

A-1 Jukebox & Nostalgia, Inc.

Exclusive distributor of “Ken Arnold brand” and other “Exact” Reproduction Parts for Jukeboxes

Complete 2010/2011 Catalog

Please note that the number pages of our Online Catalog may be different than the number of pages of our Printed, (hard copy) Catalog. This is because the format, (mainly the line spacing), may differ between the two.

Extremely Important: Before You Plug It In

When you first acquire a jukebox, any year, any make, any model, here are a few things that must be done before you plug it in:

1. Remove, inspect, (replace if blown or reinstall if good), each of the Fuses. Do this one fuse at a time. Make sure that the Amperes of each fuse and the type, such as: AGC, Slo-Blo, MDL, etc., is the precise rating or (Amps.), and the precise type that is printed on the chassis next to each fuse holder.
2. For ALL Seeburg Wired Selection Receivers in models M100A through 100JL, if wall boxes, (Diner booth selector units), such as 3W-1, etc. are not going to be used, locate or have a jukebox technician locate the 5 Mfd. @ 300 volts capacitor. Clip the two wires going to one side of this capacitor. Twist or solder and then tape these two wires together and secure them somehow so that they do not come in contact with the other parts of the WSR circuit. This procedure takes that old original capacitor out of the circuit. If wall boxes are going to be used, be sure to replace this capacitor with a fresh, new one. Doing this will help save the transformer in the WSR. (Most of these capacitors are shorting out causing the transformer in the WSR's to burn out. Replacement transformers, for the WSR's, are approximately \$200.00, when you can find them!)
3. For Seeburg's: “**SOME**” Amplifiers, Receivers, Selector Units, Control Centers and other components are interchangeable. In other words: It is possible for a Seeburg Jukebox to have a different “Component Part Model Number” than is listed in the Service and Parts manual. If you have any questions about this, Please give us a call or send us an Email.

Email: mail@jukeboxusa.com

Before calling for Parts or Service

1. Know the Make and Model number of your Jukebox. The serial number of a Jukebox usually means nothing to us parts guys. The Make and Model number plate is always located on the back of the Jukebox unless someone has removed it. Also, know the model number of the Amplifier and the Wired Selection Receiver or other unit that you will be inquiring about. Component parts of some Jukeboxes are interchangeable, however, they are never exactly alike, (If you need parts or service for a component part of your Jukebox we will need to know the specific model number of the component part before we can help you).
2. When ordering replacement needles, (Styli), try to establish if the Cartridge, that hold the needle(s), is the original cartridge or a replacement. In most cases the cartridge will have some identifying characteristics on it. If you cannot identify the cartridge type, we request that you remove the needle and copy the shape of the needle on a copier. Then fax or mail the copy to us. What works even better is if you have a digital camera, take a digital picture of the cartridge and needle and email the picture to us, (If using a digital camera, it is not necessary to remove the needle from the cartridge).

Acknowledgment

Once again, we would like to take this opportunity to thank Ken Arnold for his many years of dedication to his business, which for more than a decade was the manufacturer and sales of exact reproduction parts for antique Jukeboxes. Ken still cuts, shapes and prints most of the glass and plastic cabinet parts that are listed in this catalog.

As the exclusive distributor of “Ken Arnold brand” reproduction Jukebox parts we extend Ken’s policy on all of the parts that he manufacturers:

“The best Quality and Guarantee in the business”.

For Your Safety, Ken sands the edges of all of the glass parts that he manufacturers.

To ensure Originality, All colors have been formulated to match factory colors. Font styles have been regenerated by hand or by computer and Ken personally screen-prints in his own shop.

To ensure correct Fit, all Ken Arnold brand parts are manufactured to factory standards using original samples.

Unconditional Customer Satisfaction: Every part manufactured by Ken is guaranteed to be free of manufacturing defects for 5 years.

How to Order:

Phone orders from 10:00 am to 6:00 pm (Eastern time) Monday through Friday.

Phone 410-945-8900.

Fax orders anytime 7 days a week: Fax 410-945-1946. **FAX** transmissions ONLY.

Email orders to: **mail@jukeboxusa.com** and please include your ship-to address and phone numbers so we can contact you, by phone, if necessary.

Mail orders to: A-1 Jukebox & Nostalgia, Inc: 208 S. Pulaski Street Suite 4J Baltimore, MD 21223-2952.

Secure On-line ordering will be available as soon as possible. Please visit our web site: **jukeboxusa.com** for a complete list of jukebox parts, records and accessories.

Visit our warehouse In Person. Please call us in advance for directions. We enjoy meeting our customers.

Privacy and Security: The information that we have on file for our customers is held in the strictest confidence. We do not and will not sell or pass any customer private information to anyone at anytime for any reason!

Shipping: For orders weighing one pound or less we ship via US Postal Service, (unless otherwise requested). For orders weighing over one pound we ship via UPS ground service, (unless otherwise requested). Faster shipping via Postal Service or UPS is provided at the customer's request.

Shipping charges: We do not require a minimum order amount, however, due to constantly rising costs, effective January 5, 2009: Our shipping charge is \$7.00, per order, for ALL orders weighing up to one pound. For ALL orders weighing over one pound, we add actual shipping charges to your order. There are three exceptions to this policy: (1) Some of the items in our catalog require additional pre-packaging because they are extremely fragile. (2) In some cases an item is larger than normal carrier size for standard packages. If an item requires an additional packaging and shipping charge, that charge is indicated next to the catalog description for that particular item. (3) ALL orders shipped to countries outside the United States please add 8 additional US dollars to your shipping charge for completion of all of the paperwork associated with international shipments. We prefer not to ship C.O.D. If C.O.D. delivery is necessary: A fee of \$10.00 will be added to the regular shipping charges, to cover postal fees. We ship C.O.D. within the United States only. As an alternative to C.O.D. we suggest that customers send us a Money Order.

Upon receiving your order: We strongly recommend that you open your package(s) immediately to ensure that each item has been shipped correctly, as per your order, and to ensure that your order has not been damaged during shipping. If any item is damaged, please contact the carrier and file a claim with them.

Payment: We accept Visa, Master Card, Discover, Paypal, Business and Personal Checks, (with sufficient funds and paid through a USA bank in United States dollars), Money Orders, C.O.Ds. and of course Cash. We ship C.O.D. within the United States only.

Catalog prices: Our current prices will not increase unless, for reasons beyond our control, our "cost of goods" prices increase. All prices subject to change without notice and we will do our best to keep our current prices intact. Please note: We always confirm current prices with each customer and for each order before we process the order.

Volume Discounts: Volume discounts are available to anyone as follows: Purchase \$500.00 or more deduct 5%; \$1,000.00 or more deduct 10%; \$1,500.00 or more deduct 15%; \$3,000.00 or more deduct 20%. Volume discounts do not apply to shipping & handling charges, items currently on sale, original parts and items in the catalog that are marked NO DISCOUNT.

No hassle return Policy: If there is ever a problem with any item that you receive from us, please let us know as soon as possible so we can correct the problem to your satisfaction. Returns are very rare at A-1 Jukebox & Nostalgia; however if you ever have a need to return an item, please include a copy of the original invoice with the return.

