It's amazing what
fits into a Jazz Vibe

Safety

The Jazz Vibe is full of preventative and protective features for people inside the car and out. That's why it comes with a 5-star ANCAP safety rating – and you can't do better than that.

Value

Loaded with more of the features you love—automatic climate control and cruise control, for instance—the Vibe delivers amazing value.

Economical

Take a trip and your Jazz Vibe will sip a stingy 5.8 litres of fuel per 100km.* (Prepare yourself for a much more pleasingly plump purse or wallet.)

Versatility

With doors that open wide and unique Magic Seats that can flip and fold into 18 different combinations, the Jazz Vibe is ready for whatever the day – or shopping trip – may bring.

Field of vision

The Jazz Vibe's cabin is designed for crystal clear, all-round vision, so you get to experience the world in full widescreen, HD glory. So there's always plenty to see in the Jazz Vibe.

Space

Small on the outside but bafflingly big on the inside, the Jazz Vibe features clever storage galore. Which leaves loads more room for you and your lucky passengers.

Jazz Vibe-S shown in Azure Blue.

Smart things come in small packages

If ever there was needed proof that you don't have to be big to be clever, the Jazz Vibe is it. Building on the heritage of Honda's famous Jazz, the Vibe boasts design features that result in a car that's not only stunning to look at, but incredibly practical too.

On the outside, it's possessed of an aerodynamic body with a sporty mix of sharp lines. Open its door however, and the

compact exterior suddenly gives way to an unfeasibly roomy cabin. And putting the ingenious Magic Seats through their multi-angle, multi-configuration paces, creates enough space to accommodate even the busiest life.

Then there's the drive. Regardless of which powerful, efficient i-VTEC engine option you choose, you'll enjoy more than ample get-up-and-go.

Just as enjoyable is cornering, which is an exercise in grace and economy thanks to the Jazz Vibe's superb rear suspension and silky-smooth steering.

Safety is always a matter of fanatical focus at Honda, and the ultimate accolade has been conferred upon the Jazz Vibe—a 5-star ANCAP safety rating.

The Vibe could also confidently be rated among the leaders in its class for value, too, thanks to a list of features that includes cruise control and automatic climate control.

You could say, it's the small car that's big on smarts.

Jazz Vibe-S shown in Milano Red.

More clever than cute

The word “cute” doesn’t quite do justice to the Jazz Vibe’s exciting exterior. Its mesh grille, alloy wheels, LED brake lights and rear tailgate spoiler demand a new library of adjectives - “Sleek”, “sporty” and “dynamic” spring to mind.

And the superlatives continue to stack up as you move through the Vibe range with the Vibe-S, which includes stylish extras like front fog lights, side skirts, chrome exhaust and sporty front and rear bumpers.

But now it’s time to move on to an even bigger story: the Jazz Vibe’s cavernous cabin.

A little more personal space

The inside of your car is about as personal as an environment gets. With peace and comfort in mind, the interior is appointed with premium finishes, such as a leather-wrapped steering wheel and gear knob, metallic detailing and stylish fabric-trim seats.

Looks, however, are only a small part of the story. Once inside, a warm orange glow will immediately draw your eye to the Jazz Vibe's dash and its centralised Multi Information Display, which sits comfortably low and puts the most important information in your field of view.

And thanks to a cabin built for better all-round vision, there's plenty to see. A wide windscreen with slimline pillars and front quarter windows bathe the Jazz Vibe's cabin in light and offer a panoramic spread. Generous door mirrors and retractable rear headrests create a crystal clear rear view, too.

Glorious scenery demands a suitable soundtrack and you can enjoy your music any way you like, thanks to the Jazz Vibe's clever 4-speaker audio system with steering wheel-mounted controls, auxiliary jack, iPod® compatible USB connectivity, and Bluetooth® phone connectivity.* Why clever? Because its

volume reacts automatically to your speed, rising and falling in harmony with your engine's every rev.

