**Treo™ 700P**  
SMARTPHONE

### Seize the day single-handedly.

- The Palm® Treo™ 700P smartphone features power, elegance, and Palm's famous ease of use.
- One-touch access to your most frequently used applications.
- Intuitive 5-way navigation gives you single-handed control over the details of your busy life.
- Integrated, backlit QWERTY keyboard makes typing email and text messages and editing documents fast and familiar.

### Move faster on a broadband network.

- Keep up on EvDO—one of the fastest networks available in the U.S.—with average download speeds of 400kbps to 600kbps.<sup>1</sup>
- Access the web right from where you're standing using our speedy, award-winning Blazer® web browser.<sup>2</sup>
- Download large attachments and access corporate data on the spot.<sup>2</sup>
- Take advantage of EvDO speeds on your laptop by using your Treo 700P as a wireless modem.<sup>1,3</sup> No other hardware is necessary.

### Use the familiar Palm OS® platform.

- Runs on the easy, familiar Palm OS® operating system so there's no tapping or flipping through the menu maze to find what you need.
- Stay on track with the built-in organizer—Calendar, Contacts, Tasks, and Memos right at your fingertips.
- Dial by name from Contacts, address an email instantly, or launch a URL from a text message.<sup>2</sup>
- Customize your device by adding any of the thousands of available Palm OS applications and accessories.

### Centralized solution for email and messaging.

- Send and receive email from multiple corporate and personal email accounts.<sup>2</sup>
- Access popular commercial accounts including AOL, Gmail, and Yahoo!, right out of the box.
- Set up wireless access to Outlook® email<sup>2</sup> with a direct connection to Microsoft® Exchange Server 2003. Third party solutions also support Lotus Notes/Domino and Novell GroupWise environments.
- Threaded SMS/MMS messages in a single chat view let you keep the conversation going.
- Send calls to voicemail and automatically respond with a discreet text message when you can't take a call.<sup>2</sup>

### Get documents on demand.

- 60MB of dedicated user storage gives you plenty of room to download and carry your important documents. Store even more data and applications on SD expansion cards, sold separately.
- Download, view, and edit native Word and Excel® files with Documents To Go® version 8.0.<sup>2</sup>
- Rehearse PowerPoint presentations anywhere and consult your important PDF files on the go.

### Streaming video, amazing pictures, and your favorite tunes.

- Use the 1.3 megapixel camera to shoot high-resolution digital images and send them on the fly from the same application.
- Listen to your favorite MP3 files.
- Capture moments on video,<sup>4</sup> play them back on the bright, beautiful screen, then quickly send them to friends.<sup>2</sup>
- Wirelessly stream music and video—even watch live TV—over the fast EvDO network.<sup>1</sup>

<sup>1</sup> Within EvDO data wireless service coverage area only. Download speed claim based on network tests with 1.0MB FTP data files, without compression. Actual speeds may vary. Backwards compatible with 1xRTT and IS95 networks.

<sup>2</sup> Within wireless coverage area only. Email, web, and messaging require data services from a wireless service provider at an additional cost. ISP and/or VPN may also be required.

<sup>3</sup> Additional service charges may apply. Connection via USB sync cable (included in box) or Bluetooth technology.

<sup>4</sup> Length of video contingent upon available memory.