84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	2.50
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	5.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-005	Rubber cushion strips, (records rest on these while in the magazine), front is square, Seeburg #245334, rear is round, #245468, per pair	2.00
84-020	Selector Coil & Armature Assembly, (a/k/a: Pin Bank), (Completely disassembled & rebuilt), Specify: M100B/BL, M100C, HF100G, W100, HF100R, 100J or 100JL, see page 64 for more information , each	195.00
74-009	Styli for original Pickering/Seeburg redhead cartridge, (.7 mil diamond tip for all stereo and mono. records), per pair	50.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, each one is hand made in the U.S.A., Seeburg part # 245817, (for Models B through APFEAI)	8.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), hand made	14.00
78-002	Trip coil for mechanism, Models B thru JL and V without 2050 for trip, ea.	25.00

SEEBURG M100B of 1950 – 51 & M100BL of 1951 – 52 (Continued)

A-1 PART #

92-015	Capacitor, (run condenser), for mechanism motor, original style/metal can , for M100A thru STD4, not SX100, for all USA motors, not for Nidec motors	\$30.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	6.00
78-001	Cancel coil for Selector pin bank, Seeburg B/JL, (sleeve included, no plunger), ea.	27.50
78-031	Plunger & spring for cancel coil, for Selector pin bank, (two piece set), each	12.00
73-032	Selection playing plastic, indicates letter and number of record playing, white letters & numbers w/red background, Models B & BL only, (A1 thru K10)	9.00
73-033	Selection playing plastic, indicates letter and number of record playing, red letters & numbers w/white background, Models B & BL only, (A1 thru K10)	9.00
73-056	Selection playing plastic, indicates letter and number of record playing, blue letters & numbers w/white background, Models B & BL only, (A1 thru K10)	9.00
68-010	Rivets, chrome plated, for selection playing plastic, (for Models B, BL, C, G, W, R, J & VL200), 15 pcs.	4.00
73-036	Letter and number strip for record magazine, adhesive backed, (for Models B, BL, C, G, W, R, J & JL), Specify: dark blue, aqua or red	5.00
73-037	Letter and number strips for popularity meter, adhesive backed (for Models B, BL, C, G, W, R, J & JL), Specify: dark blue, aqua or red	5.00
73-038	Letter and number strip for selector coil frame, (pin cage), adhesive backed, (for Models B, BL, C, G, W, R, J & JL), dark blue, (original color)	5.00
73-040	Letter and number strips for record magazine, popularity meter & pin cage, (Models B, through JL), Specify: dark blue, aqua or red, complete 3 pc. set	15.00
17-007	Mirror for left and right end of mechanism (2), each	12.00
17-008	Masonite boards for Mech. end mirrors, pre cut to fit, pair	5.00
17-004	Frosted diffuser glass, 30" X 7 3/4", for behind program title board	25.00
65-008	Foil, embossed, gold , 1/4" diamonds , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
65-009	Foil, embossed, gold , 1/4" squares , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
65-011	Foil, embossed, silver , 1/4" diamonds , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
65-012	Foil, embossed, silver , 1/4" squares , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
89-001	Interior labels, (lubrication diagram, etc., Models B, BL, C, G, W, R, J & JL)	8.00
17-018	Animation cradle tray with color sheet	50.00
17-010	Color sheet for animation cradle tray	22.50
86-004	Motor, 10 R.P.M. for animation tray, with threaded shaft, 100% U.S.A. made	40.00
86-005	Mounting bracket, metal, for animation motor, Models M100A, B & BL	8.00
17-020	Arm, attaches to animation motor & rotates, (1 end of drive link attaches to this)	10.00
17-016	Drive link, (one end attaches to animation cradle tray, other end to the Arm)	7.00
17-017	Hangers for animation cradle tray, 2 required, each	8.00
17-025	Animation tray complete, includes: tray, sheet, two hangers, drive link, threaded shaft motor, motor mounting bracket and rotating arm	120.00
17-005	Glass above grill with printed silver stripe, 26" X 7 1/8"	25.00
65-002	Grill cloth, Specify: gold, red or silver, other colors are listed on page 74 under GRILL CLOTH , cloth size 30" X 40", each	16.00
17-013	Grill bars, mirror polished stainless steel, radius bend as original, 21 pc. set	120.00
68-001	Grill bar screws, stainless steel, (90 pcs.)	6.00
17-014	Grill triangles, mirror polished stainless steel, per pair	35.00
17-011	Mirror kit for all four sides of grill, 100-B, clear , (1/2" x 1" mirrors)	50.00
17-012	Mirror kit for all four sides of grill, 100-BL, blue , (1/2" x 1" mirrors)	90.00
17-023	Corner casting, not plated, for mirrors on outside of grill, (4), each	15.00
17-015	Vinyl base molding, color black , (74" X 2 7/16"), one piece	17.00
17-030	Vinyl base molding, color beige , (74" X 2 7/16"), one piece	17.00

SEEBURG M100B of 1950 – 51 & M100BL of 1951 – 52 (Continued)

A-1 PART #

68-013	Tacks, Specify: bright nickel, brass or antique brass, for vinyl base molding on Models BL & C only, 65 pc. set	\$7.00
17-019	Stainless steel base molding. B & BL only, brushed finish, w/all holes, 1 piece	70.00
76-004	Key for cabinet sides and back door, (not cash door), G219	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-007	Cash door, superior grade birch covered plywood, with backup plates, (for use with no metal frame around opening, Models A, B/BL and some C)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	10.00
76-054	Lock, 1 1/8" quality lock, & 2 keys for lower back door , (rotates one-half turn and key is removable in locked and open positions)	10.00
81-002	I.D. plate, Model B, (as original), no serial number, for back of cabinet	15.00
81-003	I.D. plate, Model BL, (as original), no serial number, for back of cabinet	15.00
67-017	Upper back door, Models B/BL only, birch covered plywood, w/wooden strip on inside, bottom edge or door only, (Purchase this when all hardware can be transferred from original door), (+ \$20.00 for shipping an oversize box)	80.00
67-018	Upper back door, Models B/BL only, birch covered plywood, all hardware is attached except for interior foil & exterior handles, (Purchase this when the upper back door is missing), (add \$20.00 for shipping an oversize box)	105.00
68-003	Hook latches & 4 screws for inside of upper back door, A, B/BL, C, G/W, pr.	10.00
67-008	Lower back door U-wood frame, (this item does not include any metal parts that were included with the original frame), (add \$10.00 for pack. & shipping)	45.00
67-009	Masonite amp & receiver cover, (fits into lower back door U-wood frame)	45.00
68-002	Safety chain for Lower back door, w/chain cover, mounting screw & key clip	10.00
68-026	Screws, hold Amp. & Receiver on lower back door, (4) 1", (4) 1/2", 65¢ ea. or 8 pcs.	5.00
66-002	Decals, <u>water transfer</u> , for lower back door, (On/Off & Vol. Control), 2 pc. set	10.00
66-005	Decals, <u>Vinyl, peel & stick</u> , for lower back door, (On/Off & Vol. Control), 2 pc. set	8.00
92-037	Capacitor kits for Amplifiers used in Seeburg Models: A, B, C, G & W, Specify: Amplifier # MRA1-L6 through MRA4-L6 , includes: Schematics and replacement values reference sheet, each kit	65.00
92-051	Capacitor kit for WSR5-L6 , Selection Receiver, includes: schematics and replacement values reference sheet, (does not include cap. for wallboxes)	27.50
92-025	Capacitor for Stepper, operates wallboxes in Seeburgs: M100A thru LPC480	12.00
37-009	Fuse, 3 amp or 3 2/10 amp Fustat, large screw in type, for Seeburg: M100A thru VL200 Selection Receivers, (these are for the operation of wallboxes)	8.00
91-003	Volume control pot. for Models 146, 147, 148, A, B/BL, C, G, W & R	30.00
76-001	Volume control key <u>for original pots.</u> , (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
72-004	Bulb, miniature #47 (selection indicator) (2), & (behind select glass) (2), ea.	1.00
72-011	Bulb, miniature #81 (behind Mech. cover insert) (1)	2.00
70-011	Fluorescent lamp 25 watt 33" T12, daylight, recommended color (1)	10.00
70-010	Fluorescent lamp 25 watt 33" T12, cool white, optional color	10.00
70-050	Colored sleeve for T12 fluorescent lamp, (cut to your specified length), Specify: sleeve color: red, blue, green, yellow or pink, per foot	1.75
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	12.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	20.00
71-028	Starter with condenser, FS-U 4 thru 25 watts , (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.50
71-016	Line cord 16/3 round, black, 11 1/2 feet, with 90° flat molded plug	12.00
71-030	Outlet, 3-wire grounded duplex receptacle, (The Receiver plugs into this)	8.00
68-004	Caster sockets, use with original Seeburg metal casters or our 2 1/2" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 1/2" hard rubber, (made by original supplier to Seeburg), each	7.00

