

Tiger Super Automatic Espresso Machine

Features

BUNN Espresso® Tiger XL M Series

- Up to 180 shots per hour from less than 16" of counter space.
- Intelligent modular brewing chamber adjusts espresso.
- Simulates Barista tamping and polishing motion to provide uniform extraction.
- Two hoppers for regular, decaf or other specialty beans.
- Each hopper holds 1.75 lbs of fresh beans.
- Adjusts for 4.5 to 7.4 inch cup clearance.
- Pod brewing option standard on all models.
- Intuitive operational design. Easy to use control pad guides user through steps for making drinks.
- Easy daily cleaning.
- Innovative milk delivery system does not inject steam or water to dilute the foam so customers enjoy a full, rich flavor experience.
- Available with a self-contained 1 gallon milk drawer.
