Disclaimer:

The configuration guides shown here are for the base configuration of this device. The features of the base model may not match the reviewed model and vendor's configuration may vary due to changing specifications of devices and availability. If you need further assistance, please dial 1800-1-1-IDEAS (1800-4-1-43327) for general IDEAS enquires or and for technical enquiries on wireless and network connectivity issues. For other issues, please refer to your respective device manufacturer.

Welcome to the setup guide for **IDEAS (GPRS)** via your **Samsung I700**. This is where we will show you how to configure your PDA to enjoy wireless surfing on the move.

Postpaid customers

1. I want to do manual setup for **IDEAS WAP (GPRS)** to access the IDEAS WAP portal
2. I want to **enjoy Multimedia Messaging Service (MMS)** as:
For sending and receiving MMS messages via your mobile phone. You must have a GPRS enabled phone with a GPRS subscription and have **already configured your phone**
3. I want to do manual setup **IDEAS Internet (GPRS)** to access the Internet while on the move
4. I want to read my **email** on the move
To set up your email account to access emails via your mobile phone while on the move. You must have a POP3 email account, e.g. Singnet Email.

Prepaid customers

5. I want to **send and receive MMS.**
6. I want to **access IDEAS WAP portal** via CSD
7. I want to **access Internet** via CSD

1. I want to setup IDEAS WAP (GPRS) to access the IDEAS WAP portal