SEEBURG M100C of 1952 – 1953 50 Records (100 Selections)

A-1 PART

80-024	Service & parts manual, Seeburg M100C, 148 pages, order R-259	\$42.50
80-025	Installation, Operation – Troubleshooting guide, M100C, 52 pgs., order R-433	31.00
80-026	Seeburg M100C, Purchase R-259 and R-433, save \$10.00, order R-259A	63.50
18-001	Glass dome, with printed logo, (add \$40 for packaging & shipping)	275.00
66-003	Decal, water transfer, apply to inside of glass dome facing out, original wording, colors and font, "Seeburg Select-o-Matic 100"	10.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, 5 to choose from, Specify: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
18-003	Side Glass, for left or right side of dome, edges rounded as original, ea.	25.00

73-099	Coin instruction plastics for program title holders, 3 PLAYS – QUARTER, 1 PLAY – DIME, Green , per pair	7.00
83-004	Plastic Stripper plate (clear), complete with 2 stylus-cleaning brushes, brush holders, and 6 screws, (all stainless steel hardware)	60.00
83-001	Plastic Stripper plate (clear), (with 6 stainless steel screws only)	50.00
83-002	Brush holders, hold stylus-cleaning brushes, (stainless steel), per pair	12.00
83-003	Brushes, stylus-cleaning, for plastic stripper plate, per pair	12.00
83-035	Stylus brush, Seeburg #405219, used to manually clean the styli & the brushes on the stripper plate, (#34 on page 1149 in the manual)	3.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	2.50
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	5.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-005	Rubber cushion strips, (records rest on these while in the magazine), front is square, Seeburg #245334, rear is round, #245468, per pair	2.00
84-020	Selector Coil & Armature Assembly, (a/k/a: Pin Bank), (Completely disassembled & rebuilt), Specify: M100B/BL, M100C, HF100G, W100, HF100R, 100J or 100JL, see page 64 for more information , each	195.00
74-009	Styli for original Pickering/Seeburg redhead cartridge, (.7 mil diamond tip for all stereo and mono. records), per pair	50.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, each one is hand made in the U.S.A., Seeburg part # 245817, (for Models B through APFEAI)	8.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), hand made	14.00
78-002	Trip coil for mechanism, Models B thru JL and V without 2050 for trip, ea.	25.00
92-015	Capacitor, (run condenser), for mechanism motor, original style/metal can , for M100A thru STD4, not SX100, for all USA motors, not for Nidec motors	30.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	6.00
78-001	Cancel coil for Selector pin bank, Seeburg B/JL, (sleeve included, no plunger), ea.	27.50
78-031	Plunger & spring for cancel coil, for Selector pin bank, (two piece set), each	12.00
88-006	Spray paint, Seeburg C Yellow, for mech. frame, acrylic enamel, 12 oz. can	16.00
88-007	Spray paint, Seeburg C Aqua-Blue, for mech. cover, acrylic enamel, 12 oz. can	16.00
18-004	Decals, water transfer, Oval 45 R.P.M. record, for mech. ends, pair	11.00
73-034	Selection playing plastic, indicates letter and number of record playing, aqua letters & numbers w/white background, Model C only, (A1 thru K10)	9.00
68-010	Rivets, chrome plated, for selection playing plastic, (Models B thru VL200), 15 pcs.	4.00
73-036	Letter and number strip for record magazine, adhesive backed, (for Models B, BL, C, G, W, R, J & JL), Specify: dark blue, aqua or red	5.00

SEEBURG M100C of 1952 – 1953 (Continued)

A-1 PART

73-037	Letter and number strips for popularity meter, adhesive backed (for Models B, BL, C, G, W, R, J & JL), Specify: dark blue, aqua or red	\$5.00
73-038	Letter and number strip for selector coil frame, (pin cage), adhesive backed, (for Models B, BL, C, G, W, R, J & JL), dark blue, (original color)	5.00
73-040	Letter and number strips for record magazine, popularity meter & pin cage, (Models B, through JL), Specify: dark blue, aqua or red, complete 3 pc. set	15.00
18-007	Mirror kit, exact size mirrors, for frames at each end of mechanism, this package has four pre-cut panels and a few extra mirrors, complete set	50.00
18-020	Mirrors, exact size mirrors, for frames at each end of mechanism, this package has 1 full sheet, Purchaser must cut panels , complete set + extras	55.00
68-030	Screws (6) and washers (6), stainless steel, hold mirror frames in place at both ends of mechanism, (screw heads were originally painted red), 12 pc. set	3.50
67-010	Masonite boards for Mech. end mirrors, cut to fit, (flat, not mounded), pair	6.00
18-005	Frosted diffuser glass, 30" X 7", for behind program title board	25.00
65-003	Foil, embossed, gold , 1/2" pillowed squares, for interior of Seeburg C, Wurlitzer 1080 & 1100, 32" X 16" sheet, (2 sheets required), per sheet	40.00
65-008	Foil, embossed, gold , 1/4" diamonds , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
65-009	Foil, embossed, gold , 1/4" squares , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
65-011	Foil, embossed, silver , 1/4" diamonds , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
65-012	Foil, embossed, silver , 1/4" squares , for cabinet interior, 18" X 72" roll, cloth backed, use spray adhesive for installation, per roll	40.00
89-001	Interior labels, (lubrication diagram, etc., Models B, BL, C, G, W, R, J & JL)	8.00
65-002	Grill cloth, Specify: gold, red or silver, other colors are listed on page 74 under GRILL CLOTH , cloth size 30" X 40", each	16.00
18-010	Clear plastic Grill tube, with mirrored Mylar insert, excellent replacement, can be mingled with original glass tubes, best available, 12 required, each	15.75
18-011	Clear plastic Grill tubes, with mirrored Mylar inserts, excellent replacements, best available, (Special: save \$30.00 per 12 piece set), (This item is not discountable at the 12 piece price), per 12 piece set	159.00
18-012	Grill tube brackets (spoons or holders), each	6.00
86-002	Drop in animation assemblies, quiet synchronized motors, brilliant colors using Ken Arnold reproduction color sheets, complete units, perfect fit, (plug-in directly to 110 volts), 100% U.S.A. made, per pair	285.00
86-001	Color sheets only, for animation, 1 left and 1 right, brilliant colors, per pair	28.00
18-013	Pilaster plastics white (frosted crystallization, inside, as original), choose white for painted cabinets, or stained cabinets with very light color stain, pair	210.00
18-014	Pilaster plastics off-white/beige (frosted crystallization, inside, as original), choose off-white/beige for medium or dark color stained cabinets, per pair	210.00
18-017	Wooden toe for below front of pilaster plastic, M100C only (2), each	29.00

