Screen Screener
- Accessory Pack\*
- Y Probe Cable
- 1 set of Electrodes and Echo-Couplers
- Carrying Case
- Ear Probe Cable
- 1 ABR Cable
- Seiko Label Printer

### Echo-Screen Software\*

Part #	Item
900737	DPOAE software
900737	TEOAE software
900740	AABR software

\*Available as an add-on to any Echo-Screen Plus hearing screener.

- Silicone Ear Tip DP 6 mm, transparent
- Silicone Ear Tip DP 7 mm, white
- Silicone Ear Tip DP 8 mm, light blue
- Silicone Ear Tip DP 9 mm, iron red
- Silicone Ear Tip DP 10 mm, red brown
- Silicone Ear Tip DP mushroom
- Silicone Ear Tip DP tree
- Silicone Ear Tip DP 11 mm, silver
- Silicone Ear Tip DP 12 mm, ivory
- Flex Tip Size 13.7 mm
- Flex Tip Size 17.8 mm

# echo-screen<sup>®</sup>

hearing screener

The Echo-Screen Basic device is a small, hand-held hearing screener with proprietary TEOAE or DPOAE technologies.

## Echo-Screen Basic (5-Key) Sets

### TEOAE/DPOAE System Configurations

Part #	Item
010128	Echo-Screen TS set (TEOAE)
010129	Echo-Screen DS set (DPOAE)

### TEOAE/DPOAE System Configurations include:

- ES Hardtop Carrying Case
- Ear Probe Cable
- Ear tip sample box
- Echo-Screen TS or DS Manual
- Probe Test Cavity

# echo-screen®

hearing screener

## Echo-Screen Hearing Screening Supplies

Ear tips, ranging in a variety of sizes, are available for conducting TEOAE, DPOAE, and AABR screenings with an Echo-Screen device, and are designed for patients of all ages.\*

Part #	Item	Part #	Item
3273	Foam Ear Tip, 7 mm	1919	Silicone Ear Tip, Gray, 11 mm
3276	Foam Ear Tip, 9.5 mm	1920	Silicone Ear Tip, Mustard, 12 mm
1361	Probe Tip, Blue	2042	PVC Foam Ear Tip, Yellow, 13.7 mm
1362	Probe Tip, Green	2043	PVC Foam Ear Tip, Yellow, 17.8 mm
1908	Silicone Ear Tip, Blue, 4 mm	1770	Silicone Acoustic Filter
1909	Silicone Ear Tip, Red-Brown, 4.5 mm	1040	Cleaning Tool
1910	Silicone Ear Tip, Green, 5 mm		
1911	Silicone Ear Tip, Transparent Blue, 5.5 mm		
1912	Silicone Ear Tip, Transparent, 6 mm		
1917	Silicone Ear Tip, Green, Mushroom		
1918	Silicone Ear Tip, Yellow, Tree		
1913	Silicone Ear Tip, White, 7 mm		
1914	Silicone Ear Tip, Blue, 8 mm		
1915	Silicone Ear Tip, Transparent Pink, 9 mm		
1916	Silicone Ear Tip, Red-Brown, 10 mm		

### \*Recommended Ear Tip Sized for Patients:

Newborns: 4 mm - 5.5 mm, Mushroom, Tree & Foam  
 Children: 6 mm -10 mm, 9 mm Foam  
 Adults: 9 mm - 12 mm, 13.7 mm, & 17.8 mm

# echo-screen®

hearing screener

## Replacement Parts & Printing Supplies for Echo-Screen Hearing Screeners

Part #	Item
1882	Ear Probe Cable (includes 4 blue probe tips)
1783	ABR Cable
1786	Y Probe Cable
3270	Carrying Case
030670	IR Dongle
1089	Spare Battery
1773	Test Cavity
1307	PC Data Transfer Cable
900757	User Manual, Echo-Screen (CD)
005634	Label Printer, Seiko, 115V
900404	Printer Labels (Seiko) - Roll (140 labels)

## Bio-logic® ABaer® hearing screening system

- Flexible, comprehensive data management software
- Data export available for 3rd party databases
- Statistical reports for quality assessment
- Customizable patient reports & letters
- Option for import of patient information from HIS
- Transport cart features large drawer, shelf & basket for storage
- Online video help files

The cart or laptop-based ABaer system is available in ABR, TEOAE & DPOAE configurations - providing flexibility in hearing screening & data management.

