K25

The K25 is a back-up cutter for large kitchens or can be used as a multi-purpose machine in small kitchens to chop, mix, emulsify and knead or for preparation of mousses and pâté of vegetables, meat and fish.

601198

FEATURES

- Stainless steel bowl (3 litre capacity) with central tube.
- Transparent polycarbonate cover.
- The various parts of the machine are easily cleaned thanks to the smooth surfaces. The knife block is designed to facilitate cleaning.

- The speed of rotation of the one piece rotor-1.500 rpm - allows all sorts of preparations to be carried out in a matter of seconds.
- The blades are angled and the base of the bowl is conical to ensure consistent mixing.
- A "no-volt release" system prevents any accidental starting of the machine.
