## Technology overview

### ReadyScan LED technology

This energy-efficient light source uses less power, while ensuring greater productivity. And, there's no warmup time required. With no mercury, this LED technology is better for the environment.

### Photo restoration with Easy Photo Fix®

Dig out that shoebox full of old, faded photos and restore the color with just one touch. Just lay your faded photo on the scanner bed and, with a simple mouse click, you can bring those faded photos back to life. You'll be amazed at how quick and easy it is.

### High-rise, 180-degree lid

Perfect for scanning scrapbooks, photo albums or 3D objects, this unique feature allows you to lift the scanner lid 180 degrees to accommodate oversized originals.