### ABaer Cart System Configurations

Part #	Item
AB1001	ABaer Cart, ABR, Label Printer
AB1002	ABaer Cart, ABR, "PC" Printer
AB1003	ABaer Cart, ABR, Label Printer, OAE probe
AB1004	ABaer Cart, ABR, "PC" Printer, OAE probe
AB1005	ABaer Cart, ABR, DPOAE, Label Printer
AB1006	ABaer Cart, ABR, DPOAE, "PC" Printer
AB1007	ABaer, ABR, TEOAE, Label Printer
AB1008	ABaer, ABR, TEOAE, "PC" Printer
AB1009	ABaer, ABR, DP & TEOAE, Label Printer
AB1010	ABaer, ABR, DP & TEOAE, "PC" Printer

### ABaer Laptop System Configurations

Part #	Item
001342	ABaer Laptop, ABR, Label Printer
001343	ABaer Laptop, ABR, "PC" Printer
001344	ABaer Laptop, ABR, Label Printer, OAE Probe
001345	ABaer Laptop, ABR, "PC" Printer, OAE Probe
001346	ABaer Laptop, DPOAE, Label Printer
001347	ABaer Laptop, ABR, DPOAE, "PC" Printer
001348	ABaer Laptop, ABR, TEOAE, Label Printer
001349	ABaer Laptop, ABR, TEOAE, "PC" Printer
001350	ABaer Laptop, ABR, DP & TEOAE, Label Printer
001351	ABaer Laptop, ABR, DP & TEOAE, "PC" Printer

### ABaer Hearing Screening Supplies

Part #	Item
206202	Halo Ear Muffin® with Tab Electrodes (20)
101661	Tab Electrodes (60)
101662	Tab Electrodes (300)
109087	Dry Prep (20)
109088	Dry Prep (100)
203201	Pediatric Foam Tip (pkg 20)
203202	Adult Foam Tip (pkg 20)
203208	TreeTip®* (pkg 20)
203218	TreeTip (pkg 100)
203209	Preemie TreeTip (pkg 20)
203219	Preemie TreeTip (pkg 100)
203333	6 mm Blue Pediatric Tip (pkg 20)
203353	6 mm Blue Pediatric Tip (pkg 100)
301633	Alligator clip electrode leads (3)
580-PRBNZL	OAE probe nozzles (5) for use with 580-PROAE3 probe
501881	Seiko printer labels-220/roll (1 roll)
501884	Seiko printer labels-220/roll (4 rolls)
102566N	NuPrep® Prepping Gel - Three (3) 4 oz. tubes
109084	Wet prep pads (100/box)
206920	Halo Ear Muffin tubes w/adapters (pair)

Choice of standard  
"PC" printer or  
label printer

### Replacement Parts for ABaer Hearing Screener

Part #	Item
580-PROAE3	OAE Style probe
541-ABRC10-008	ABaer patient cable (8 foot cable)
580-SINABR-008	ABaer insert earphones (8 foot cable)
541-USB001	USB cable (6 foot cable)
520-PS6VDC	ABaer power supply w/o power cord
541-CORD18	Power cord - 18 inches (US)
540-LINECD-012	Power cord - 12 inches (US)
001308	Seiko printer (does not include interface cables)
520-SEK120	Seiko printer power supply (US)
520-SWBXFS	6-outlet isolation transformer
541-CORD12	Power cord for isolation transformer (12 foot cable)
541-TSTCBL	System loop test cable
590-ABUM01	ABaer User and Service Manual

# NEOMETRICS™

*proven integration / rapid intervention*

## Data Management Solutions for Newborn Care

Neometrics case management and reporting tools tightly integrate results for metabolic screening, hearing screening, & environmental testing - facilitating rapid follow-up and intervention.

**ORACLE** PARTNER

**CITRIX**®

Technology Partner

Neometrics systems have been the premier choice of laboratory and case management groups for over 25 years - establishing the largest customer base for newborn screening data management in the United States.

Learn more about Neometrics data management solutions for newborn care at [www.natus.com](http://www.natus.com).

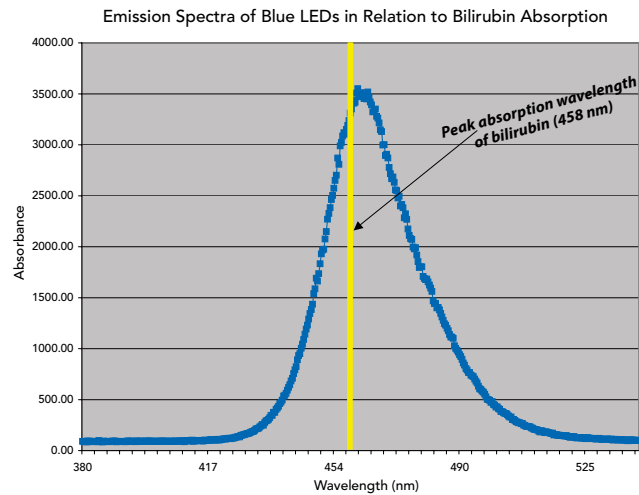

## neoBLUE® Phototherapy Systems Utilize State-of-the-Art Light Emitting Diodes (LEDs)

### MOST EFFECTIVE DEGRADATION OF BILIRUBIN<sup>1</sup>

- ▶ All neoBLUE LED Phototherapy systems meet AAP Guidelines for intensive phototherapy<sup>2</sup>

Blue LEDs emit most of their light in the 450-470 nm spectrum.

