Invacare® Ranger II™ Power Wheelchair Rear-Wheel Drive

Yes, you can.™

Yes, you can.™

Rear-wheel drive is the traditional configuration for power chairs. Rear-wheel drive chairs excel at delivering a stable ride over a wide range of terrain. The Invacare® Ranger II™ power chair, with its outstanding features, performance characteristics, and all-around good looks, stands out as the best rear-wheel drive choice available.

Highlights

- Exciting frame colors
- Quiet and efficient direct-drive system
- Choice of back heights from 16" - 20"
- Adjustable-angle back
- Telescoping front riggings
- Full switch option capability on Ranger II standard
- Adult height seat-to-floor frame and hemi height available
- 300 lb. weight capacity on Ranger II standard
- 250 lb. weight capacity on Ranger II basic

Styling

Up to now, this class of products was characterized by aesthetically old-fashioned, unappealing choices. By comparison, the beautiful styling of the Invacare® Ranger II™ power chair brings this product class to new visual heights.

Standard Features

- MKIV™-R11 control system
- Invacare® Virtual Service™
- Separate, easy-to-remove battery boxes
- 22NF battery size for 16," 18," and 20" wide adult and hemi seat models*
- UI battery size for 14" wide models*
- Closed-loop system to help maintain speed and direction, even downhill
- Automatic motor locks
- Dynamic (on-demand) braking with regeneration
- True free-wheeling with motor lock release
- Exclusive 8-amp dual-mode automatic battery charger
- In-line casters to improve indoor maneuverability

* Batteries not included.

Components disassemble for easy transport
