

# Software Upgrade for Motorola DEFY™ (34.4.9)

## Introduction

This is a software upgrade for T-Mobile USA Motorola DEFY users who are currently using Android™ 2.1 (Eclair) software versions. The 34.4.9 upgrade for Motorola DEFY provides new features from Android 2.2 (Froyo) plus additional improvements.

**Important: The file size of the DEFY Froyo software update is approximately 112MB. To avoid potential data overage charges, please use a Wi-Fi connection to fully download the software update.**

For more information on your T-Mobile Motorola DEFY, visit [http:// www.motorola.com/mydefy](http://www.motorola.com/mydefy)

## Who Can Use This Release?

All Motorola/T-Mobile USA DEFY users.

## Android 2.2 (Froyo) Highlights

<b>Phone speed and performance</b>	Performance of the phone has been enhanced resulting in faster user interface, application operation, and Web browsing.
<b>Adobe Flash Player 10.1</b>	Your device now supports Adobe® Flash® Player 10.1, allowing access to rich Web content and games. Adobe Flash Player 10.1 is installed along with this upgrade.
<b>App storage and updating</b>	Applications can now be stored on the device's microSD card. Additionally, apps can be set to automatically update by checking "allow automatic updating" under each app's page in Android Market™.
<b>Wi-Fi Hotspot</b>	Phone can provide an Internet connection for up to 5 Wi-Fi-enabled devices
<b>Digital Keyboard</b>	Added punctuation to the suggestion ribbon.

## Additional Highlights of the Upgrade

<b>Profiles</b>	Added profiles feature that provides three customizable sets of home screens to give you access to the apps, shortcuts, and widgets you want, when you need them.
<b>Dialer search</b>	Phone numbers and contacts can now be searched from the dialer screen by entering the first few letters of the contact's name or first few digits of the contact's number.
<b>Task Manager</b>	Added Task manager app to assist with managing apps.
<b>LinkedIn</b>	LinkedIn® social network accounts can now be added to integrate with contacts, social networking updates, and messaging.
<b>Security</b>	Added new security features, including Exchange-based encryption and password security.
<b>Gallery</b>	Updated the design of the user interface

## Instructions for Installing Software

For a successful installation, we recommend installing these updates while the battery in your phone is at least 50% charged. Make sure you have an active SIM card installed in your phone.

**Important: The file size of the DEFY Froyo software update is approximately 112MB. To avoid potential data overage charges, please use a Wi-Fi connection to fully download the software update.**