This range corresponds to the peak absorption wavelength (458 nm) at which bilirubin is broken down.

### INTENSIVE PHOTOTHERAPY

- ▶ All neoBLUE devices deliver intensive phototherapy: > 30  $\mu\text{W}/\text{cm}^2/\text{nm}$

### MAXIMUM SURFACE AREA

- ▶ Arrangement of LEDs and neoBLUE design allows optimal coverage of light over baby

### SAFE LIGHT SPECTRUM

- ▶ neoBLUE LEDs do not emit light in the ultraviolet (UV) range
  - reducing the potential risk of skin damage
- ▶ neoBLUE LEDs do not emit light in the infrared radiation (IR) range
  - reducing the potential risk of fluid loss

### MULTIPLE CONFIGURATIONS

- ▶ neoBLUE LED Phototherapy
- ▶ neoBLUE mini LED Phototherapy
- ▶ neoBLUE cozy LED Phototherapy
- ▶ neoBLUE blanket LED Phototherapy

<sup>1</sup>Vreman HJ, et al. Light-emitting diodes: a novel light source for phototherapy. *Pediatric Research*. 1998; 44(5):804-809.

<sup>2</sup>Subcommittee on Hyperbilirubinemia. American Academy of Pediatrics clinical practice guideline: Management of hyperbilirubinemia in the newborn infant 35 or more weeks of gestation. *Pediatrics*. 2004; 114(1):297-316.

The Natus family of neoBLUE devices incorporates a special blue LED light source for the treatment of newborn jaundice. All neoBLUE devices deliver intensive phototherapy, as defined by the American Academy of Pediatrics.

## neoBLUE® LED Phototherapy

The neoBLUE device is designed with a versatile light enclosure and roll stand and is ideal for use with incubators, radiant warmers & bassinets.

**Part # 010066**

Includes:

- Adjustable Light Enclosure
- Roll Stand
- Accessory Pack
- User Manual & Service Manual CD

**neoBLUE® LED Phototherapy — Items & Accessories**

Part #	Item
001241	Light Drape
001840	LED Light Panel for neoBLUE device with diffuser
001841	LED Light Panel for neoBLUE device with clear lens
001376	neoBLUE Light Enclosure, with Accessory Pack
030704	Roll Stand for neoBLUE Light
001237	User Manual, neoBLUE LED Phototherapy (CD)
051701	Hospital Inservice Training (CD)

## neoBLUE® cozy LED Phototherapy

The neoBLUE cozy device is positioned underneath the baby to deliver phototherapy. The device fits easily within patient care enclosures such as cribs, bassinets, and radiant warmers and is ideal for use in the hospital nursery and mother's room, as well as the home.

**Part # 010121**

Includes:

- neoPAD™ Mattress (box of 2)
- Disposable Mattress Covers (Box of 50)
- User Manual & Service Manual CD

**neoBLUE® cozy LED Phototherapy — Items & Accessories**

Part #	Item
040874	neoPAD Mattress (box of 2)
030760	Disposable Mattress Cover (box of 50)
030783	Carrying/Storage case
040912	LED Light Panel with timer, neoBLUE cozy
040920	User Manual/Service Manual, neoBLUE cozy LED Phototherapy (CD)
051862	Hospital Inservice Training (CD)

## neoBLUE® blanket LED Phototherapy

The neoBLUE blanket device is positioned underneath the baby to deliver phototherapy via a blue LED light source and fiberoptic blanket with a soft and flexible design. The blanket/pad fits easily within patient care enclosures, such as cribs, bassinets, radiant warmers, and incubators, while also allowing baby to be held during phototherapy treatment.

- Part # 006244** neoBLUE blanket, Large  
**Part # 006895** neoBLUE blanket, Small

Includes:

- Mattress
- Disposable Mattress Covers (bag of 10)
- User Manual & Service Manual CD

### neoBLUE® blanket LED Phototherapy — Items & Accessories

Part #	Item
006245	Large Pad Kit, neoBLUE blanket
006898	Small Pad Kit, neoBLUE blanket
007281	Mattress, Large (box of 2)
007283	Mattress, Small (box of 2)
005989	Disposable Covers, Large (box of 50)
006897	Disposable Covers, Small (box of 50)
006914	Pole-Mounting Hardware
007293	Carrying Case
008424	neoBLUE blanket Swaddle, Newborn (fits Large neoBLUE blanket)
008425	neoBLUE blanket Swaddle, Premie (fits Small neoBLUE blanket)

Mattresses & Disposable Covers

neoBLUE blanket Swaddles

## neoBLUE® mini LED Phototherapy

Small & compact in size, the neoBLUE mini device includes an adjustable arm with a pole mount for easy attachment onto radiant warmers. It can also be used with incubators & open bassinets.