Rounding out the refinement is a tilt and telescopic steering wheel and a height-adjustable driver's seat, so you'll always travel in perfect comfort.

*iPod is a trademark of Apple Inc. iPod is integrated through a vehicle's audio system display and controls for iPods from 5th Generation onwards and all iPod Nanos. Older iPod models will only operate through the audio system when controlled via the iPod device itself, and firmware updates (if available) may be required to achieve compatibility with the vehicle's audio system display and steering wheel mounted audio controls (where applicable). Please refer to your iPod User Guide for information on iPod firmware updates.
*The Bluetooth word mark is owned by the Bluetooth SIG, Inc. and use of such mark by Honda is under licence. Please check the list of compatible phones at honda.com.au/bluetooth

1.

A brilliantly intuitive cockpit

The Jazz Vibe's backlit dashboard is positioned low with super-legible speedometer, tachometer and fuel gauge. And the rest of the interior design works together seamlessly putting everything within your eyeline and at easy reach at all times. So all you need to concentrate on is enjoying the ride.

2.

Climate control

Simply set and forget the automatic climate control to keep the temperature (and tempers) pleasant at all times.

3.

Vanity mirrors

Both driver and passenger get their own vanity mirror to ensure they look every bit as good as the Vibe itself.

4.

Comfortable seats

When it comes to comfort, the Vibe is sure to earn your vote. Stylish and supportive seats are designed to cradle you during cornering. And the driver is especially spoilt with a height adjustable seat.

5.

Paddle shifters

The Jazz Vibe puts a little race-inspired fun into even the most routine trip with sporty paddle shifters. (Auto only.)

6.

Cruise control

Steering wheel-mounted cruise control puts a long, leisurely drive in your Jazz Vibe, quite literally, at your fingertips.

7.

Steering wheel-mounted audio controls

The Vibe puts audio controls within easy reach, so the perfect soundtrack is never far away.

1.

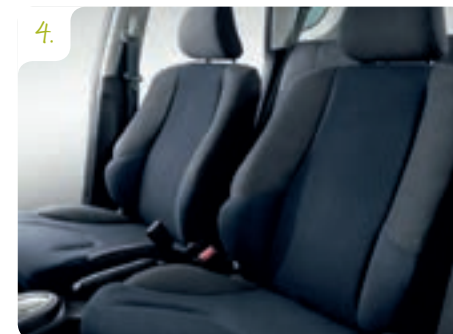

2.

3.

4.

5.

6.

7.

"For my next trick"

"I'll make this enormous pile of oddly-shaped bits and bobs disappear!"

That's the Jazz Vibe's Magic Seats talking and there's no sleight of hand involved.

Instead, some ingenious engineering means that with the simple pull of a lever, you can fold the Jazz Vibe's seats into 18 uniquely useful set-ups, creating almost any shape you can think of.

Fold the seats down into Utility Mode and you create a perfectly flat 1450mm floor that's roomy enough to accommodate two adult bikes with the front wheels still on.

For lengthier loads – be it a bulky bookcase or a bundle of bamboo – fully recline the front and 60/40 split rear seats and you have Long Mode (you also have 2.4m of space).

Finally there's Tall Mode, where the rear seat bases flip up like cinema seats to allow awkward things that won't lie down to stand up on the floor.

Of course, there'd be no point having all this room inside the Jazz Vibe if you couldn't fit things through the doors in the first place, a problem Honda's engineers foresaw and solved with a low floor and doors that open to an extremely accessible 80 degrees.

But enough talk of big things, because the Jazz Vibe is simply brimming with clever little touches, too. For example, ten beverage holders, a two-tiered glove compartment and even a hidden under-seat compartment to keep valuables safely out of sight.

So everything has its place in the Jazz Vibe, including you.

