

Works extremely well on all hard surfaces, such as lexan, glass, brick, brass, chrome, marble, tile, etc... Graffiti Off also removes paint, ink, tar, and marking pen from vinyl seats.

USE ON: Buses, Trains, Bridges, Road signs, Walls, etc... Graffiti Off can be used on all hard surfaces. Excellent to remove scuff marks from racquetball court walls.

You should always pre-test an inconspicuous area first, such as; asphalt, tile, painted and some soft plastics and lexan or any surface susceptible to solvent damage.

Siempre debe probar en un lugar poco visible en áreas como; asfalto, mosaico, superficies pintadas, algunos plásticos suaves, lexan u cualquier superficie susceptible a ser dañada por solventes.

DIRECTIONS FOR USE: Shake well before using. Pre-test on hidden area as indicated above. On smooth surfaces, spray directly on surface, allow Graffiti Off to react with markings, and wipe away. On rough surface, spray directly on surface and use brush to remove markings - dry with cloth.

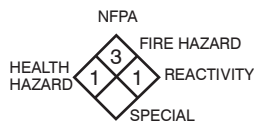

MODO DE EMPLEO: Agite bien antes de usar. Pruebe en un área escondida como se indica. En superficies lisas, rocíe directamente y permita que Graffiti Off reaccione con las marcas y limpie. En superficies rasposas, rocíe directamente y use un cepillo para remover las marcas. Seque con un trapo.

DANGER: EXTREMELY FLAMMABLE. Contents under pressure. Do not use near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Never throw into fire or incinerator.

PELIGRO: EXTREMADAMENTE INFLAMABLE. Contenido bajo presión. No se use cerca del fuego, chispas o llama abierta. No pinche o incinere el contenedor. Exposición a temperaturas por encima de los 120°F puede causar explosión.

CONTAINS (CAS#): Xylene (1330-20-7), Propane/n-Butane (68476-86-8), Tripropylene Glycol Methyl Ether (25498-49-7), Diethylene Glycol Butyl Ether (112-34-5), Monocyclic Terpene (5989-27-5), Acetone (67-64-1).