**Part # 010101**

### neoBLUE® mini LED Phototherapy — Items & Accessories

Part #	Item
001839	LED Light Panel, neoBLUE mini
040820	User Manual/Service Manual, neoBLUE mini LED Phototherapy (CD)
051702	Hospital Inservice Training (CD)

# neoBLUE<sup>®</sup> radiometer

LED Phototherapy

The neoBLUE radiometer measures spectral irradiance of light in the blue spectrum. It is battery operated, includes hold/run functions, and is intended to be used only with the neoBLUE LED Phototherapy product line.

**Part # 53870**

Includes:

- neoBLUE Radiometer Readout & Sensor

# biliband<sup>natus</sup>

eye protector

Biliband eye protectors are designed to block light to a baby's eyes during phototherapy. Their unique Y-shaped design allows them to remain securely in place.

Biliband Eye Protector — available in 3 sizes:

Size	Head Circumference	Part Number	Packaging
Micro	20 - 28 cm	900644	20 units/pk
Premature	24 - 33 cm	900643	20 units/pk
Regular	30 - 38 cm	900642	20 units/pk

# OLYMPIC BILI-METER™

The Model 22 Bili-Meter is available with either or both of two sensors for measuring fluorescent & halogen phototherapy lights and fiberoptic phototherapy pads.

Part #	Item
53822	Bili-Meter Model 22 — Complete with digital readout unit, batteries and Type B-22 Sensor for overhead phototherapy lights, including fluorescent & halogen.
53825	Bili-Meter Model 22 — Complete with digital readout unit, batteries and Type F-22 Sensor for use with fiberoptic pads only.
53860	Type B-22 Sensor only (for overhead phototherapy lights)
53865	Type F-22 Sensor only (for fiberoptic phototherapy pads)

# OLYMPIC PHOTOTHERAPY

REPLACEMENT BULBS & PARTS

Part #	Item
51418	Olympic Blue - Type OB (12-pack) for Bili-Lite™ Model 33/34 & Bili-Bassinets™
51408	Halogen Bulb for Bili-Lite Model 77/78
51496	Fiberoptic Pad only (10 in. x 5 in.) for Bili-Lite Pad™
51417	Replacement Halogen Bulb for Bili-Lite Pad
51499	Disposable Covers for Bili-Lite Pad™ light pads (box of 100)
58106	Disposable Mattress Covers, one-piece mattress (box of 48) for Bili-Bassinets
58105	Disposable Mattress Covers, mattress w/separate bolster (box of 48) for Bili-Bassinets

## Natus NatalCare LX — Advanced Incubator for Neonatal Intensive Care

The Natus NatalCare LX Infant Incubator provides an optimal thermal and developmental microenvironment for babies. Combining ease of use and accessibility for clinicians and families with economic value, the Natus NatalCare LX Infant Incubator meets the demands for different levels of acuity and the needs of various hospital departments.

The Natus NatalCare LX Infant Incubator can be used as a standard incubator or built-to-order with advanced options to meet the clinical and developmental needs of sick babies.

### RELIABLE THERMAL PERFORMANCE

- ▶ Double-wall acrylic canopy and doors minimize the radiant heat loss of the infant.
- ▶ Comfort Zone settings provide a range of recommended air temperatures based on the baby's birth age and weight.

### CONVENIENT PATIENT ACCESS & EASE OF USE

Ergonomic design provides the visibility and accessibility required for critical conditions, in addition to improving access to the baby during routine procedures.

- ▶ Large pull-out mattress tray, four access doors foldable 180°, 5 hand ports, and 8 IV ports offer quick and convenient access to the baby during procedures and therapies.
- ▶ Electronic tilt with automatic centering mechanism  $\pm 15^\circ$ , operating from the command module reduces the need to disturb the baby. Automatic centering feature returns the mattress to a flat position to help reduce errors during weighing, minimizing the need to re-weigh the baby.
- ▶ Easily positioned panel with large, easy to read LCD display provides optimal visibility of key parameters to the caregiver.

### EASY & EFFICIENT MAINTENANCE

The Natus NatalCare LX Infant Incubator is designed not only for ease of use but also for efficient cleaning. The incubator's smooth design and simple construction with only a few removable parts that are easy to disassemble and clean, minimizes equipment turnaround time.

# NatalCare LX infant incubator

The Natus NatalCare LX Infant Incubator provides an optimal thermal and developmental microenvironment for babies.