18-015	Vinyl base molding, color - black, 2 pieces, per pair	15.00
18-016	Vinyl base molding, color - beige, 2 pieces, per pair	15.00
68-013	Tacks, Specify: bright nickel, brass or antique brass, for vinyl base molding on Models BL & C only, 65 pc. set	7.00
76-005	Key for cabinet sides and back door, (not cash door), G245	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-007	Cash door, superior grade birch covered plywood, with backup plates, (for use with no metal frame around opening, Models A, B/BL and some C)	18.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use with metal frame around opening, Models C through LS3)	18.00

SEEBURG M100C of 1952 – 1953 (Continued)

A-1 PART

76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	\$10.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	10.00
76-054	Lock, 1 1/8" quality lock, & 2 keys for lower back door , (rotates one-half turn and key is removable in locked and open positions)	10.00
81-004	I.D. plate, Model C, (as original), no serial number, for back of cabinet	15.00
67-019	Upper back door, Model M100C only, birch covered plywood, wooden strip on inside, bottom edge or door only, (Purchase this when all hardware can be transferred from original door), (+ \$20.00 for shipping an oversize box)	80.00
67-020	Upper back door, Model M100C only, birch covered plywood, all hardware is attached except for interior top trim & exterior handles, (Purchase this when upper back door is missing), (+ \$20.00 for shipping an oversize box)	105.00
83-025	Top trim for inside upper back door, stainless steel, original shape, 19" wide	22.50
68-003	Hook latches & 4 screws for inside of upper back door, A, B/BL, C, G/W, pr.	10.00
67-008	Lower back door U-wood frame, (this item does not include any metal parts that were included with the original frame), (+ \$10.00 for pack. & shipping)	45.00
67-009	Masonite amp & receiver cover, (fits into lower back door U-wood frame)	45.00
68-002	Safety chain for Lower back door, w/chain cover, mounting screw & key clip	10.00
68-026	Screws, hold Amp. & Receiver on lower back door, (4) 1", (4) 1/2", 65¢ ea. or 8 pcs.	5.00
66-002	Decals, <u>water transfer</u> , for lower back door, (On/Off & Vol. Control), 2 pc. set	10.00
66-005	Decals, <u>Vinyl, peel & stick</u> , for lower back door, (On/Off & Vol. Control), 2 pc. set	8.00
92-037	Capacitor kits for Amplifiers used in Seeburg Models: A, B, C, G & W, Specify: Amplifier # MRA1-L6 through MRA4-L6 , includes: Schematics and replacement values reference sheet, each kit	65.00
92-051	Capacitor kit for WSR5-L6 , Selection Receiver, includes: schematics and replacement values reference sheet, (does not include cap. for wallboxes)	27.50
92-052	Capacitor kit for WSR7-L6 , Selection Receiver, includes: schematics and replacement values reference sheet, (does not include cap. for wallboxes)	27.50
92-025	Capacitor for Stepper, operates wallboxes in Seeburgs: M100A thru LPC480	12.00
37-009	Fuse, 3 amp or 3 2/10 amp Fustat, large screw in type, for Seeburg: M100A thru VL200 Selection Receivers, (these are for the operation of wallboxes)	8.00
91-003	Volume control pot. for Models 146, 147, 148, A, B/BL, C, G, W & R	30.00
76-001	Volume control key <u>for original pots.</u> , (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
72-003	Bulb, miniature #44 (selection indicator lamps) (2 required), each	1.00
72-004	Bulb, miniature #47 (behind select glass) (2 required), each	1.00
72-011	Bulb, miniature #81 (behind Mech. cover insert) (1)	2.00
70-007	Fluorescent lamp 20 watt 24" T12, daylight, recommended color (2), each	7.00
70-006	Fluorescent lamp 20 watt 24" T12, cool white, optional color, each	7.00
70-011	Fluorescent lamp 25 watt 33" T12, daylight, recommended color (1)	10.00
70-010	Fluorescent lamp 25 watt 33" T12, cool white, optional color	10.00
70-050	Colored sleeve for T12 fluorescent lamp, (cut to your specified length), Specify: sleeve color: red, blue, green, yellow or pink, per foot	1.75
71-001	Ballast 14 to 20 watt, for 1 lamp, new square style, clamped core, white, each	12.00
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	12.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	20.00
71-028	Starter with condenser, FS-U 4 thru 25 watts , (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.50
71-016	Line cord 16/3 round, black, 11 1/2 feet, with 90° flat molded plug	12.00
71-030	Outlet, 3-wire grounded duplex receptacle, (The Receiver plugs into this)	8.00
68-004	Caster sockets, use with original Seeburg metal casters or our 2 1/2" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 1/2" hard rubber, (made by original supplier to Seeburg), each	7.00

SEEBURG HF100G & W100 of 1953 – 54 50 Records (100 Selections)

A-1 PART #

80-028	Service & parts manual, Seeburg HF100G & W100, 155 pgs., order R-266	\$40.00
80-029	Installation, Operation – Troubleshooting, G & W, 94 pages, order R-226	35.00
80-030	Seeburg G & W, Purchase R-266 and R-226, save \$10.00, order R-266A	65.00
19-001	Glass dome, with printed logo, (add \$40 for packaging & shipping)	285.00
66-003	Decal, water transfer, apply to inside of glass dome facing out, original wording, colors and font, "Seeburg Select-o-Matic 100"	10.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, 5 to choose from, Specify: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
19-002	Side Glass, for left or right side of dome, each	35.00
69-002	Mechanism cover, molded plastic, (primed, gray primer), Includes SELECT-O-MATIC 100 insert	125.00
19-004	Mechanism cover insert, SELECT-O-MATIC 100	6.50
77-007	Program glass, for models: G, W, R, J & JL, (letters & numbers are baked on, Exact, original, font & color , all edges of glass are sanded), 5 piece set	45.00
77-008	Program glass, for models: G, W, R, J & JL, <u>single pieces</u> , (letters & #s are baked on, original font & color: A1/B1, C1/D1, E1/F1, G1/H1 or J1/K1), each	12.50

