Play the FM Radio

1 Insert the headset into the phone. The earpiece acts as an antenna and must be inserted for the FM radio to function.

Inserting the headset changes **MESSAGE** to **FM RADIO** and **SETTING** to **SPEAKER** on the home screen.

2 To turn on FM Radio, press **FM RADIO**.

To turn off FM Radio, press **FM RADIO** again.

Press **SPEAKER** – play the radio through the speaker.
Press **EARPIECE** – play the radio through the headset.

Tip: The FM radio automatically tunes in to the lowest available frequency when you use it for the first time. After that, it tunes in to the frequency last used.

3 Use the navigation keys to control the radio:

Press ·Ô· left or right – adjust the frequency.
Press and hold ·Ô· left or right – scan to the next usable frequency.
Press ·Ô· up or down – adjust the volume.

Tip: Set radio presets by tuning in to the station, then pressing and holding a number on the keypad. The Stored window displays when the preset is set.

Take, Store, and View Pictures

1 You can take and save pictures on your phone.

To take a picture, press ▤ and select **Multimedia > Camera**.

2 Point the camera lens at the subject and press **CAPTURE**.

Tip: Press ·Ò· up or down to zoom in or out. Press ·Ò· right or left to increase or decrease brightness.

3 Select **STORE > Store Only** to store picture. Select **STORE > Apply as Wallpaper** to set picture as wallpaper. Select **STORE > Apply as Phonebook Entry >** contact to assign picture to caller ID.

Tip: Press **DISCARD** to discard the picture.

4 To view pictures, from the home screen press ▤ and select **Multimedia > Pictures**. Scroll to the picture and press **VIEW**.

Use the Lantern

1 The lantern lets you to change your phone's idle display into a flashlight.

An incoming event such as a call, message, or alarm turns the lantern off immediately.

2 To turn on the lantern, press ▦ and select **Office Tools > Lantern.**

Press any key to turn off the lantern.
