La instalación y la puesta en marcha sólo debe realizarse por personal especializado considerando esta guía de instalación y todas las normas vigentes. Asegurarse de la aptitud eléctrica, mecánica y térmica de la luminaria para la aplicación y comprobar la fijación segura de la luminaria después de su instalación.

Apagar la corriente siempre antes de cambiar la lámpara o de realizar algún trabajo en esta (p.ej. Limpieza).

Esperar hasta que se enfríe la luminaria y la lámpara completamente. Tener en cuenta las instrucciones de montaje del fabricante al poner, cambiar y usar la lámpara.

Para la limpieza de la luminaria utilizar una tela suave húmeda.

Para limpiar componentes de plástico y reflectores puede usar también un limpiador neutral sin alcohol que no roce el material.

Guardar esta guía de instalación para trabajos de mantenimiento.

La luminaria sólo debe instalarse en posición vertical.

Nunca tapar la luminaria con recubrimientos aislantes térmicos o materiales similares.

La luminaria no es apta para utilizarla en el exterior.

Cambie de inmediato los vidrios y las tapas de protección dañados.

Para modificaciones futuras en la luminaria no se asume ninguna responsabilidad.