77-010	Instruction glass, 3 colors, 2 pc. set, "3 PLAYS QUARTER", <u>Original Maroon</u> color	16.00
77-067	Instruction glass, 3 colors, 2 pc. set, "3 PLAYS QUARTER", <u>Popular Red</u> color	16.00
77-011	Instruction glass, 3 colors, 2 pc. set, " 25¢ PER SELECTN. ", <u>Original Maroon</u> color	16.00
68-012	Speed washers, hold instruction glass in place, 10 pieces	3.50
78-006	Latch bar solenoid for Electrical Selector, all metal frame, as original	60.00
78-020	Free play adapter, plugs in to existing credit unit, has switch for free play or coin operation, eliminates latch bar solenoid burn-out, for Seeburg Models: A, B, BL, C, G, W, R, J and JL, (This item is not discountable)	68.95
77-050	Select glass, Seeburg G, W, R, J, JL, L100 and 101, green	6.50
77-051	Select glass, Seeburg G, W, R, J, JL, L100 and 101, blue	6.50
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
<u>Specify #</u>	Title headings for Seeburg program holders, Specify: a color and the A-1 part # from the list at the top of page 15, (11 or 12 piece assortment)	10.00
83-004	Plastic Stripper plate (clear), complete with 2 stylus-cleaning brushes, brush holders, and 6 screws, (all stainless steel hardware)	60.00
83-001	Plastic Stripper plate (clear), (with 6 stainless steel screws only)	50.00
83-002	Brush holders, hold stylus-cleaning brushes, (stainless steel), per pair	12.00
83-003	Brushes, stylus-cleaning, for plastic stripper plate, per pair	12.00
83-035	Stylus brush, Seeburg #405219, used to manually clean the styli & the brushes on the stripper plate, (Pg. 1172 & #14, pg. 1181 in the manual)	3.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	2.50
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	5.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-005	Rubber cushion strips, (records rest on these while in the magazine), front is square, Seeburg #245334, rear is round, #245468, per pair	2.00
84-020	Selector Coil & Armature Assembly, (a/k/a: Pin Bank), (Completely disassembled & rebuilt), Specify: M100B/BL, M100C, HF100G, W100, HF100R, 100J or 100JL, see page 64 for more information , each	195.00

SEEBURG HF100G and W100 of 1953 – 1954 (Continued)

A-1 PART

74-009	Styli for original Pickering/Seeburg redhead cartridge, (.7 mil diamond tip for all stereo and mono. records), per pair	\$50.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, each one is hand made in the U.S.A., Seeburg part # 245817, (for Models B through APFEAI)	8.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), hand made	14.00
83-012	Spring for snap switch for electrical selector, (Models G & W only), each	14.00
78-002	Trip coil for mechanism, Models B thru JL and V without 2050 for trip, ea.	25.00
92-015	Capacitor, (run condenser), for mechanism motor, original style/metal can , for M100A thru STD4, not SX100, for all USA motors, not for Nidec motors	30.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	6.00
78-001	Cancel coil for Selector pin bank, Seeburg B/JL, (sleeve included, no plunger), ea.	27.50
78-031	Plunger & spring for cancel coil, for Selector pin bank, (two piece set), each	12.00
88-008	Spray paint, Red, for Model G magazine and mechanism frame, also for Model W entire mech. except for mech. cover, acrylic enamel, 12 oz. can	16.00
88-009	Spray paint, Dark Blue, for HF100G & W100, for metal grill on front, 12 oz. can	16.00
88-010	Spray paint, Light Blue, for HF100G, for mechanism cover, mechanism end caps, etc., acrylic enamel, 12 oz. can	16.00
19-005	Decals, water transfer, Round 45 R.P.M. for Mech. ends, pair	10.00
73-035	Selection playing plastic, indicates letter and number of record playing, dark blue letters & numbers w/white background, Models G, W, & R, (A1 thru K0)	9.00
68-010	Rivets, chrome plated, for selection playing plastic, (for Models B, BL, C, G, W, R, J & VL200), 15 pcs.	4.00
73-036	Letter and number strip for record magazine, adhesive backed, (for Models B, BL, C, G, W, R, J & JL), Specify: dark blue, aqua or red	5.00
73-037	Letter and number strips for popularity meter, adhesive backed (for Models B, BL, C, G, W, R, J & JL), Specify: dark blue, aqua or red	5.00
73-038	Letter and number strip for selector coil frame, (pin cage), adhesive backed, (for Models B, BL, C, G, W, R, J & JL), dark blue, (original color)	5.00
73-040	Letter and number strips for record magazine, popularity meter & pin cage, (Models B, through JL), Specify: dark blue, aqua or red, complete 3 pc. set	15.00
19-006	Mirror kit, exact diagonal cut, for frames at each end of mechanism, this package has four pre-cut panels and a few extra mirrors, complete set	75.00
19-015	Mirrors, exact diagonal cut, for frames at each end of mechanism, this package has 1 full sheet, Purchaser must cut panels , complete set + extras	80.00
68-030	Screws (6) and washers (6), stainless steel, hold mirror frames in place at both ends of mechanism, (screw heads were originally painted red), 12 pc. set	3.50
67-010	Masonite boards for Mech. end mirrors, cut to fit, (flat, not mounded), pair	6.00
19-003	Frosted diffuser glass, 31 3/4" X 5 3/4", for behind program title board	25.00

73-011	Drum letter & number strips: A1, B1, C1, 20 piece set	22.50
83-020	Plastic Stripper plate (green), complete with 2 stylus-cleaning brushes, brush holders, and 6 screws, (all stainless steel hardware)	60.00
83-021	Stripper plate (green), (with 6 stainless steel screws only)	50.00
83-002	Brush holders, hold stylus-cleaning brushes, (stainless steel), per pair	12.00
83-003	Brushes, stylus-cleaning, for plastic stripper plate, per pair	12.00
83-035	Stylus brush, Seeburg #405219, used to manually clean the styli & the brushes on the stripper plate, (See pages 14 & 16 in the manual)	3.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	2.50
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	5.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
74-009	Styli for original Pickering/Seeburg redhead cartridge, (.7 mil diamond tip for all stereo and mono. records), per pair	50.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, each one is hand made in the U.S.A., Seeburg part # 245817, (for Models B through APFEAI)	8.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), hand made	14.00
78-002	Trip coil for mechanism, Models B thru JL and V without 2050 for trip, ea.	25.00
78-003	Trip coil for mechanism, Models V with 2050 for trip through DS, each	25.00

SEEBURG V200 of 1955 – 1956 and VL200 of 1956 – 1957 (Continued)