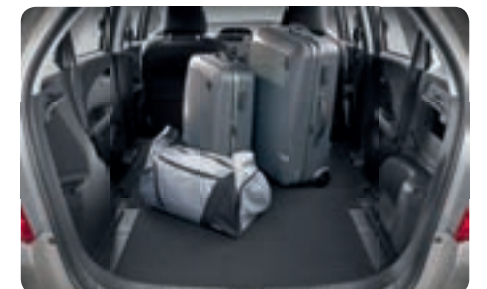

Tall Mode

Long Mode

Long Mode

Utility Mode

Under-seat storage compartment

The power of a paradox

How can less give you more and more cost you less?

It may sound like a Zen riddle, but it was just this question that prompted Honda's engineers to develop the paradoxically powerful and economical i-VTEC engine.

Without wanting to unleash a technical tirade, here's how it works: the i-VTEC engine features two separate cam profiles – one made for sportier performance, the other for optimum efficiency – and depending on requirements, it switches between the two. In short, it's like having two engines in one. The result is a surprising amount of oomph and even more surprising economy (and with this efficiency comes impressive emissions performance, too).

And while you won't have to choose between fun and frugality when you buy a Jazz Vibe, you will have to decide between a 1.3 litre i-VTEC engine in the Vibe, or a 1.5 litre version in the Vibe-S.

Jazz Vibe-S shown in Azure Blue.

Regardless of your decision, you'll soon notice the Jazz Vibe's awesome agility. By teaming low rear suspension, Electric Power-assisted Steering (EPS) and a rigid body with a low centre of gravity, the Jazz Vibe shows equal aplomb whether taming tight corners or even tighter parking spaces.

As for transmissions, there's a 5-speed manual in the Vibe and a 5-speed automatic with sporty paddle shifters in the

Vibe and Vibe-S. All automatic transmissions come with Honda's Grade Logic Control, a unique system that adjusts to inclines and declines instantly, eliminating gear hunting so you can enjoy a smoother ride.

But whichever option you decide upon, you can be sure you've found your perfect match in this particularly pleasing hatch.

Typical 'gear hunting' without Grade Logic Control

Optimised gear selection with Grade Logic Control

Shift patterns are examples only.

Superbly safe and sound

By now you're well and truly aware of how well the Jazz Vibe will look after all your bits and pieces, but now it's time to explore just how well it will look after you. And in that regard you can rest easy, because the Jazz Vibe has earned the coveted 5-star ANCAP safety rating. And here are a few of the reasons why:

Automatic tensioning seatbelts

If you're involved in a collision, the same sensors that deploy the Jazz Vibe's airbags automatically tension the front seatbelts to help hold you securely.

Side-impact door beams

The Jazz Vibe has strategically positioned high-tensile steel beams in each of its doors. Which means four more ways to help protect you and your passengers in a side-impact collision.

Vehicle Stability Assist (VSA)

The Jazz Vibe's VSA keeps you safely on track by watching out for oversteer and understeer, adjusting brake pressure and reducing engine power as needed. And it's standard on all Jazz Vibe models.

ABS with EBD

The Anti-lock Braking System (ABS) is arguably the most effective way to maintain steering control during hard braking. So naturally it comes as standard. As does Electronic Brake-force Distribution (EBD), a sensory system that monitors and calculates weight balance, and adjusts brake force accordingly.

Six airbags

Hop in the Jazz Vibe and you're surrounded by the safety of six airbags. Along with dual front airbags, there are side airbags with Honda's Occupant Position Detection System (OPDS) which helps prevent deployment if it senses a child or smaller person in the front passenger seat. And because safety is no time to take sides, the Jazz Vibe helps lessen the chance of head or neck injuries for passengers in a lateral collision with full length side curtain airbags, too.

Pedestrian Safety

Honda is always looking for ways to make pedestrians safer, and the Jazz Vibe does just that with features including windscreen wiper pivots which break away on impact, energy-absorbing front wing mounts and bonnet hinges, as well as extra space between the bonnet and the engine to give the bonnet room to deform and absorb impact.