## All Natus NatalCare LX Incubators include the following:

- Mobile command module with LCD screen
- 2 skin temperature probes
- Trend graphs & comfort zone
- Electronic tilt with auto-centering
- Double-walled dome
- 4 access doors (2 double-walled) foldable 180°
- 5 oval ports

Part #	Item
KITNC-STLX0001	Natus NatalCare LX 120V
KITNC-STLX0003	Natus NatalCare LX with LIFT 120V — includes adjustable height lift option
KITNC-STLX0005	Natus NatalCare LX 120V NCA103 — includes servo-controlled humidity module
KITNC-STLX0007	Natus NatalCare LX LIFT 120V NCA103 — includes adjustable height lift option and servo-controlled humidity module

## Optional Modules

Part #	Item
NCA-101B	Pulse oximetry module with plethysmographic waveform and alarms
NCA-102C	Oxygen servo-control module
NCA-103B/1	Humidity servo-control module 120V
NCA-105E	Electronic weighing scale module

## Accessories

Part #	Item
NCA-106C	Drawer
NCA-107	IV pole
NCA-108	Shelf
NCA-109	Right lateral door with iris port
NCA-109/1	Left lateral door with iris port
NCA-110	Antistatic wheels (4 with brake)
NCA-112	Short pole for accessories
NCA-113	Gel mattress
NCA-121	Type E oxygen cylinder holder
NCA-126	Flexible holder for ventilator tubing
NCA-127	Water discharge tank set for NCA-103
NCA-128	Reusable water tank for NCA-103
NCA-131	Column for accessories
NCA-132/1	Universal auxiliary outlet 120V
SMC-NC01	Resuscitation system

## Supplies/Consumables

Part #	Item
DIR-06	Iris port sleeve (100/pk)
DIR-10	Skin temperature probe (reusable)
DIR-30	Disposable skin temperature probes (12/pk)
DIR-34	Skin probe protectors (120/pk)
DIR-36	Hand port sleeves (100/pk)
R18130	Servo humidity hose assembly
R18130/10	Servo humidity hose assemblies (10/pk)
TR-69	Air filter (4/pk)

# OLYMPIC WARM-LAMPS™

Olympic Warm-Lamps provide safe, gentle warmth for babies during changing, bathing, feeding, weighing, examinations & procedures. Available in radiant or infrared heat options.

Part #	Item
56831	Warm-Lamp Model 31 - Radiant Heat with Light Roll-around floorstand model. Adjustable height.
56841	Warm-Lamp Model 41 - Infrared Heat without Light Roll-around floorstand model. Adjustable height.
56845	Warm-Lamp Model 45 - Infrared Heat with Exam Light Roll-around floorstand model. Adjustable height.

## Olympic Brainz Monitor

Continuous Bedside Cerebral Function Monitoring provides actionable information when you need it most...

The Olympic Brainz Monitor is the latest technology in cerebral function monitoring (CFM), allowing you to begin monitoring in 3 easy steps: Plug in unit, apply electrodes and start recording.

### Part # OBM70001

Olympic Brainz Monitor Kit NA Includes:

- Monitor
- Roll stand
- Starter kit
- Power cord
- Data acquisition box (DAB)
- Hard copy manuals

OBM00042

OBM00046

### Olympic Brainz Monitor Accessories & Disposables

#### Part # Item

- OBM00042 Neonatal Hydrogel Sensors - 12 sets (box of 60 electrodes) in a re-sealable pouch, lead wire 40" in length, colors: 5 white sensors per set.
- OBM00046 Low impedance Needle Electrodes - 6 sets (box of 24 needles) 29G, 12mm with blue protectrode™ cap, disposable and sterile needles, Lead wire 40" in length, colors: 2 x black, 2 x violet per set.
- OBM00043 Wrap Hats (pack of 10 w/ dots)
- OBM00044 Skin Markers (box of 10)
- 102566N NuPrep® Skin Prep Gel, Three (3) 4 oz. Tubes
- OBM00047 Positioning Strips - Term and Pre-Term, pack of 20 (10 of each)

### From our customers...

*"Our daughter, Ellie, was born not breathing for 14 minutes...we were told she'd most likely die within the night. She was transferred (University of Michigan Mott Hospital) to undergo cooling therapy using your product (Olympic Cool-Cap® System). Today she is a happy and completely healthy 2.5 year old, with no developmental delays. We cannot express our gratitude enough."*

*- Jenny & Chris Y., The Woodlands, TX*

# OLYMPIC COOL-CAP<sup>®</sup> SYSTEM

For Selective Head Cooling —the only FDA-approved treatment for HIE

The only FDA approved device for the treatment of hypoxic-ischemic encephalopathy (HIE) in term infants, the Olympic Cool-Cap System is a unique and complete system utilizing a special cooling cap to provide selective brain cooling while maintaining core temperature at safe levels through the use of a radiant warmer.

## Part # 60010

Includes:

- Control unit
- Cooling unit
- Heat shield
- Accessory cases:
  - Accessory case A — Disposable items
  - Accessory case B — Reusable items

Cool-Cap<sup>®</sup> is a registered trademark of Tiara Medical Systems, Inc.

## Olympic Cool-Cap System Disposable Supplies

Part #	Item
60020	Cooling cap set, small size Fits most infants with head circumference < 32 cm & weight < 2.5 kg.
60021	Cooling cap set, medium size Fits most infants with head circumference 32-37 cm & weight 2.5-4.0 kg.
60022	Cooling cap set, large size Fits most infants with head circumference > 37 cm & weight > 4.0 kg.
60040	Temperature sensor set Includes one rectal sensor, two skin/scalp sensors & 12 single-adhesive Tempheart <sup>®</sup> shields for scalp & skin sensors
60046	Temperature sensor set (rectal only) Three rectal sensors
60060	Temperature sensor adapter (not shown) Allows reusable YSI 400 & equivalent temperature sensors to be used with the temperature sensor module.