A-1 PART #

92-015	Capacitor, (run condenser), for mechanism motor, original style/metal can , for M100A thru STD4, not SX100, for all USA motors, not for Nidec motors	\$30.00
78-023	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Model <u>V200 with TSR1 receiver only</u> , (This item not discountable)	94.50
78-022	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: <u>V200 with TSR3 receiver</u> , VL200, KS & KD200, 161, 201, 220, 222, AY100, AY160, DS100 and DS160, (This item not discountable)	94.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	6.00
68-010	Rivets, chrome plated, for selection playing plastic, (for Models B, BL, C, G, W, R, J & VL200), 15 pcs.	4.00
73-143	Selection playing plastic, 1-pc., indicates letter & number of record playing, black letters & numbers on white background, (A1 thru V0), without holes	12.00
68-011	Rivets, brass , for selection playing plastic, (Models JL & V200 only), 15 pcs.	8.00
73-142	Selection playing plastic, 1-pc., indicates letter & number of record playing, red letters & numbers on white background, (A1 thru V0), holes are punched	12.00
21-003	Diffuser above grill, original shape, multi-colored, printed, for Model V-200 only	40.00
21-004	Diffuser above grill, original shape, multi-colored, printed, Model VL-200 only	40.00
21-007	Side window, plastic, round, convex, "Seeburg", (green/white), V-200 only, ea.	25.00
21-008	Side window, plastic, round, convex, "Seeburg", (white & tan), VL-200 only, ea.	25.00
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
76-008	Key for cabinet sides and back door, (not cash door), F314	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use with metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	10.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	10.00
76-054	Lock, 1 1/8" quality lock, & 2 keys for lower back door , (rotates one-half turn and key is removable in locked and open positions)	10.00
81-009	I.D. plate, Model V, (as original), no serial number, for back of cabinet	15.00
81-010	I.D. plate, Model VL, (as original), no serial number, for back of cabinet	15.00
67-008	Lower back door U-wood frame, (this item does not include any metal parts that were included with the original frame), (+ \$10.00 for pack. & shipping)	45.00
67-009	Masonite amp & receiver cover, (fits into lower back door U-wood frame)	45.00
68-002	Safety chain for Lower back door, w/chain cover, mounting screw & key clip	10.00
68-026	Screws, hold Amp. & Receiver on lower back door, (4) 1", (4) 1/2", 65¢ ea. or 8 pcs.	5.00
66-002	Decals, <u>water transfer</u> , for lower back door, (On/Off & Vol. Control), 2 pc. set	10.00
66-005	Decals, <u>Vinyl, peel & stick</u> , for lower back door, (On/Off & Vol. Control), 2 pc. set	8.00
92-039	Capacitor kit for Seeburg's: J, JL, V & VL200, using Amplifier #: HFMA1-L6 includes schematics & replacement values reference sheet	65.00
81-035	I.D. plate for HFMA1-L6, (High Fidelity Master Amplifier), not discountable	22.50
92-054	Capacitor kit for TSR1-L6 , Tormat Selection Recvr., includes: schematics & replacement values reference sheet, (does not include cap. for wallboxes)	35.00
92-055	Capacitor kit for TSR3-L6 , Tormat Selection Recvr., includes: schematics & replacement values reference sheet, (does not include cap. for wallboxes)	35.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburgs: M100A thru LPC480	12.00
37-009	Fuse, 3 amp or 3 2/10 amp Fustat, large screw in type, for Seeburg: M100A thru VL200 Selection Receivers, (these are for the operation of wallboxes)	8.00
91-004	Volume control pot. Models J/JL, V/VL, KS/KD, L100/101, Q & AY (mono.)	30.00
76-001	Volume control key <u>for original pots.</u> , (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
37-014	Plug, two flat prongs, used in TSR1, 2 & 3, (J7 plug for reject switch)	7.00

SEEBURG V200 of 1955 – 1956 and VL200 of 1956 – 1957 (Continued)

A-1 PART

72-003	Bulb, miniature #44 (selection indicator lamps) (2 required), each	\$1.00
72-008	Bulb, miniature #55 (credit lamps) (3), each	1.00
72-010	Bulb, miniature #63 (magazine ends "200") (2), each	1.50
72-011	Bulb, miniature #81 (5 for button headings 5), (2 for cabinet sides "Seeburg"), each	2.00
70-007	Fluorescent lamp 20 watt 24" T12, daylight, (program drum) (1)	7.00
70-006	Fluorescent lamp 20 watt 24" T12, cool white, optional color	7.00
70-011	Fluorescent lamp 25 watt 33" T12, daylight, recommended color (2), each	10.00
70-010	Fluorescent lamp 25 Watt 33" T12, cool white, optional color	10.00
70-050	Colored sleeve for T12 fluorescent lamp, (cut to your specified length), Specify: sleeve color: red, blue, green, yellow or pink, per foot	1.75
71-001	Ballast 14 to 20 watt, for 1 lamp, new square style, clamped core, white, each	12.00
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	12.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	20.00
71-028	Starter with condenser, FS-U 4 thru 25 watts , (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.50
71-016	Line cord 16/3 round, black, 11½ feet, with 90° flat molded plug	12.00
71-030	Outlet, 3-wire grounded duplex receptacle, (The Receiver plugs into this)	8.00
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	7.00

SEEBURG KS200 & KD200 of 1957 100 Records (200 Selections)

(KS indicates a single pricing unit,

KD indicates a dual pricing unit)

A-1 PART

80-034	Select-O-Matic 200 mechanism operation manual, for Seeburg KS200 and KD200 only, 26 pages, order R-48	\$19.50
80-038	Service manual & <u>parts list</u> for KS, KD & L100, 156 pages, order R-277	40.00
80-039	Installation, Operation manual & Troubleshooting guide for Models KS, KD & L100, 60 pages, order R-225	29.00
80-040	KS, KD & L100, Purchase R-277 and R-225, Save \$10.00, order R-277A	59.00
22-003	Lid glass, printed, (add \$30 for packaging & shipping)	65.00
22-012	Decal, water transfer, for lid glass, HIGH Fidelity & musical note, 2 colors	10.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, 5 to choose from, Specify: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
22-001	Side glass, printed per pair , (add \$20 for packaging & shipping)	140.00
22-002	Side glass, printed, left side, (add \$20 for packaging & shipping), each	75.00
22-007	Side glass, printed, right side, (add \$20 for packaging & shipping), each	75.00
69-004	Mechanism cover, molded plastic, (primed, gray primer), for Models: R, J/JL, KS/KD, L100/101, 161, 201, 220 & 222, Logo glass & frame not included	125.00
77-052	Glass logo for mech. cover, printed "SEEBURG", (gold leaf on back side)	50.00
68-050	Barrel screw, holds left side of Mech. cover at correct height, for Seeburg Models: R, J, JL, KS/KD200, L100, 101, 161, 201, 220 & 222, slotted head	7.00
68-051	Barrel screw, holds left side of Mech. cover at correct height, for Seeburg Models: R, J, JL, KS/KD200, L100, 101, 161, 201, 220 & 222, Phillips head	9.00
22-005	Instruction glass, left, (TO VIEW ENTIRE PROGRAM...), (for KS & KD200)	15.00
22-006	Coins and credit glass, right side, (make 10¢ selection only, etc.)	18.00
78-005	Latch bar solenoid for Electrical Selector, all metal frame, as original	60.00
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
73-009	Lens for button heading, located above selector switch arrow (5), each	12.00
73-010	Lenses for button heading, located above selector switch arrow, 5 piece set	55.00

70-006	Fluorescent lamp 20 watt 24" T12, cool white is recommended (1)	7.00
70-010	Fluorescent lamp 25 watt 33" T12, cool white is recommended (2), each	10.00
70-050	Colored sleeve for T12 fluorescent lamp, (cut to your specified length), Specify: sleeve color: red, blue, green, yellow or pink, per foot	1.75
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	12.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	20.00
71-028	Starter with condenser, FS-U 4 thru 25 watts , (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.50
71-016	Line cord 16/3 round, black, 11½ feet, with 90° flat molded plug	12.00
71-030	Outlet, 3-wire grounded duplex receptacle, (The Receiver plugs into this)	8.00
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	7.00

