POUR & GONE

Drain Opener & Maintainer

POUR & GONE is a powerful alkaline drain opener and maintainer. This product will clear clogged drains of hair, paper, grease, oil and other organic matter. Keeps drain lines open and thus reduces malodors. The caustic chemicals convert grease-like matter from hard insoluble matter to soapy water soluble material.

CAUTION: Do not mix with other chemicals.

PRECAUCIÓN: No mezcle con otros químicos.

DIRECTIONS:

FOR STOPPED UP DRAINS: Remove standing water. Pour 1/4 to 1 cup product into drain depending on drain size. Allow to remain from 10 to 20 minutes. Add hot water. If drain does not flow freely, add more hot water and use plunger and repeat procedure if necessary.

FOR SLOW RUNNING DRAINS: Remove standing water. Pour 1/4 to 1 cup product into drain and let stand 5 minutes. Add hot water. Use plunger if necessary.

MODO DE EMPLEO:

PARA CAÑOS TAPADOS: Remueva el agua estancada. Vierta de 1/4 a 1 taza de producto en el caño, dependiendo de su talla. Permita que actúe por 10 a 20 minutos. Añada agua caliente. Si el agua no fluye libremente, añada más agua caliente y use un destapacaños y repita el proceso si es necesario.

PARA CAÑOS QUE FLUYEN LENTO: Remueva el agua estancada. Vierta de 1/4 a 1 taza de producto en el drenaje y permita que actúe por 5 minutos. Añada agua caliente y use un destapacaños si es necesario.