All cooling cap sets include insulating cap, water cap retainer & water cap

Temperature sensor set

# OLYMPIC SMART SCALES

Olympic Smart Scales are precision scales for weighing babies — quickly, accurately & safely. All are available as table-top or with a cart, are easy to use and clean, and come complete with rechargeable batteries & AC power adapter.

Part #	Item
56370	<b>Smart Scale® Model 70</b> — neonatal scale designed to weigh infants up to 15 kg (30 lbs). Equipped with movement compensation technology which compensates for weighing active babies. Includes Easy-Lift tray that is fully enclosed on all four sides for safety.
008635	<b>Smart Scale® Cart</b> — securely mount Smart Scale Model 70 onto this cart accessory and create a mobile solution that protects both patient and scale. Designed with sturdy metal construction, whisper quiet locking casters and built-in handles for easy transport and positioning. Features plenty of storage for supplies, and surfaces that are easy to clean.
	<b>NOTE:</b> Smart Scale Model 70 and Smart Scale Cart are sold separately.
56348	Calibration Weight 5000 gm — for calibrating Smart Scale Model 70
008541	SS70 Tray — Replacement Easy-Lift tray for Smart Scale Model 70 only

Smart Scale® Model 70

Smart Scale®  
Cart

Part #	Item
56360	<b>Smart Scale® Model 60 (Table-top)</b> — neonatal scale designed to weigh infants up to 15,000 grams (33 lbs). Automatic weight averaging with light and sound indicators, for weighing active babies. Includes Easy-Lift tray that is fully enclosed on all four sides for safety.
56365	<b>Smart Scale® Model 65 (Roll-around)</b> — Smart Scale Model 60 and Roll-around cart to provide a securely mounted scale/cart combination. Patient and scale are protected.
56323	<b>Warm Scale™ Model 23 (Table-top)</b> — neonatal scale with warming feature, designed to weigh infants up to 15,000 grams (33 lbs). Warm air enters bottom of tray to protect infants from heat loss. Automatic weight averaging with light and sound indicators, for weighing active babies. Includes tray that is fully enclosed on all four sides for safety.
56328	<b>Warm Scale™ Model 28 (Roll-around)</b> — Warm Scale Model 23 and Roll-around cart to provide a securely mounted scale/cart combination. Patient and scale are protected.
56315	Calibration Weight 7500 gm - for calibrating Smart Scale Models 60/65 and 23/28
56306	SS60 Tray - Replacement Easy-Lift tray for Smart Scale Model 60/65 only
56313	Warm Scale Tray - Replacement tray for Warm Scale Model 23/28 only
56319	Roll-Around Base for Smart Scale Model 60
56318	Roll-Around Base for Smart Scale Model 23

50520	Replacement Arm Straps, Set of 4 (for Small Size)
50526	Replacement Head Strap (for Small Size)
381112-01	Replacement Strap for Head Immobilizers

Head Immobilizer

Small Papoose Board

## NeatNick™ Sweeping Action Heel Lancet

### Makes a Neater Nick, Less Painful & Costs Less, Too

NeatNick is a less painful lancet that offers great blood flow and helps reduce recollection rates.

- Faster blade speed means less pain for babies
- Smooth firing - does not "jump"
- Clean-edged incision
- Controlled depth comparable to other brands
- Full-Term size (Mango Orange) for babies weighing more than 1,800-2,000 grams (4-5lbs)
- Preemie size (Lime Green) for babies weighing less than 1,800-2,000 grams (4-5lbs)

Part #	Item
1030083	Preemie Size - Lime Green Heel Lancets, Box of 100
1030085	Full-Term Size - Mango Orange Heel Lancets, Box of 100

Sterile blade, single-use disposable sharp. Latex-free.

## SugarPlum™ Glucose Lancet

### When You Only Need a Drop of Blood

SugarPlum is the same lancet style used for adult glucose tests - but sized for babies. Avoid unnecessary incisions in your babies' heels - when just a drop of blood is needed, use SugarPlum glucose lancets.

Part #	Item
<b>For Micropreemies to Full-Term Babies</b>	
1040043	Un-bagged, 1.0mm - 26G depth (yellow), Box of 100
<b>For Full-Term Babies and Adults</b>	
1040041	Un-bagged, 1.8mm - 23G depth (gray), Box of 100

Sterile, single-use disposable "sharp" used to puncture an infant's heel for collecting a blood sample. latex-free.