SEEBURG L100 of 1957 and**101 (Sometimes referred to as the L101) of 1958****50 Records (100 Selections)**A-1 PART #

80-038	Service manual & <u>parts list</u> for KS, KD & L100, 156 pages, order R-277	\$40.00
80-039	Installation, Operation manual & Troubleshooting guide for Models KS, KD & L100, 60 pages, order R-225	29.00
80-040	KS, KD & L100, Purchase R-277 and R-225, Save \$10.00, order R-277A	59.00
80-041	<u>Illustrated parts catalog</u> for Model L100 only , 42 pages, order R-1	26.00
80-042	KS, KD & L100, purchase R-277, R-225 and R-1, save \$23.00, order R-1A	72.00
80-043	Service manual & <u>parts list</u> for 101, 161 & 201, 128 pages, order R-278	38.00
80-044	Installation, Operate manual & Trouble Shooting guide for Models 101, 161 & 201, 90 pages, order R-111	36.00
80-045	Seeburg 101, 161 & 201, purchase R-278 & R-111, save \$9.00, order R-278A	65.00
80-046	<u>Illustrated parts catalog</u> for Model 101 only , 38 pages, order R-6	27.00
80-047	101, 161 & 201, purchase R-278, R-111 and R-6, save \$24.00, order R-6A	77.00

SEEBURG L100 of 1957 and 101**(Sometimes referred to as the L101) of 1958 (Continued)**A-1 PART #

23-005	Lid glass, L100 & 101, printed, (add \$30 for packaging & shipping)	\$65.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, 5 to choose from, Specify: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
23-001	Side glass, L100 only, printed, per pair , (add \$20 for pack. & ship.)	130.00
23-002	Side glass, L100 only, printed, left side, (add \$20 for pack. & ship.), each	70.00
23-006	Side glass, L100 only, printed, right side, (add \$20 for pack. & ship.), each	70.00
23-003	Side glass, L101 only, printed, per pair , (add \$20 for packaging & shipping)	130.00
23-004	Side glass, L101 only, printed, left side, (add \$20 for pack. & ship.), each	70.00
23-012	Side glass, L101 only, printed, right side, (add \$20 for pack. & ship.), each	70.00
69-004	Mechanism cover, molded plastic, (primed, gray primer), for Models: R, J/JL, KS/KD, L100/101, 161, 201, 220 & 222, Logo glass & frame not included	125.00
77-052	Glass logo for mech. cover, printed "SEEBURG", (gold leaf on back side)	50.00
68-050	Barrel screw, holds left side of Mech. cover at correct height, for Seeburg Models: R, J, JL, KS/KD200, L100, 101, 161, 201, 220 & 222, slotted head	7.00
68-051	Barrel screw, holds left side of Mech. cover at correct height, for Seeburg Models: R, J, JL, KS/KD200, L100, 101, 161, 201, 220 & 222, Phillips head	9.00
23-008	Program title glass, printed, (A1, A2, etc.), L 100 and 101 only	40.00
23-009	Instruction glass, left, (PRESS ONE LETTER KEY AND ONE NUMBER KEY)	12.00
23-010	Instruction glass, right, (3 PLAYS QUARTER – SELECT AFTER EACH COIN)	12.00
78-005	Latch bar solenoid for Electrical Selector, all metal frame, as original	60.00
77-050	Select glass, Seeburg G, W, R, J, JL, L100 and 101, green	6.50
77-051	Select glass, Seeburg G, W, R, J, JL, L100 and 101, blue	6.50
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
<u>Specify #</u>	Title headings for Seeburg program holders, Specify: a color and the A-1 part # from the list at the top of page 15, (11 or 12 piece assortment)	10.00
83-004	Plastic Stripper plate (clear), complete with 2 stylus-cleaning brushes, brush holders, and 6 screws, (all stainless steel hardware)	60.00
83-001	Plastic Stripper plate (clear), (with 6 stainless steel screws only)	50.00
83-002	Brush holders, hold stylus-cleaning brushes, (stainless steel), per pair	12.00
83-003	Brushes, stylus-cleaning, for plastic stripper plate, per pair	12.00
83-035	Stylus brush, Seeburg #405219, used to manually clean the styli & the brushes on the stripper plate, (See page 14 of the installation manual)	3.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	2.50
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	5.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
74-009	Styli for original Pickering/Seeburg redhead cartridge, (.7 mil diamond tip for all stereo and mono. records), per pair	50.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, each one is hand made in the U.S.A., Seeburg part # 245817, (for Models B through APFEAI)	8.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), hand made	14.00
78-003	Trip coil for mechanism, Models V with 2050 for trip through DS, each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, original style/metal can , for M100A thru STD4, not SX100, for all USA motors, not for Nidec motors	30.00

SEEBURG L100 of 1957 and 101**(Sometimes referred to as the L101) of 1958 (Continued)**A-1 PART #

78-024	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: L100, 101, Q100 & Q160, (This item is not discountable)	\$94.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	6.00
23-011	100 Select-O-Matic glass, round, for mechanism ends, each	22.50
68-009	Rivets and back-up washers, chrome plated, for selection playing plastic, (for Models KS/KD through 222), 15 rivets & 15 washers	5.00
23-007	Diffuser above grill, model L100, original shape and multi-colored, printed pattern: Red, Blue, Green and Orange, (can also be used on model 101)	37.50
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
76-009	Key for cabinet sides and back door, (not cash door), F313	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use with metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	10.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	10.00
76-058	Lock, 1 1/8" quality lock, hardware & 2 keys for lower back door	15.00
95-002	Graphics for rear upper cabinet, BLUE, vinyl transfer, (for Models L100, 101, 161, and 201), "SEEBURG SELECT-O-MATIC"	10.00
95-003	Graphics for rear door, BLUE, vinyl transfer, (Models L100, 101, 161, 201, 220 & 222), "MASTER VOLUME CONTROL" & "MAIN SWITCH", "RECORD REJECT"	12.00
92-041	Capacitor kit: Seeburg Models KS & KD200 and L100, Amp. #: 25PAU-1 , includes schematics & replacement values reference sheet	65.00
93-001	Printed circuit board, PAU for amplifier, (For Models KS, KD & L 100 only)	50.00
92-057	Capacitor kit for TEU1 , Tormat Electronic Unit, Seeburg Models: KS KD200 and L100, includes schematic & replacement reference sheet	35.00
93-002	Printed circuit board, TEU for receiver, (For Models KS, KD & L 100 only)	50.00
92-040	Capacitor kit: Seeburg Models 101, 161 and 201 using Amplifier #: HFMA2 , includes schematics & replacement values reference sheet	65.00
92-056	Capacitor kit: Seeburg Models 101, 161 and 201 using TSR6 , includes: Schematics & replacement values reference sheet, (does not include the capacitor for the Stepper that operates wallboxes)	35.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburgs: M100A thru LPC480	12.00
91-004	Volume control pot. Models J/JL, V/VL, KS/KD, L100/101, Q & AY (mono.)	30.00
76-001	Volume control key <u>for original pots.</u> , (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
93-001	Printed circuit board PAU for amplifier, (For Models KS, KD & L 100 only)	50.00
93-002	Printed circuit board TEU for receiver, (For Models KS, KD & L 100 only)	50.00
90-061	Tube socket / connector socket, 7 pin ceramic <u>pc mount</u> for pc boards in Seeburg Models KS200, KD200 and L100, each	5.00
90-062	Tube socket, 8 pin octal ceramic <u>pc mount</u> for holding 5U4, 6L6 & 2050 tubes in pc boards in Seeburg Models KS200, KD200 and L100, each	5.00
90-063	Tube socket / connector socket, 9 pin ceramic <u>pc mount</u> for pc boards in Seeburg Models KS200, KD200 and L100, each	5.00
72-001	Bulb, miniature #12 (selection playing indicator) (1)	3.00
72-008	Bulb, miniature #55 (credit lamp) (3), each	1.00
70-008	Fluorescent lamp 25 watt 28" T12, cool white is recommended (1)	10.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, optional color	10.00
70-050	Colored sleeve for T12 fluorescent lamp, (cut to your specified length), Specify: sleeve color: red, blue, green, yellow or pink, per foot	1.75

