Emerald Green

White

LG front load washers exceed Energy Star® classifications by a minimum of 39%.

NSF certifies the SANITARY course which is intended for reducing 99.9% of bacteria and other harmful microscopic organisms on laundry.

FRONT LOAD WASHERS

Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our 13" high drawer pedestals. It also doubles as a great place to store laundry products.

Electronic Control Panel with Dial-A-Cycle™

Intuitive controls allow you to "press and go".

Direct Drive Motor

Power is delivered right to the drum from the motor without belts, resulting in a highly durable, powerful and quiet washing machine.

SenseClean™ System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.

Sanitary Cycle

Get tough stains and bacteria out of dirty clothes with this special cycle that boosts water to 158°F.

LoDecibel™ Quiet Operation

Direct Drive and auto balancing reduced noise dramatically compared to conventional motors.