ACE body structure

Part of Honda's unique G-Con body technology, the Jazz Vibe's Advanced Compatibility Engineering (ACE) body structure helps redirect the energy of an impact over and around the body frame and away from you and your passengers.

Jazz Vibe

The Jazz Vibe comes standard with:

POWERTRAIN

- 1.3 litre SOHC i-VTEC engine
- 73kW @ 6,000rpm and 127Nm @ 4,800rpm
- Drive By Wire (DBW) throttle system
- Electric Power-assisted Steering (EPS)

EXTERIOR

- 15-inch alloy wheels*
- Aero tailgate spoiler
- Halogen headlights and LED rear combination lights
- Mesh style grille (matte black finish)
- Electrically retractable door mirrors with integrated side indicator
- Remote keyless entry

SAFETY AND SECURITY

- 5-star ANCAP safety rating
- Advanced Compatibility Engineering (ACE) body structure
- Airbags SRS: dual front, side and full length curtain
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Honda G-Con Technology
- Immobiliser system
- Vehicle Stability Assist (VSA) with Traction Control

INTERIOR

- 10 cup holders
- AM/FM radio, CD player (MP3/WMA compatible) and 4 speakers
- Auxiliary jack and USB port (iPod* compatible)
- Climate controlled air conditioning
- Cloth seat trim
- Cruise control
- Hands-free Bluetooth® telephone connectivity*
- Leather-wrapped steering wheel and gear knob
- Magic Seats system (60/40 split fold down and tip up rear seats)
- Multi Information Display (MID)
- Power windows with auto-up/down driver's window
- Speed-sensitive Volume Compensation
- Steering wheel-mounted audio controls
- Tilt and telescopic adjustable steering wheel
- Vanity mirror (driver and front passenger)

Blue/Black seat trim

Jazz Vibe-S

Features over and above the Vibe:

- 1.5 litre SOHC i-VTEC engine
- 88kW @ 6,600rpm and 145Nm @ 4,800rpm
- 16-inch alloys wheels*
- Aero front and rear bumpers
- Aero side skirts
- Chrome exhaust
- Front fog lights
- Mesh style grille (gunmetal paint finish)
- Sports cloth seat trim

Dark blue/Grey seat trim

This time it's personal

OK, it's time to get creative, because there is a whole range of Genuine Honda Accessories available to mix and match to create your perfect Jazz Vibe. And being genuine, you can be sure they'll fit perfectly and perform flawlessly. To find out more, simply contact your local Dealer or visit honda.com.au/jazz

Modulo

Make your Jazz Vibe even more fabulous with the Modulo Sports Pack. Designed to complement and accentuate the Jazz Vibe's already sporty looks, you can choose the full kit or your own unique combination.

Modulo Sports Pack (as shown):

- Alloy wheels
 - 15" (Vibe)
 - 16" (Vibe-S)
- Sports grille
- Door styling guards

Jazz Vibe-S shown fitted with Modulo Sports Pack including 16" alloy wheels, sports grille and door styling guards.

Alloy wheels

15" for Vibe (left) and 16" for Vibe-S (right).

Fog light set

Vibe model only.

Door sill garnish set

Available in Illuminated Blue^o (left) and Non-Illuminated Metal-Style Finish (right).

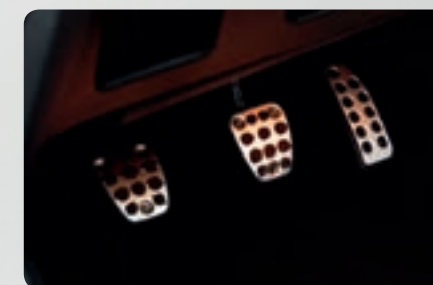

Carbon style accents

Door Grip Set (left), Meter Visor and Air Outlet Ring Garnish Set (right) and Audio Control Panel Garnish Set (bottom). All sold separately.