SEEBURG L100 of 1957 and 101**(Sometimes referred to as the L101) of 1958 (Continued)**A-1 PART #

71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	\$12.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	20.00
71-028	Starter with condenser, FS-U 4 thru 25 watts , (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.50
71-016	Line cord 16/3 round, black, 11½ feet, with 90° flat molded plug	12.00
71-030	Outlet, 3-wire grounded duplex receptacle, (The Receiver plugs into this)	8.00
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	7.00

SEEBURG 161 of 1958 80 Records (160 Selections)A-1 PART #

<u>Specify #</u>	Title headings for Seeburg program holders, Specify: a color and the A-1 part # from the list at the top of page 15, (11 or 12 piece assortment)	10.00
83-006	Brushes, stylus-cleaning, double sided	12.00
78-012	Cam switch bank, 8 switches, for mechanism w/stereo, Seeburg #249938	15.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	2.50
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	5.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
74-010	Styli, T shaped, for original Pickering/Seeburg cartridges, (.7 mil diamond tip for all stereo and mono. records), per pair	80.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, each one is hand made in the U.S.A., Seeburg part # 245817, (for Models B through APFEAI)	8.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), hand made	14.00
78-003	Trip coil for mechanism, Models V with 2050 for trip through DS, each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, original style/metal can , for M100A thru STD4, not SX100, for all USA motors, not for Nidec motors	30.00
78-022	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: <u>V200 with TSR3 receiver</u> , VL200, KS & KD200, 161, 201, 220, 222, AY100, AY160, DS100 and DS160, (This item not discountable)	94.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	6.00
78-005	Latch bar solenoid for Electrical Selector, all metal frame, as original	60.00
95-006	Graphics for mechanism ends, vinyl transfer, (for Model 222 only), Silver "HIGH FIDELITY and SELECT-O-MATIC", (2) Silver "S" and (2) Pink "S", original style graphics, 6 piece set	12.00
68-009	Rivets and back-up washers, chrome plated, for selection playing plastic, (for Models KS/KD through 222), 15 rivets & 15 washers	5.00
77-013	Credit & Instruction glass, left, (MAKE ANY SELECTION...)	18.00
77-014	Coins glass, right, (COINS NICKELS DIMES QUARTERS...)	10.00

SEEBURG 222 of 1958 – 1959 (Continued)A-1 PART #

68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	\$25.00
73-031	Diffuser above grill, original shape and printed aqua and red pattern	42.50
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
76-010	Key for cabinet sides and back door, (not cash door), F264	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use with metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	10.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	10.00
76-058	Lock, 1 1/8" quality lock, hardware & 2 keys for lower back door	15.00
81-013	I.D. plate, Model 222, (as original), no serial number, for back of cabinet	15.00
95-005	Graphic for rear upper cabinet, BLUE, vinyl transfer, (for Models 220 & 222 only), "SEEBURG STEREOGRAPHIC"	10.00
95-003	Graphics for rear door, BLUE, vinyl transfer, (Models L100, 101, 161, 201, 220 & 222), "MASTER VOLUME CONTROL" & "MAIN SWITCH", "RECORD REJECT"	12.00
92-042	Capacitor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. #: SHFA1 , includes schematics & replacement values reference sheet	80.00
92-045	Capacitor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. #: SHFA2 , includes schematics & replacement values reference sheet	80.00
91-002	Volume control pot. (for stereo amplifiers): SHFA1, SHFA2 and TSA1 through TSA10, Also: Stereo Amps. in Rock-Ola Models 1460 through 437	30.00
92-053	Capacitor kit for TSU1 thru TSU7 , Tormat Selector Units, in Seeburg Models 220 thru DS160, includes schematics & replacement values reference sheet, (does not include the capacitor for the Stepper that operates wallboxes)	32.50
92-025	Capacitor for Stepper, operates wallboxes in Seeburgs: M100A thru LPC480	12.00
76-001	Volume control key for <u>original pots.</u> , (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
72-001	Bulb, miniature #12 (selection playing indicator) (1)	3.00
72-008	Bulb, miniature #55 (credit lamps) (3), each	1.00
72-010	Bulb, miniature #63 (grill ornament lamps) (2), each	1.50
70-008	Fluorescent lamp 25 watt 28" T12, cool white is recommended, (2), each	10.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, optional color	10.00
70-050	Colored sleeve for T12 fluorescent lamp, (cut to your specified length), Specify: sleeve color: red, blue, green, yellow or pink, per foot	1.75
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	12.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	20.00
71-028	Starter with condenser, FS-U 4 thru 25 watts , (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.50
71-016	Line cord 16/3 round, black, 11½ feet, with 90° flat molded plug	12.00
71-030	Outlet, 3-wire grounded duplex receptacle, (The Receiver plugs into this)	8.00
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	7.00

**SEEBURG Q100 of 1959 – 1960 (Sometimes referred to as the AQ100)
50 Records (100 Selections)**A-1 PART #

80-052	Service & parts manual, Seeburg Q100 & Q160, 128 pages, order R-162	\$38.00

37-122	Same as A-1 Part # 37-121, Plug, Large, 11 prongs, but with a metal cover	15.00
37-125	Socket, for Large, 11 prong, Octal plug, each	10.00
37-131	Plug, 27 prongs, Jones plug for Seeburg Wired selection receivers	25.00
37-132	Socket, for 27 prong Jones plug	25.00

POLISH FOR METALS AND PLASTICS

Novus plastic polish: for cleaning and restoring plastics. Recommended for Use on: Plexiglas, Lexan, Lucite, Uvex and Acrylite. **Please Note:** The ideal polishing cloth is nonabrasive, absorbent lint free and disposable, (reusable cloths retain abrasive particles that will scratch plastic surfaces. Always use a new polishing cloth).

A-1 PART

RECORDS, (7" 45 R.P.M. RECORDS)

As of November 2010, our inventory consists of approximately 11,000 45 R.P.M. records. All of the 45s on our Regular Price list are "new". New to us means: "Never played and in Mint condition".

Our Newest Category of 45s is "Bargain Priced" 45s. Some of these 45s are used, however, all are guaranteed against defects.

A Blank Title Strip is included with every 45 R.P.M. record that we sell and Laser Printed Title Strips are \$.25 each.

All of our 45s are guaranteed against defects.

Because our stock of 45 R.P.M. records changes often, we do not offer a printed list of 45s. For a complete list of 45s, please visit our website:

www.jukeboxusa.com
