

BlackBerry 8800™

The BlackBerry 8800 is a premium full keyboard handheld for business customers

Designed for...

Customers that want key services like email, Internet browsing, data applications and voice on one device.

A bit more detail...

- Latest trackball User Interface – easier and faster navigation
- Internal GPS receiver – international route planning service brought to life with BlackBerry Mapping Service
- High-capacity battery 1400 mAh
- Large high resolution screen for easy viewing of data
- Voice Activated Dialling
- Advanced noise and echo cancellation – hear callers more clearly
- 64MB Flash memory – plenty of space for data and applications
- Quad-band – GSM 850/900/1800/1900 MHz can be used in Europe and North America.

A few great reasons to choose the BlackBerry 8800

- Enables you to work anytime anywhere
- This all-in-one device makes life easy with push email, browsing, applications, text and voice
- Includes Bluetooth that is compatible with wireless kits and headsets
- Inbuilt GPS identifies current location and gets a route plan to any address including the contacts stored in the address book
- Enhanced phone experience – dedicated Volume, Send, End and Mute keys.

BlackBerry 8800™

The BlackBerry 8800 is available with both our BlackBerry Enterprise Solution™ and BlackBerry Internet Service™.

BlackBerry Enterprise Solution

Get secure and easy access to your business email, calendar, tasks, contacts, company data, Intranet and the Internet. The 'always connected' device that integrates with your existing systems via the BlackBerry Enterprise Server.

BlackBerry Internet Solution

Integrate up to 10 email accounts directly with your BlackBerry device. Get access to your Internet Service Provider (ISP) emails, and other supported email accounts – email accounts that allow email forwarding and company Microsoft® Exchange or Lotus Domino® email accounts that allow access via a web browser.