Sports pedal set

Accent lighting also shown. Sold separately.

See your Honda Dealer for advice regarding Genuine Honda Accessories. Pictured accessories are all sold separately. All Genuine Honda Accessories installed at the time of retail sale of a new motor vehicle are covered by Honda's 3 Year/100,000km Warranty. If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months – whichever is greater – provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co.

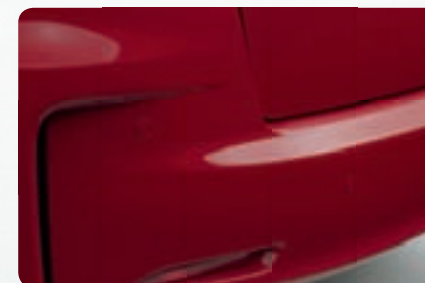

^oThe illuminated door sill garnish set includes illuminated front door and non-illuminated rear door sill garnishes.

To protect and serve

These Genuine Honda Accessories make things easier to store, and help protect your Jazz Vibe from damage, all while looking as suitably slick as anything you'll find in a Honda. To find out more, simply contact your local Dealer or visit honda.com.au/jazz

Other accessories include:

- Accent lighting
- Ash tray
- Bonnet protector
- Car body cover
- Chrome towball
- Cigarette lighter

If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months - whichever is greater - provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co. ^aNot applicable to Vibe-S model.

You're never alone in a Honda

Buy a Jazz Vibe and you'll be amazed at how well you'll be looked after.

The care starts with a 3-year/100,000km warranty and 6-year rust perforation warranty.[‡]

And for a small extra investment, you can enjoy a huge amount of peace-of-mind with Honda Warranty Plus[§] including Premium Roadside Assist.

Plus, as a Jazz Vibe owner you'll have access to our exclusive HondaONE website. This secure site gives you all the important information you never knew where to find, like up-to-date service history, vehicle records, maintenance tips and personalised service reminders.

And by using your Honda Dealer, you'll also be sure that they'll protect your investment by using Honda Genuine Parts.

So with all these benefits, your Jazz Vibe will be as pleasurable to own as it is to drive.

Insurance

If you're looking for cover every bit as reliable as your Jazz Vibe, you really need Honda Motor Vehicle Insurance.

You'll enjoy a range of benefits, including:

- 3-year new replacement if your Honda is a total loss
- Genuine Honda approved parts for the first 3 years
- Lifetime guarantee on authorised repairs

Approved applicants only. Normal underwriting and excess payment rules apply.[^] For more information visit honda.com.au/insurance

Finance

Whether you're buying a Honda for yourself or a business, we have a wide range of flexible finance and leasing options.

So see your Honda Dealer to find a financial solution that suits you as perfectly as your Jazz Vibe does. For more information visit honda.com.au/finance

The Power of Clever Thinking

As a Jazz Vibe owner, you're part of a brand that's always doing something new. Because if there is one thing Honda prides itself on, it's seeking out the challenging and unexpected.

It was this inventive spirit that led to developing the ingeniously clever Eco Assist driver coaching system. It also produced the CR-Z, the world's first sports hybrid. And that's not our first 'world first' either.

There's the FCX Clarity, which is powered by a hydrogen cell and whose only emission is water vapour. Or the unique CIGS solar cells that produce twice as much energy than they take to make. Then of course there's ASIMO, the world's most advanced humanoid robot and the incredibly fuel-efficient HondaJet with its unique above-the-wing engine design.

And now there's a glimpse of the future with the altogether different U3-X, a personal mobility device that takes you in any direction by simply shifting your weight.

All of these things, which were once dreams, are now realities thanks to Honda.

That's the power of clever thinking.

[‡]Honda warranties apply where due care is exercised by the owner and the vehicle is maintained in accordance with the Owner's Warranty and Service Manual.
