

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING.

KEEP AWAY FROM WATER

DANGER - Any appliance is electrically live even when the switch is off. To reduce the risk of death by electric shock:

1. Always unplug appliance immediately after using.
2. Do not use while bathing.
3. Do not place or store appliance where it can fall or be pulled into a tub or sink.
4. Do not place in, or drop into, water or other liquid.
5. If an appliance falls into water, unplug it immediately. Do not reach into the water.

WARNING - To reduce the risk of burns, electrocution, fire, or injury to persons:

1. This appliance should never be left unattended when plugged in.
2. Do not pull, twist, or wrap line cord around appliance.
3. This appliance should not be used by, on or near children or individuals with certain disabilities.
4. Use this appliance only for its intended use, as described in this manual. Do not use attachments not recommended by the manufacturer.

OPERATING INSTRUCTIONS

This styling brush is intended for household use. Use on Alternating Current (60 hertz) only. This unit is designed to be operated at 120V AC.

This appliance has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

GETTING STARTED

The brush's 5 ultra-high heat temperature settings and Instant Heat technology provide unique styling versatility for all hair types. If you have fine hair, a low temperature will provide the best results. If you have thick, wavy or hard-to-curl hair, keep the heat setting on high. You can vary the brush's temperature according to your particular need!

LED TEMP. CONTROL	HAIR TYPE
Power/Low 285°F	Delicate, thin, easy-to-style hair
Medium 310°F	Average-to-thick or treated hair
Med-High 330°F	Thick or wavy hair
High/Max 360°F - 395°F	Hard-to-style hair

STYLING WITH THE NEW TOURMALINE CERAMIC™ TECHNOLOGY EASY-GLIDE BARREL

The barrel of your new styling brush has a Tourmaline Ceramic™ Technology easy-glide surface, the newest technology. The Tourmaline Ceramic™ surface helps smooth down flyaways and frizzies. It evenly distributes heat so that the style you create has a salon-perfect, silky smooth, shiny finish.

The unique combination of heated Tourmaline Ceramic™ and stay-cool bristles provides better contact and superior styling for beautifully defined, lasting curls. The red bristles retain heat while styling and the black bristles stay cool for great curl results.

The new Tourmaline Ceramic™ Technology is a pleasure to work with and makes styling your hair easier and the results more professional. This means it's not only simpler to clean off styling product residue, etc., after each use, but you'll find that hair glides easily over the surface of the barrel as you're styling.

Never leave your curling brush on and unattended. However, should you fail to turn it the iron off, it will shut itself off automatically within 60 minutes.

USING INSTANT HEAT, THE 5 ULTRA-HIGH HEAT TEMPERATURE SETTINGS & UNIFORM HEAT RECOVERY SYSTEM

This styling brush features a ceramic heater that maintains constant temperature during use for precision styling.

This Instant Heat technology has 5 ultra-high heat temperature settings. There is a temperature range that's gentle and safe for every type of hair, from the finest to the curliest and most resistant, and helps you create the look you want. And that's not all. Conair's professional salon standards of engineering provide you with a uniform and improved heat recovery system that maintains the iron at constant temperatures. There is a constant surge of power to ensure that heat is continuously and quickly delivered for optimal styling results, unlike other units, which lose heat during use. This provides consistent styling power so that every strand of your hair is set with the same level of heat and comes out the same way for a perfect finish.

GET TO KNOW YOUR CURL DIMENSIONS™ STYLING BRUSH

WARNING: The barrel of the hot brush will get very hot within a few seconds and should not come in contact with skin after the hot brush is turned on.

CURLING IRONS ARE AVAILABLE IN THE FOLLOWING SIZES:

Model CD107

Model CD108

Model CD109

USER MAINTENANCE

Your hot brush is virtually maintenance-free. No lubrication is needed. Keep all vents and openings clear of dirt and dust. If cleaning becomes necessary, disconnect the hot brush from the power source, let it cool, and wipe exterior with a cloth. If any abnormal condition occurs, unplug the hot brush, allow it to cool, and return it for repair to an authorized service center only. No repairs should be attempted by the consumer.

CAUTION

NEVER allow the power supply cord to be pulled or twisted. Never wrap the cord around the hot brush. Damage will occur at the high flex point of entry into the hot brush, causing it to rupture and short circuit. Inspect the cord frequently for damage. Stop use immediately if damage is visible or if unit stops or operates intermittently.

STORAGE

When not in use, your appliance should be disconnected, allowed to cool, and stored in a safe, dry location out of reach of children. Do not jerk or strain cord at plug connections. Do not wrap the line cord around the appliance. Allow the cord to hang or lie loose and straight at the point of entry into the appliance.

LIMITED FIVE-YEAR WARRANTY
Conair will repair or replace (at our option) your unit free of charge for 60 months from the date of purchase if the appliance is defective in workmanship or materials.

To obtain service under this warranty, return the defective product to the service center listed below, together with your purchase receipt and \$5.00 for postage and handling. California residents need only provide proof of purchase and should call 1-800-3-CONAIR for shipping instructions. In the absence of a purchase receipt, the warranty period shall be 60 months from the date of manufacture.

ANY IMPLIED WARRANTIES, OBLIGATIONS, OR LIABILITIES, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL BE LIMITED IN DURATION TO THE 60-MONTH WARRANTY OF THIS WRITTEN, LIMITED WARRANTY. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

IN NO EVENT SHALL CONAIR BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES FOR BREACH OF THIS OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, WHATSOEVER.

Some states do not allow the exclusion or limitation of special, incidental, or consequential damages, so the above limitation may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

**WARNING:
IF YOU THINK
THE POWER IS OFF
WHEN THE SWITCH
IS OFF,
YOU'RE WRONG.**

KEEP AWAY FROM WATER

Everyone knows that electricity and water are a dangerous combination. But did you know that an electric appliance is still electrically live even if the switch is off? If the plug is in, the power is on. So when you are not using your appliances, keep them unplugged.

**ALWAYS UNPLUG
SMALL APPLIANCES**
