

## SYNERGY® SOLUTION®

Three-component design for pressure management, positioning and long-lasting comfort

- Exclusive wrap-and-lift design for pressure management
- Twin-cell gel insert
- Viscoelastic top layer
- 2 cover system to prevent shearing with interior liner

## SYNERGY® SOLUTION® 1

Innovative, two layered design for exceptional pressure management and positioning

- High-density polyurethane foam construction
- Coccyx and sacral relief
- Soft gel top layer for skin protection
- Four-way stretch, fluid resistant upper cover

## SYNERGY® SPECTRUM®

Customized comfort and superb positioning and pressure management

- Extra deep well
- Choice of twin-cell lightweight fluid or viscoelastic foam insert
- Viscoelastic top layer
- 2 cover system to prevent shearing with interior liner

## SYNERGY® STRUCTURE™ 2

Unique modular design for advanced pressure management and maximum comfort

- Pressure management overlay with extra deep twin-cell fluid insert
- Optional modular positioning components
- Soft gel inserts for added protection
- Extra fluid insert for added adjustability

## SYNERGY® SHAPE

Contoured comfort and superb pressure management

- Dual layer foam construction with viscoelastic surface layer
- Unique one hand, one motion quick release
- Contoured design for proper positioning
- Easy depth and angle adjustment
- Available in standard, tall, and low back heights

## SYNERGY® SIMPLICITY™

Tremendous comfort and moderate pressure management

- High-density polyurethane foam construction
- Exclusive wrap-and-lift design for pressure management
- Coccyx and sacral relief
- Four-way stretch, fluid resistant upper cover

## TRU-COMFORT™

- Ultrasoft, leather-like cover
- High-density HR polyurethane base for long lasting comfort
- Viscoelastic foam top layer to manage pressure, promote proper circulation and provide comfort
- Easily added to TRU-Balance® and other Synergy® seats
- Adjustable lumbar support and lateral bolsters to dial in positioning comfort
- Modular seating components allow use of alternate seating cushions

## TRU-COMFORT™ PLUS

- All of the benefits of TRU-Comfort Seating
- Four-way stretch, fluid resistant cover
- Additional 1/2" of viscoelastic foam in seat cushion for maximum comfort and pressure management

ADVANCED FUNCTIONALITY

ADVANCED DESIGN

# SYNERGY<sup>®</sup>

seating solutions

## SYNERGY<sup>®</sup> SEATING SYSTEM

The Quantum<sup>®</sup> Synergy<sup>®</sup> Seating System offers a clean, streamlined appearance and unparalleled ease of adjustment. The seating system's unique design allows for height, width, depth, and back angle adjustments to be made quickly and easily in the field. The Synergy Seat interfaces with most types of seat and back cushions, and was designed to be the most user-friendly system available today.

## FEATURES

- Easily adjustable and versatile design that can grow with the client
- Easy customization
- 500 lbs. weight capacity
- Several width and depth adjustment packages ranging from 10" to 24"
- Accepts a wide variety of after-market seats and backs

## SYNERGY<sup>®</sup> MANUAL RECLINE

The Synergy<sup>®</sup> Manual Recline combines the unmatched versatility of the Synergy Seat with an infinite range of recline from 90 to 180 degrees. The dual gas strut design provides the caregiver with assistance through the entire recline motion for smooth comfortable operation. The Synergy Manual Recline Seat comes standard with a solid curved back pan and a 2 1/2" raised pivot point to reduce shear forces.

## FEATURES

- Attendant activated recline seat
- 10" - 24" wide / 10" - 24" deep
- 300 lbs. weight capacity
- 180 degrees of recline

## SYNERGY<sup>®</sup> MANUAL TILT

The Synergy<sup>®</sup> Manual Tilt is designed to provide pediatric clients with the positioning benefits of a parent/caregiver controlled manual tilt system. The Synergy Manual Tilt features an optional pediatric stroller-type push handle for ease of use and a gas spring assist for maximum support and controlled movement through the tilt motion.

## FEATURES

- 75 lbs. weight capacity
- Adjustable widths of 10" - 12", 12" - 14",
- Adjustable depths of 10" - 14"
- Mercury drive lockout

# TRUBALANCE<sup>® 2</sup>

POWER POSITIONING SYSTEM

## TRU-BALANCE<sup>® 2</sup> POWER TILT

- 55° of tilt
- Lower standard seat-to-floor height
- Simplified width and depth adjustments
- Maintains center of gravity shift
- New safety switches

## TRU-BALANCE<sup>® 2</sup> POWER RECLINE

- 95° to 168° of recline
- 300 lbs. weight capacity
- Does not increase seat-to-floor height
- Standard shear reduction and reclining armrests
- Available with TRU-Balance 2 Power Tilt

## TRU-BALANCE<sup>® 2</sup> POWER ARTICULATING LEG RESTS

- 70 or 80° angle
- Actuator is mounted to the outside of leg rest, and will not increase the seat-to-floor height of the seating system
- Connected with a 1/4" headphone-style jack connector (pull out in order to release)
- Standard with depth and height adjustable calf pads
- 4" articulation or 6" articulation
- Drop-in or swing-away

## TRU-BALANCE<sup>® 2</sup> LIFT & TILT

- Delivers 10" of elevation with 50° of tilt
- Four-point mount lift for maximum stability and low seat-to-floor heights
- Maximum versatility and ease of adjustment
- Available with power recline, power front riggings, and TRU-Comfort seating
- 300 lbs. weight capacity

## TRU-BALANCE<sup>® 2</sup> POWER ARTICULATING FOOT PLATFORM

- 8" of articulation
- 90° - 170° of elevation
- 6-way adjustable calf pads
- Bi-lateral, angle adjustable split foot platform

## TRU-BALANCE<sup>® 2</sup> POWER ELEVATING SEAT

- Offers 7" of lift with power elevating seat
- Allows access to batteries when seat is elevated
- 300 lbs. weight capacity
- Allows drive capability at 1/4 speed when elevated

**PLEASE NOTE:** Some seating systems may not be available on all power bases. Please contact Quantum Customer Service for availability.
