# Inverters HW1000i

## Inverters: DC and AC Power

When you're ready to go camping, tailgating or just need a portable power supply, the Honeywell HW1000i provides portable, quiet and clean power for all your recreational needs. Provides a powerful 1000 watts of power and weigh only 27 lbs., this unit uses unleaded gas and will run 6 hours on a full tank, providing 120V outlet power and 12V DC charging power - just in case you need to charge your car, boat, motorcycle or RV batteries.

The HW1000i is an inverter generator so it provides very clean power to run high performance electronics like plasma TV's and computer equipment. For safe, clean, portable power you can take anywhere, the Honeywell HW1000i is just the right size for you.

### Features

- **Smart Start™** - Comes with step-by-step starting controls and 24-hour instructions at 1-888-RECOIL-8.
- **DC and AC overload protector with indicator light.**
- **Economy Mode** - Saves fuel and reduces noise.
- **Built in handle** offering complete portability.
- **Durable** - Backed by a 2-year limited warranty.

<sup>1</sup> To power a combination of these, refer to the wattage chart in your owners' manual.
