Regular Screwdriver

Phillips Screwdriver

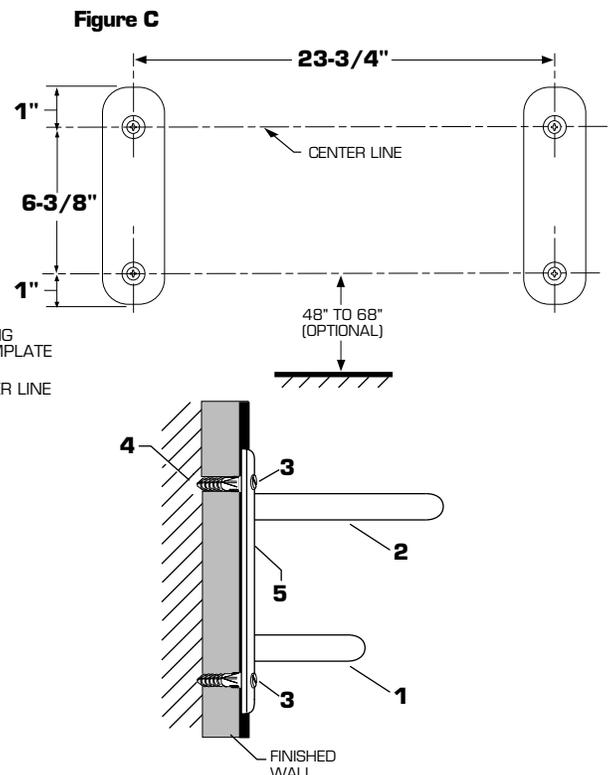

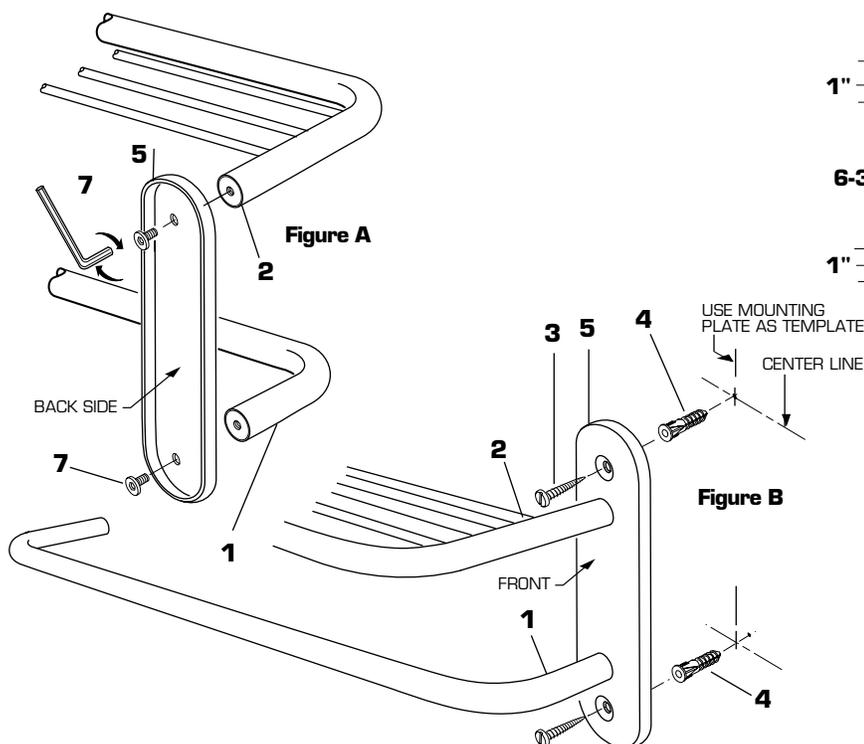

CARE INSTRUCTIONS:

DO: SIMPLY RINSE THE PRODUCT CLEAN WITH CLEAR WATER. DRY WITH A SOFT COTTON FLANNEL CLOTH.

DO NOT: CLEAN THE PRODUCT WITH SOAPS, ACID, POLISH, ABRASIVES, HARSH CLEANERS, OR A CLOTH WITH A COARSE SURFACE.

1 24" TOWEL SHELF with TOWEL BAR

- Install 24" TOWEL SHELF (2) and TOWEL BAR (1) onto front of MOUNTING PLATES (5) (see **Figure A**). Secure and tighten the HEX BOLTS (7), from back of MOUNTING PLATES (5) to secure.
- The 24" TOWEL SHELF (2) with TOWEL BAR (1) works best if secured to a wall stud or cross brace within the wall, using the SCREWS (3) supplied.
- Determine desired height and location (optional) and mark a center line. For the 24" TOWEL BAR (2) mark a centerline 24" horizontally from the first location. Using the MOUNTING PLATE (5) as a template mark the two spots for the ANCHORS (4). Repeat for the other MOUNTING PLATE (5). If MOUNTING PLATE (5) is secured to a stud or cross brace drill small pilot holes for SCREWS (3). (see **Figure B**).
- **For installations on drywall**, use ANCHORS (4) and SCREWS (3) for securing MOUNTING PLATE (5) to wall. Drill two 1/4" dia. holes then press into drywall until it is seated flush with the wall. Place MOUNTING PLATE (5) over ANCHORS (4) and insert SCREWS (3) provided with #2 Phillips screwdriver. See illustration below. Secure MOUNTING PLATE (5) to wall with SCREWS (3).
- **For installations on tiled walls**, If ANCHORS (4) and SCREWS (3) are used for securing MOUNTING PLATE (5) drill two 1/4" dia. holes a minimum of 1-1/4" deep. Insert the two ANCHORS (4) flush with face of the finished wall. Secure MOUNTING PLATE (5) to wall with SCREWS (3).
