Foam Types Available

Bio Clinic Positioners are available in styles:

1. Bio Foam - 1.2 lb. Density
2. Premium - 1.5 lb Density

Round Foam Positioner

8809-9" shown

- Versatile positioning
- Ideal for pillowing heel or knee positioning
- Available in various sizes

Foot Positioner

8028 shown

- Maintains foot position
- Assists in the prevention of heel and ankle trauma
- Ideal for long-term use

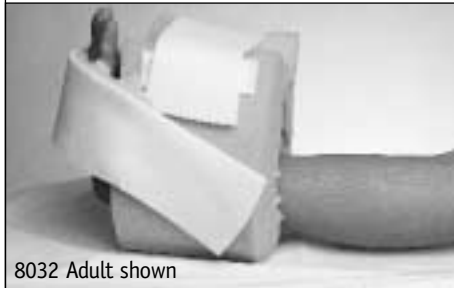

Head Positioner

8815 Adult shown

- Comfortably stabilizes head in lateral, prone or supine position
- Also may be used as a leg or heel cradle
- Available in a range of sizes

Foot Prop Positioner

8032 Adult shown

- Maintains prescribed foot position with adjustability
- Assists in the prevention of foot drop and helps prevent unwanted plantar flexion
- Relieves pressure by elevating heel off the mattress

Ulnar Nerve Protector

4816 shown

- Protects against hard surface contact
- Provides cushioning on bony prominences in the ulnar nerve area

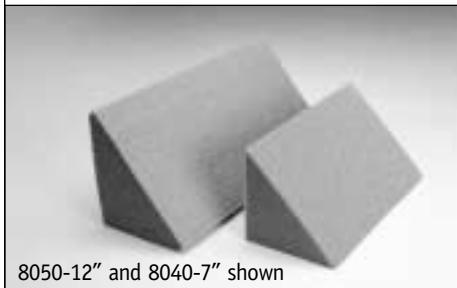

Heel / Ankle Protector

4815 Adult shown

- Reduces pressure
- Assists in preventing shearing
- Protects heels against hard surface contact

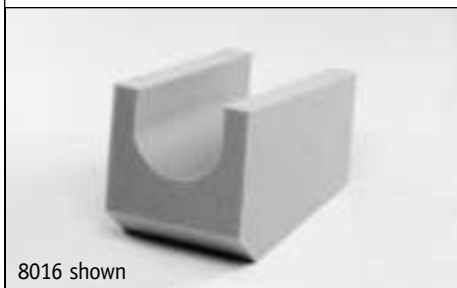

Wedges

8050-12" and 8040-7" shown

- Stabilizes patient in various positions
- Allows for respiratory expansion during lateral surgery
- Available with cover
- Also available as RePositioner

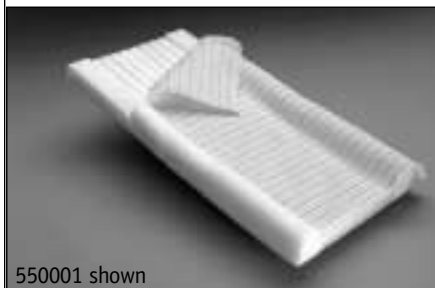

Leg Elevator

8016 shown

- Helps prevent internal and external rotation
- Maintains prescribed position and elevation
- Provides support for the leg, ankle and heel

Neonate Crate

550001 shown

- Infant pressure reduction while providing a comfortable and secure environment
- Soft, warm Neonate Comforters are available for added tactile stimulation (P/N 550003)

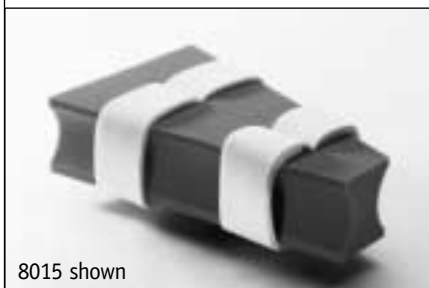

Body Aligner

8017 large shown

- Aids in proper alignment
- Promotes proper hip and spinal alignment while preventing and managing sacral pressure ulcers
- Also available as RePositioner