1.0 mm yellow for micropreemies to full-term babies. (g26)

1.8 mm gray for full-term babies and adults. (g23)

## TootSweet™ 24% Sucrose Solution

### Economical & Convenient...In Twist-Tip™ Vials or Cups

TootSweet helps calm and soothe babies in distress and during painful procedures, while protecting against bacterial contamination.

Part #	Item
1040021	1 oz cups with 12 ml, Box of 40
1040022	1 oz cups with 12 ml (6 boxes of 40), Case of 240
1040029-100	Twist-Tip vials - 0.5 ml each, Box of 100
10400212-100	Twist-Tip Vials - 0.5 ml indiv. bagged, Box of 100
1040027-100	Twist-Tip vials - 1 ml each, Box of 100
10400213-100	Twist-Tip vials - 1 ml indiv. bagged, Box of 100
1040028-100	Twist-Tip vials - 2 ml each, Box of 100
10400214-100	Twist-Tip vials - 2 ml indiv. bagged, Box of 100

TootSweet is tested in accordance with USP preservative effectiveness test (27 NF 22 2004). Latex-Free.

Twist-tip vials - convenient for single doses - less waste - purple vials to indicate oral use

The large TootSweet cup allows easy dipping of our gumdrop pacifier - eliminates overflow

### FINALLY! Sucrose in Convenient Twist-Tip™ Vials

Clinicians told us they wanted a convenient way to administer sucrose for heel sticks and other painful procedures. The Twist-Tip is perfect when you want a small amount of sucrose, you're pressed for time or when babies are in transport and a cup would be unstable and messy.

## GumDrop™ Pacifier

### A Pacifier That Fits Your Baby's Needs...Without Trimming

- Single-body construction - won't come apart
- Soft medical grade silicone covers entire surface
- Meets Consumer Product Safety Commission standards for pacifiers
- The lowest profile pacifier - accommodates all CPAP and nasal cannulas
- Approved for hospital and home use
- No need to cut-down or modify your pacifiers - cut-down pacifiers violate federal law
- Vanilla scent available - some babies and moms find it soothing

### Why GumDrop Stays In Babies' Mouths Longer

- Lighter weight than other silicone pacifiers
- Low profile and curved to fit baby's face
- Slightly textured nipple
- Nipple modeled after the most commonly used baby bottle nipple and pacifier shapes

### Pacifier Use Can Help Reduce Incidence Of SIDS

The American Academy of Pediatrics guidelines, published October 2011, recommend offering a pacifier at nap-time and bed-time throughout the first year of life<sup>1</sup>

Part #	Item
1040013	Preemie, Lime Green, Box of 100
1040011	Full-Term, Mango Orange, Box of 100
1040012	Full-Term, Mango Orange, Vanilla Scented, Box of 100
10400124	Full-Term, Pink, Box of 100
10400125	Full-Term, Blue, Box of 100

PRODUCT SPECIFICATIONS: Polycarbonate plastic inner guard over molded with medical grade silicone. Phthalate-free, latex-free and BPA-free. Each GumDrop pacifier is packaged clean and ready for use in its own plastic bag.

### It's Easy for Parents To Buy GumDrops

Parents can buy GumDrop pacifiers directly at 1.800.396.1550 or online at: [www.gumdroppacifier.com](http://www.gumdroppacifier.com).

<sup>1</sup>SIDS and Other Sleep-Related Infant Deaths: Expansion of Recommendations for a Safe Infant Sleeping Environment, TASK FORCE ON SUDDEN INFANT DEATH SYNDROME, *Pediatrics*; originally published online October 17, 2011;DOI: 10.1542/peds.2011-2284.

### From our customers...

*"Fantastic even for breastfed babies!*

*We got our first GumDrop (pacifier) in the hospital when Noah was born - it fits him better than the bigger pacifiers and he loves it. He has been breastfed since the beginning and has never had any nipple confusion ...they are great!"*

*- Brienne P., Shawnee, OK*

*"My daughter got this pacifier... in the NICU...Not only did it help her figure out nursing right away but it is an amazing soothing thing for her. I love it!"*

*Amy, Cedar Rapids, IA*

**MiniMuffs**  
NEONATAL NOISE ATTENUATORS

MiniMuffs neonatal noise attenuators are designed to protect the sensitive ears of premature babies. The fit comfortably around the baby's ears and help to reduce the disruptive noise levels associated with special patient care procedures & transport.

Part # 040341

Each box includes:

- 36 individually wrapped pairs of MiniMuffs Neonatal Noise Attenuators
- Instructions for Use

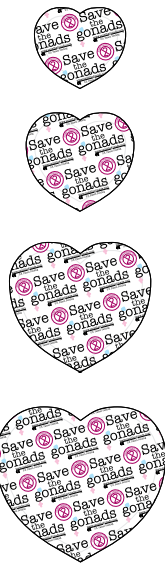

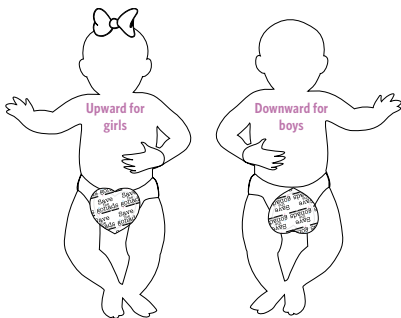

**Save the gonads**  
www.savethegonads.com  
U.S. Patent Pending

X-ray Shield

Save the Gonads shields are specifically designed to protect the reproductive organs of babies receiving x-rays. The shields are composed of a flexible 1 mm thick lead to protect babies' gonads from harmful radiation. Their unique heart shape allows proper placement on both boys & girls.

