

Electro-Voice®
High Fidelity Speaker System

EVS-15B
ten inch, three way system

EVS-15B

ten inch, three way system

The EVS-15B is a speaker system of outstanding value, providing the performance of much larger systems. A series of subtle refinements in materials, engineering knowledge, and production techniques over the past decade has resulted in dramatic improvement of sound quality. Now this acoustic suspension bookshelf enclosure provides thrillingly lifelike sound with any type of music. This speaker is higher in efficiency than many sealed systems, requiring less amplifier power for realistic sound levels. Excellent transient response. Styled with a contemporary dark brown fabric and walnut-grain vinyl on all four sides.

FEATURES—Ten-inch woofer with sealed foam half-roll surround provides stable suspension, allows long linear movement. Five-inch midrange cone designed specifically to reproduce just two octaves precisely and

efficiently. Clean and clear reproduction of the important "presence" range which contributes so much to the life and vibrancy of music. Special 2-inch cone tweeter provides wide dispersion to upper limits of audibility. Deluxe LCR crossover controls input to each driver. Tweeter level control enables matching to room acoustics or personal taste.

SPECIFICATIONS

Response	40 to 20,000 Hz
Nominal Impedance	8 ohms
Suggested amplifier rating,	
RMS per channel, 8 ohms	10 to 60 watts
Crossover Points	700 and 3000 Hz
