Designed for the Way We Work

There's now an easy way to stay connected with the Nokia E63. Check important emails for work or communicate with friends conveniently on-the-go. Or, make internet bookings whenever you need to, wherever you are. Sharing your media has never been more fun!

Features at a glance

- Stay on top of both work and personal emails, and set it up easily with the email set-up wizard.
- With both wi-fi and 3G, choose the fastest and yet most cost effective way of web browsing, instant messaging, and of course, sending emails.
- Access PC files from anywhere, or share photos on social networks, the Nokia E63 does both and more.
