

MOTOROLA SPICE™

## Welcome

Introducing MOTOROLA SPICE™—stay in touch with your surroundings, feel connected, and experience new things at the touch of a button with the most affordable touch phone on the market.

Use the BACKTRACK™ touchpad for unobstructed navigation without blocking the screen.

**Note:** You may not have some features depending on your service provider.

## Your phone

Most of what you need is in the touchscreen and four simple keys on the front:

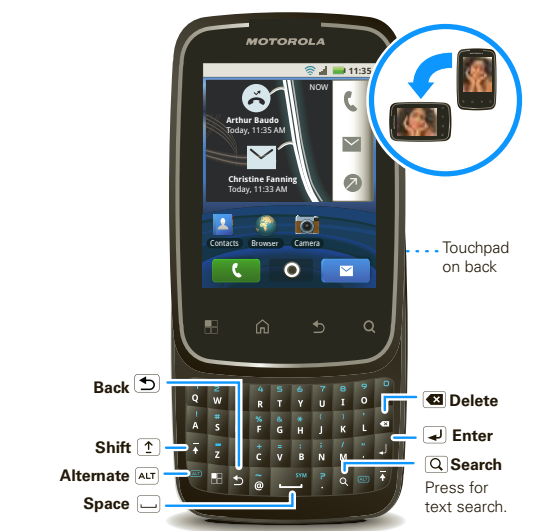

- **Menu:** Open menu options.
- **Home:** Go to the home screen.
- **Back:** Go back one screen.
- **Search:** Press for text search.

If you want a full keypad for texting or searching in your **Contacts** list, just slide your phone open.

**Tip:** You can set the screen to automatically adjust for you when you turn the phone. Touch Menu > **Settings** > **Sound & display** > **Orientation**.

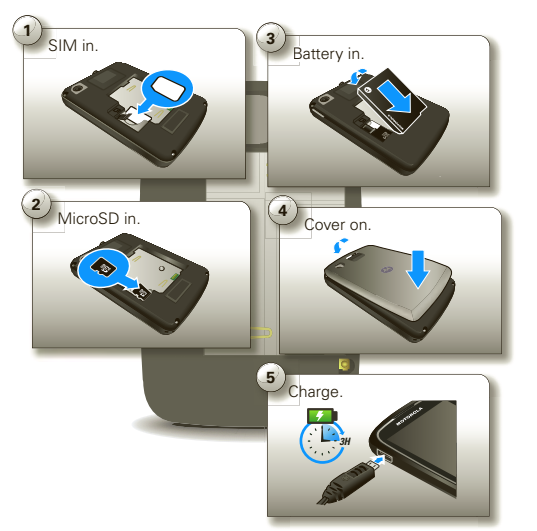

**Tip:** To turn on or off the BACKTRACK™ touchpad on the back of your phone, touch Menu > **Settings** > **BACKTRACK**.

## Let's go

**Tip:** Your phone comes with a microSD memory card already installed. Make sure it's inserted. Some apps, like camera and music, need the memory card to work.

**Caution:** Before assembling, charging, or using your phone for the first time, please read the important legal and safety information packaged with your product.

Create or log into a Google™ account. If you don't have a Google account, you can create one using the wizard. Enter your name and a password. Registration/sign on is secure, and should only take a few minutes.

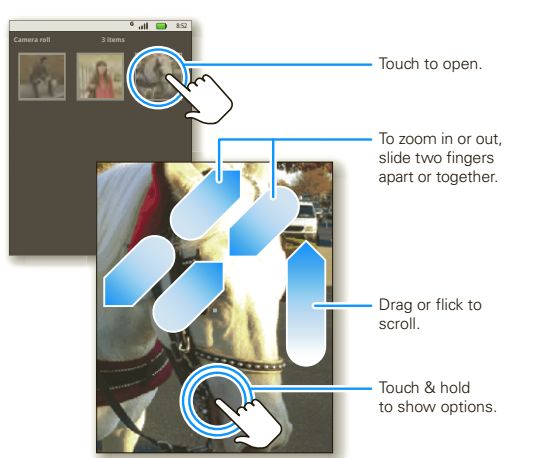

**Note:** This phone supports data-intensive apps and services. It is strongly recommended that you purchase a data plan that meets your needs. Contact your service provider for details.

## Touch tips

It's all in the touch:

- **Touch:** Choose an icon or option.
- **Touch & hold:** Open options.
- **Drag:** Scroll or move slowly.
- **Flick:** Scroll or move quickly.
- **Pinch:** Get a closer look at maps, web pages, or photos.

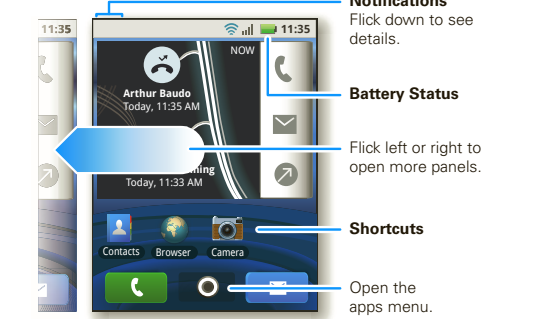

## Home screen

The home screen gives you all your latest information in one place. It's what you see when you turn on the phone or touch Home from a menu.

Use the widgets, shortcuts and panels to see what's important to you—whether it's home, work or play. To make the home screen yours, see "Personalize".

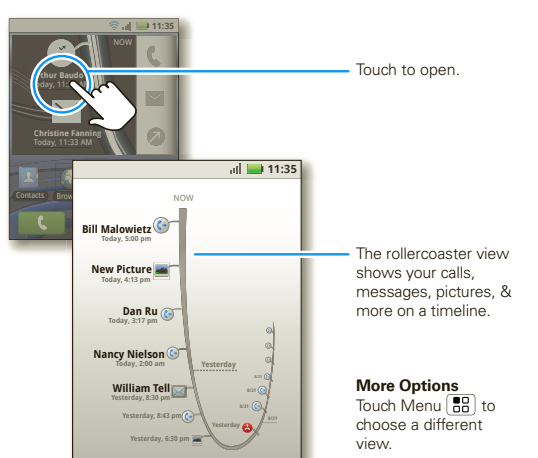

**Note:** Your home screen may look a little different.

## Flashback

Check out Flashback. It's a unique, fun way to look at your phone activity and manage your communications.

From the home screen, touch the Flashback widget to see your messages, calendar, pictures & videos, calls, Facebook™, and more.
