NEW PRODUCT FACT SHEET

NAME: 18V Dual Function Inflator/Deflator

MODEL NUMBER: P731

PRODUCT INFO: RYOBI delivers more cordless convenience with its fully featured P731 Inflator/Deflator. The P731 provides high pressure inflation and high volume inflation/deflation powered by RYOBI's ONE+ battery platform. There are separate ports for inflation and deflation providing more durability. You can program the inflator to automatically shut-off at any pressure. The digital readout is conveniently placed on the top of the unit for easy viewing and accurate to within 1 PSI. Besides being more compact than the previous RYOBI inflator, this unit has onboard storage for all of its included accessories and an easy-wrap hose storage. Cordless inflation and deflation has never been so convenient. The P731 is a must-have for any ONE+ system user!

SPECIFICATIONS: P731 Inflator/Deflator

| | |
|--|-------------------------------|
| Battery: | 18 Volt |
| High Pressure inflator Operating Range: | 0-150 PSI |
| High Volume Inflator Pressure Rate: | .33 SCFM @ 35 PSI |
| High Volume Inflator (HVLP) Flow Rate: | 10 SCFM |