Part #	Item
900835	Nano-Premie, 25/pk
900772	Micro-Premie, 25/pk
900773	Premie, 25/pk
900774	Newborn, 10/pk
900845	Sample Pack, 10/pk

\*Sample Pack contains 3 Nano-Premature, 3 Micro-Premature, 3 Premature and 1 Newborn.

Biliband eye protectors are designed to block light to a baby's eyes during phototherapy. Their unique Y-shaped design allows them to remain securely in place.

Biliband Eye Protector — available in 3 sizes:

Size	Head Circumference	Part Number	Packaging
Micro	20 - 28 cm	900644	20 units/pk
Premature	24 - 33 cm	900643	20 units/pk
Regular	30 - 38 cm	900642	20 units/pk

### From our customers...

*"We liked the Biliband® (eye protector) better than the goggles our first preemie had to use! The goggles didn't stay on nearly as well as the Biliband."*  
 - Jason W., Greenwood, IN

## OraSwab™ Foam Tip Applicator

Give your babies oral care comfort with a gentle foam tip swab applicator

Foam tip applicator is soft, safe and absorbent for your oral care applicator needs

- Available in two convenient sizes: extra-small 6mm wide and small 9mm wide
- Intended use is general cleaning and removing bacteria with solution
- Cotton under the foam provides extra absorbency

Part #	Item
006481	Extra-Small 6mm wide and small 9mm wide OraSwabs, 1 pair per pouch, 200 pouches per box, 400 per box

#### PRODUCT SPECIFICATIONS:

Custom medical grade foam over cotton, non-sterile. OraSwabs are 20mm long and 155mm handle.

## SunFish™ Perforated Temp Probe Covers

The First 2-in-1 Size Temp Probe Covers to Fit Preemies & Full-Term Babies

No More Cutting Temp Probe Covers

- One cover fits full-term newborns and preemies
- Optional locking feature stops temp probes from slipping
- Helps keep temperature readings accurate and uninterrupted
- Lasts for days, even when used to reposition the probe
- Hydrogel firmly but gently adheres to babies' skin

Part #	Item
1030051	SunFish perforated temperature probe covers, 25 per Pouch, 10 Pouches per Box
1030052	SunFish perforated, temperature probe covers <u>with special locking feature</u> , 25 per Pouch, 10 Pouches per Box

Sunfish - unique perforated design means one size fits preemies and full-term babies

# Broaden Your Knowledge & Success at the Natus N.E.R.V.E. Center

At Natus, we know education shapes the practice of many medical device-driven programs, from screening to diagnosis. Opportunities to improve health care have expanded, and so have our educational offerings.

Whether it's a policy/procedure, self-paced learning tutorial, product quick guide, or service manual, visit the Natus Electronic Resource Venue for Education, the N.E.R.V.E. Center, to satisfy your 'impulse' for learning! Our mission is to provide clinicians and biomedical engineers with advanced support and training materials needed for successful product use.

## eSeminars

With the goal of delivering relevant education in a method that is easy and convenient, Natus offers monthly LIVE eSeminars focusing on cutting edge science and technology topics.

These interactive programs are provided by guest luminary medical speakers and in-house clinical subject matter experts, and are designed to contribute to your professional growth.

Can't attend the LIVE eSeminar? No need to worry. We've recorded the presentation for your 'ON DEMAND' viewing convenience. Watch and listen to a variety of archived eSeminars, at your pace, on your schedule!

Check out the Natus N.E.R.V.E. Center to register for LIVE online events or to view archived events.

## Resource Library

Whether you're looking for a sample policy and procedure, parent education, or a Quick Start Reference Guide, the Natus N.E.R.V.E. Center Resource Library provides numerous reference pieces to meet your educational or procedural needs.

Take advantage of these tools to train new staff, expand staff development, and/or complete annual staff competencies. All items are cross-referenced by clinical area and training format to make your search a "synapse"!

## Training Programs

Are you new to your field of practice? Or, just new to Natus technology? Browse our menu of learning paths where you'll find all of the relevant learning tools particular to your area of care. Participate in as many programs as you need, all at your own pace.

Natus is dedicated to providing education that enhances the technology solutions provided by our products. Broaden your knowledge by visiting the Natus N.E.R.V.E. Center at [www.natus.com/nervecenter](http://www.natus.com/nervecenter) and find the educational tools you need to succeed!
