

Nokia 7210

The Nokia 7210 represents the ultimate in style, combining the best of design and technology. The first things to catch your eye are the daring design, high-resolution color display, a radical keypad with 4-way scroll, back cover with an oval decoration, and the latest Xpress-on color covers. And with exciting features such as Java technology, polyphonic ringing tones, multimedia messaging and tri-band global network coverage, the Nokia 7210 has as much going for it on the inside as it does on the outside. Offering color images and stereo sound combined with a striking exterior, it illustrates the latest synergy of mobile fashion and cutting-edge technology. The Nokia 7210. Heads will turn.
