Invacare® Pronto™ M50 Power Wheelchairs

Yes, you can.™

Yes, you can.™

The new Invacare® Pronto™ M50 power wheelchair with SureStep™ has a great stylish look complete with exceptional maneuverability and true center-wheel drive performance in a compact size. Its innovative SureStep technology provides a smooth less jarring ride over transitions and thresholds up to two inches while keeping six wheels on the ground for stability. With the Pronto M50, consumers can maneuver safely and comfortably in and around the home.

SURE STEP

SureStep™ Technology

SureStep technology provides optimum traction and stability as the Pronto™ M50 drives over transitions and uneven ground up to two-inches in height. The powerful motors lift the front casters to assist with changes in height for a smooth, less jarring ride over rough surfaces. SureStep technology allows six wheels to remain in contact with the ground to maximize performance, improve stability and enhance comfort for a more controllable power chair.

Front casters lift up to accommodate transitions up to two-inches for a smooth and controllable ride.

SureStep design flexes to maintain drive-wheel traction and pulls the chair over obstacles and transitions.

Six wheels remain on the ground for maximum stability, maneuverability and accessibility.

FEATURES

- SureStep technology allows for smooth driving over thresholds and transitions
- Stylish design with choice of Candy Red or Deep Blue shroud colors
- Compact size for the tightest overall turning radius possible
- True center-wheel-drive system for intuitive driving
- 6 wheels on the ground provide optimum stability
- Limited programmable MKIV™-R11 LP electronics for maximum function and precise driver control
- Adjustable joystick mount
- Medium Back van seats and flip-up adjustable-height arms for added comfort
- Powerful 350-watt, high-torque motors for reliable performance
- Regenerative braking and automatic motor locks for dependable stopping
- 3-amp on-board charger for convenience
- 300-lb. weight capacity

Specifications

Overall dimensions	
Lengths (with footboard folded)	34"
Lengths (with footboard down)	38" - 40"
Width (excluding joystick)	24"
Heights	35"-37"
Seat dimensions	
Width	18"
Depth	16"-18"
Weight	
With batteries	205 lb.
Without batteries	155 lb.
Wheel and caster sizes	
Front casters	6" x 1.3"
Drive wheels (flat-free)	10.5" x 3.5"
Rear casters	6" x 1.3"
