

Topspot™

BEFORE PLAYING FOR THE FIRST TIME:

Discard demo card insert on game board and blue insert paper inside game board before play. You may choose to discard game packaging because game board is also a convenient storage case.

Players: 2 **Ages:** 6+

Contents: Game board and 50 cards
(24 red/blue, 10 red/blank, 10 blue/blank, 6 blank/blank)

Object: Be the first player to get three spots in a row of your color –horizontally, vertically, or diagonally (SEE EXAMPLE AT RIGHT)

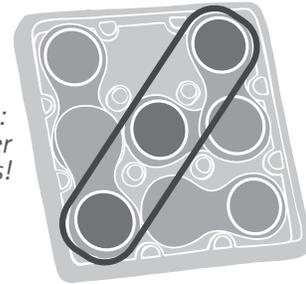

Set Up:

- Decide which player will be “blue” and which player will be “red”
- Shuffle the cards
- Deal two cards, face down, to each player.
- Place the rest of the cards face down to form a draw pile.
- Players pick up and hold their cards so their opponent cannot see them.

Game Play:

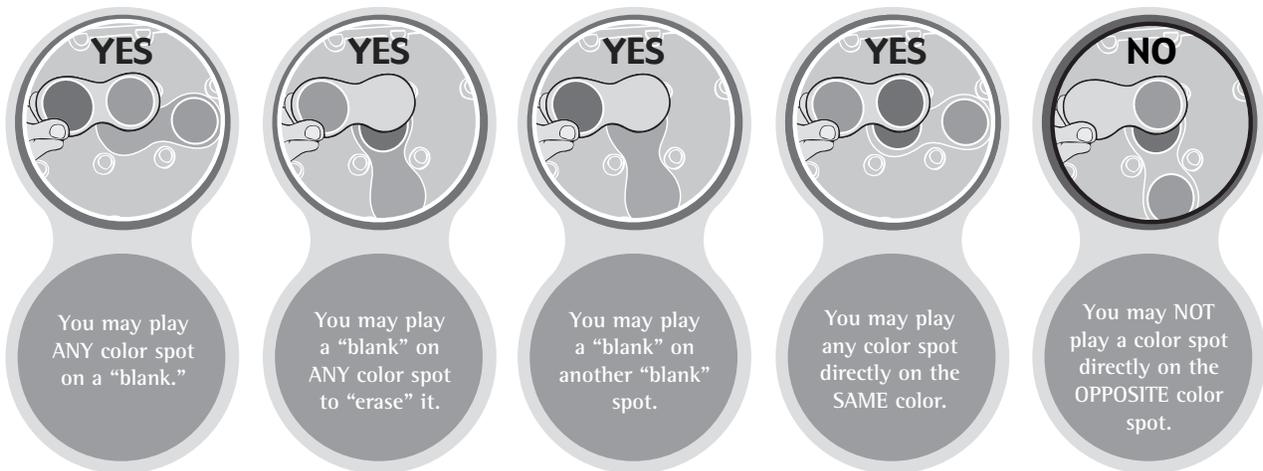

The “red” player goes first. The player should look at both of their cards and decide which to play. Cards have colored spots and/or blanks. Blanks may be used to strategically cover over your opponent’s spots and stop their win. Be the first player to get three of your color spots in a row and you win! Players take turns doing the following on every turn:

- **PLAY** one card on the game board.
 - You may play cards in any direction, as long as the whole card fits on the game board.
 - You may overlap or completely cover cards on the game board, only as shown below.
- **DRAW** one card from the draw pile so you’ll have two cards in your hand at the end of your turn.

Example:
Red player
wins!

Cards are played according to these rules:

Get 3 spots in a row and you win!
