## Compatible with:

- Apple iPhone 3G and Original iPhone

Apple brand name and iPhone product name are trademarks or registered trademarks of Apple, Inc. Arkon Resources, Inc. is not affiliated with Apple, Inc.

**Precaution:** Arkon **strongly recommends** using a securing strap to provide extra protection for your device. Failure to do so may result in damage to your device. Do not operate portable devices while riding. Arkon Resources, Inc. assumes no liability for safety of bicycle rider or portable device.

## Bicycle Handlebar Mounting

- Step 1. Choose a safe location on the handlebars of your bicycle in which to mount the pedestal.
- Step 2. Using a screwdriver, remove the two mounting screws (A) in order to release the ball plate and swivel head (B) so the mount can be placed around the handlebars.

- Step 3. Wrap the rubber rings (C) around the handlebar and reassemble the ball plate and swivel head (B) around the rubber rings. Secure the mount assembly by using the screwdriver to retighten the two mounting screws.

## Connect iPhone Cradle to Pedestal and iPhone Insertion

- Step 1. Connect the dual T-slots (C) on iPhone cradle to the dual T-tabs (D) on the bicycle pedestal head. Adjust the angle and rotation of the pedestal head by tightening the swivel tightening ring (E).

- Step 2. Lift and hold the upper thumb tab (F) while gently lowering the iPhone device (not included, sold separately) into the custom cradle.

## Safety Precautions

Do not reposition the pedestal while cycling or driving. Arkon Resources, Inc. does not promote the adjustment of mobile devices except when the bicycle or vehicle is safely parked or stopped.

Arkon is not responsible for any damages caused to your bicycle, your device, or yourself due to the installation or use of this product.