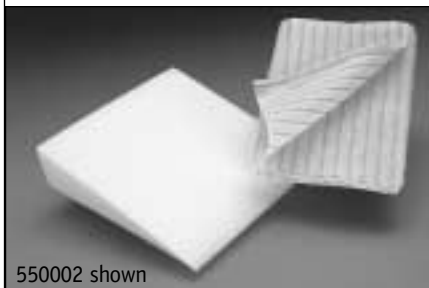

Abduction Pillow

8015 shown

- Available in a variety of sizes
- Special Velfoam straps secure the patient firmly
- Assists in the prevention of trauma in post-surgical hip procedures

Neonate Wedge

550002 shown

- Designed to allow for the placement of a 15° Bio Foam wedge which raises the infant's head and torso area to assist in reducing the risk of regurgitation after feeding

Positioning Roll

8705 shown

- Multi-purpose positioning roll
- Reduces pressure and enhances circulation
- Also available as RePositioner

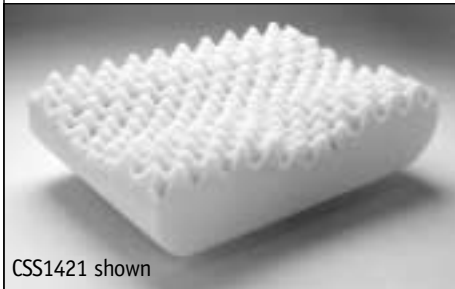

Siderail Pads

19075 shown

- Prevents injuries caused by patients striking against siderails
- Available in various sizes

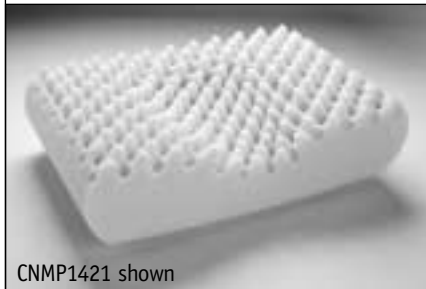

Pro-Pillow®

CSS1421 shown

- Increases comfort for a more restful night's sleep
- Reduces neck muscle strain
- Naturally aligns neck vertebrae for total comfort
- Also available in a mini traveler size

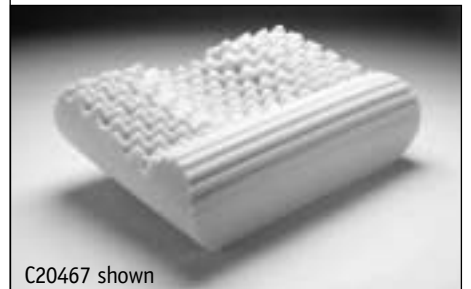

Neck Support Pillow

CNMP1421 shown

- Softly contoured multi-level foam provides proper neck, head and shoulder support
- Promotes healthy sleep posture

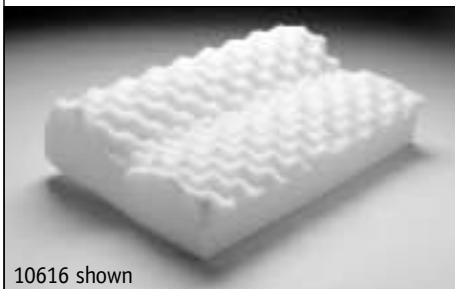

Optimal Airway Pillow

C20467 shown

- Promotes optimal sleep position for a quieter, more restful night's sleep
- Minimizes snoring

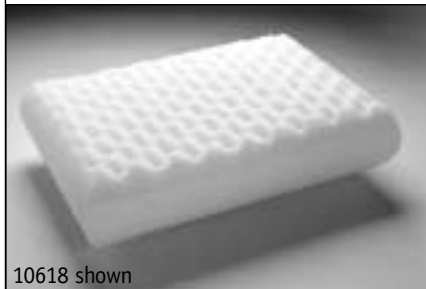

Convoluted Cervical Pillow

10616 shown

- Two dimensional cervical roll design promotes natural breathing

Head Pillow

10618 shown

- Designed to naturally support the head and neck for a restful night's sleep
- Unique three layer construction

