## Say & Send

**How to Send a Say & Send Message**

1. Dial **#8767** on your SaskTel post-paid cellular phone.
2. The initial menu will provide you with the option to:
   - press **1** to review all of your messages, or
   - press **2** to send a message.

   **Note:** The first time you access the service there will be an extended greeting with slightly different prompts, but they will remain consistent after you begin using the service.
3. After recording the message:
   - Pay-per-use customers must enter the recipient's 10-digit phone number.
   - Subscription customers can press **1** to address their message to a phone number or press **2** to use your Say & Send address book.
4. Once the message has been addressed, you can simply hang-up and the message will be sent. If you stay on the line, you'll be provided with additional menu options.
   - press **1** to send the message,
   - press **2** to listen to your message,
   - press **3** to add recipients (up to 15 recipient per message),
   - press **#** to re-record the message or
   - press **\*** to cancel the message altogether.
5. After your message is sent, you can disconnect or return to the main menu to send a new message or review any messages that are waiting for you.

**How to Listen and Reply to a Say & Send Message**

1. You will receive a text message notification that there is a new message waiting for you. To access the message simply press the **Send** or **Talk** key on your phone or dial #8767.
2. You will hear a welcome message for the service then the Say& Send message will play. If you have multiple messages, they will play in order from the newest to the oldest. You can skip messages by pressing the **#** key.
3. After listening to the message, you'll have the option to:
   o **reply to the message** (press **1** and record/send the same way as creating a new message),
   o **forward the message** to another post-paid SaskTel customer (press **2**),
   o **delete the message** (press **3**),
   o **replay the message** (press **4**), or
   o **receive envelope information** for the message (press **5**).
4. After reviewing your messages, you can disconnect or you'll be taken back to the main menu for the service.
   **Note:** The Say & Send text message notification is always the same. It reads "You have a Say& Send message from **Sender's name** or **Sender's cell phone number**. To listen, press send or call #8767". If you do not delete each text message notification, the next time you receive a Say & Send text message notification, it will appear as a duplicate message. To prevent this from happening make sure you delete the notification messages.
