

Sunbeam

Citrus Juicer

INSTRUCTION BOOKLET.

Sunbeam's Safety Precautions.

SAFETY PRECAUTIONS FOR YOUR CITRUS JUICER.

- Switch power outlet off and unplug before cleaning.
- Attachments are not dishwasher safe.

SAFETY PRECAUTIONS FOR ALL ELECTRICAL APPLIANCES

Sunbeam are very safety conscious when designing and manufacturing consumer products, but it is essential that the product user also exercise care when using an electrical appliance. Listed below are precautions which are essential for the safe use of an electrical appliance:

- Read carefully and save all the instructions provided with an appliance.
- Always turn the power off at the power outlet before you remove a plug. Remove by grasping the plug - do not pull on the cord.
- Turn the power off and remove the plug when the appliance is not in use and before cleaning.
- Do not use your appliance with an extension cord unless this cord has been checked and tested by your electricity supplier or qualified technician.
- Always use your appliance from a power outlet of the voltage (A.C. only) marked on the underside of the appliance.
- Close supervision is necessary when your appliance is being used near children or infirm persons.
- Never leave an appliance unattended while in use.
- Young children or infirm persons should be supervised to ensure that they do not play with the appliance.
- Do not use an appliance for any purpose other than its intended use.

- Do not place an appliance on or near a hot gas flame, electric element or in a heated oven. Do not place on top of any other appliance.
- Do not let the power cord of an appliance hang over the edge of a table or bench top or touch any hot surface.
- Do not immerse in water.
- For safety reasons and to avoid maintenance by unskilled persons, some appliances are 'sealed' using tamperproof means as specified by S.A.A. (Standards Association of Australia). Such appliances should always be returned to the nearest Service Centre for adjustment or repair if required.
- Do not operate any electrical appliance with a damaged cord or after the appliance has been dropped or damaged in any manner; If damage is suspected, return the appliance to the nearest Service Centre for examination, repair or adjustment. As a service to Customers, Service Centres will carry out a free check on your appliance to ensure it is electrically safe.
- For additional protection Sunbeam recommend the use of a residual current device (RCD) with a tripping current not exceeding 30mA in the electrical circuit supplying the power outlet in use.

If you have any concerns regarding the performance and use of your appliance, please ring our Toll Free number (Australia only) 1800 025 059. New Zealand - contact the Sunbeam Office in Auckland on 09 912 0747.

Ensure the above safety precautions are understood.

تأكد من تفهم احتياطات السلامة المذكورة اعلاه

請務必理解上述的安全預防措施。

Assurez-vous que les précautions ci-dessus relatives à la sécurité sont bien comprises

Versichern Sie sich daß die obenstehenden Sicherheitsmaßnahmen Verstanden werden

Βεβαιώστε πως οι παραπάνω προφυλάξεις ασφαλείας γίνονται κατανοητές

Pastikan bahwa tindakan-tindakan keselamatan seperti di atas dimengerti anda

Accertatevi che le suddette norme di sicurezza siano comprese a dovere

上記の注意事項をよくお読みになり、安全を御確認ください

Уверете се дека погоре споменатите мерки на претпазливост се добро разбрани

Asegúrese de que las precauciones de seguridad precedentes sean bien comprendidas

کاری بکنید کہ احتیاط‌های بالا حتماً درک بشوند

ต้องแน่ใจว่า ข้อควรระวังเรื่องความปลอดภัยข้างต้น เป็นที่เข้าใจกันดี

Yukarda belirtilen güvenlik önlemlerinin anlaşıldığından emin olunuz

Xin kiểm chắc rằng những biện pháp làm an toàn kể trên được hiểu rõ

Features of your Sunbeam Citrus Juicer.

Cover

Protects fresh juice in the jug when chilling in the refrigerator and also acts as a dust cover during storage.

Large Juicing Cone

Extracts juice from large citrus fruits, such as oranges.

Small Juicing Cone

Ideal for extracting juice from small citrus fruits, such as limes.

Variable Pulp Control

Adjustable pulp control enables you to select the amount of pulp in your juice.

Supersize 1Ltr Removable Jug

The removable jug enables you to take juice to the table or store it in the fridge.

Reversible Motor

With a powerful juicing motor, the reversible motor turns in different directions automatically to extract the maximum of juice.

Cord Storage

Tidy cord storage stores unwanted cord.

How to use your Sunbeam Citrus Juicer.

Before use

Before using your Sunbeam citrus juicer for the first time, apart from the motor base, wash all parts in warm soapy water. Rinse and dry thoroughly.

1. Place the citrus juicer jug onto the motor base.
2. Select the cone size desired, depending on the size of fruit you are going to juice.
3. Cut citrus fruit in half, cutting across segments.
4. Plug the power cord of the citrus juicer into a 230-240V power outlet and turn power on.
5. Press fruit down onto the cone and the juicing action will start automatically.
6. Lift the fruit off the cone and juicing action will stop automatically.

Juicing Tips.

- Fruit juiced at room temperature will yield more juice.
- Roll fruit between palm of your hand and the bench top before cutting, to loosen fibres.
- Push fruit from side to side against cone while juicing to extract all the juice.

Care and Cleaning.

Unplug and remove all parts from the motor base before cleaning.

Motor Base

Wipe with a damp cloth. Never immerse in water or other liquids. Never use harsh abrasives or detergents.

Jug, Pulp Basket, Cover and Juicing Cones

Wash in warm to hot water using a mild detergent.

Note: Do not wash any parts of the citrus juicer in a dishwasher. The hot water temperature and harsh detergents may ultimately warp or scratch these parts.

Storage

Sunbeam suggests your citrus juicer be kept on a dry bench top in your kitchen, where it will always be ready for use. The cover will keep your citrus juicer free from dust.
