MERCHANDISING SOLUTIONS

18" Display Merchandiser

Merchandises two large pizzas in only 18-1/2" of counter space. Features adjustable infinite temperature controls up to 180°F for each shelf. Each shelf is individually heated keeping pizza and other menu items at proper temperature to serve hot, fresh, and fast. Two stainless steel solid heated shelves (17-1/2"W x 17-1/2"D) easily hold two 16" pizzas. Two 60 watt incandescent lights "showcase" food for better impulse sales. Plastic top allows for application of attractive and colorful "Fresh & Fast" graphics to enhance grab and go impulse sales. Thermometer is located on the interior side of the unit for easy reading. Bottom control panel houses on/off switch and two individual temperature control knobs. Constructed of heavy-duty aluminum corner posts and a 3/16" thick glass door with full length handle that stands up to commercial use.

18MCP

Model Number	Capacity	Overall Dimensions W x D x H	Electrical
18MCP	(2) 16" Pizzas	18-1/2" x 19-5/8" x 24-7/8"	120/240V, 255W

Heat Lamps

Heat lamps will ensure your menu items are kept hot and warm until ready to serve. The 250 watt bulbs (2 on “C” frame and 3 on “U” frame models) warm a variety of food products. Adjustable height ranges from 20” to 29” to accommodate different heat level requirements for different products. On/off switch conveniently located on side of frame away from high heat area for easy operation. Large warming area: 14HL Series - 12” x 20” on 2-bulb “C” frame units, 34HL Series - 18” x 26” on 3-bulb “U” frame units. Anodized aluminum shades direct heat where needed. Units are constructed with 1” square plated steel tube arms.

Model Number	Description	Overall Dimensions W x D x H	Electrical
14HL	Complete Heat Lamp, w/2 white bulbs, aluminum pan, screen, and s/s base, 12” x 20” heat area	14” x 24” x 20”	120V, 500W