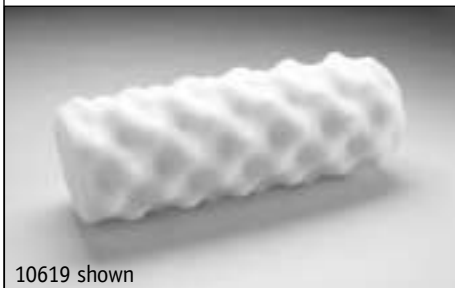

Reusable & Disposable Pillows

C172312 shown

- Bacteria resistant and non-allergenic standard and premium coverings
- Easy care covers wipe clean, resist stains and stay remarkably fresh

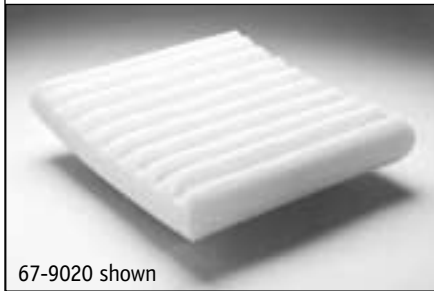

Convoluting Roll

10619 shown

- Provides added support and comfort
- Ideal for neck, lower back or behind the knees

BioGard® AFT Cushion

67-9020 shown

- Channeled design and Diamond-Core design for greater pressure reduction
- Standard with urethane cover

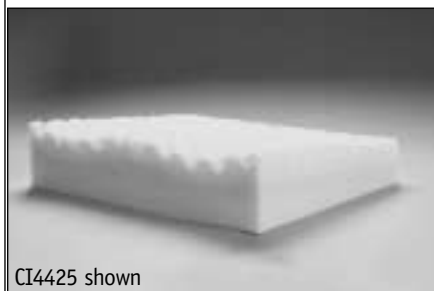

Molded Oval Rings

19014 shown

- Oval rings provide comfort and support
- Available in a variety of sizes

Iris® Wedge Cushion

CI4425 shown

- Leg contours and unique wedge design keep patients properly positioned in the chair
- Front 4-inch tapering to 3-inch at back.

Flat Cushions

C2 shown

- Provides support and comfort
- Available with a poly/cotton cover

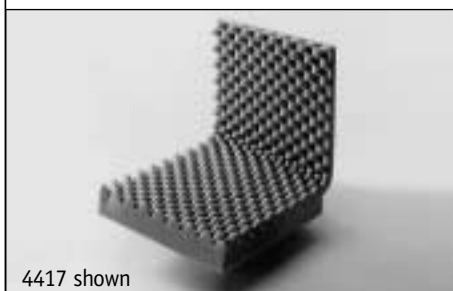

Bariatric Wheelchair Cushion

WC2418B4 shown

- 700 lbs. patient capacity
- Incontinent resistant cover
- Non-skid base and positioning straps
- Leg notches for added comfort

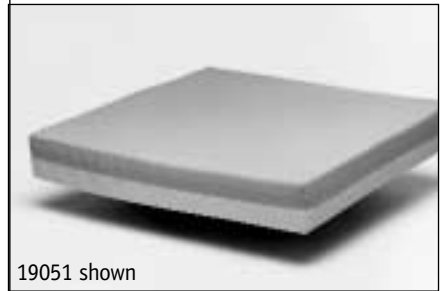

Convolutd Wheelchair Cushion

4417 shown

- Provides pressure reduction, support, comfort and air circulation
- Available with (4417) or without back (4117)

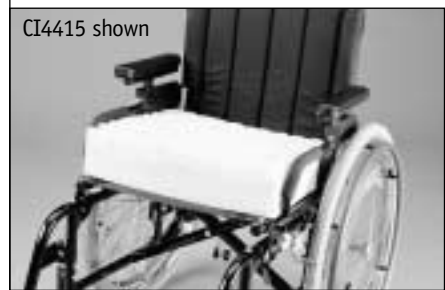

Gel Seat Cushion

19051 shown

- Pressure reducing gel and foam product adapts to changing body contours
- Reduces pressure and optimizes patient comfort

Iris® Cushion

CI4415 shown

- High-density "flat-top" convolution evenly distributes patient's weight to reduce pressure and enhance comfort
