

Presenting enhanced functionality for your ThinkPad.

A quick and easy one-step connection. The ThinkPad USB Port Replicator with Digital Video.

The new, sleek and improved ThinkPad® USB Port Replicator with Digital Video takes productivity higher by giving you access to multiple input and output devices with just one easy connection. Simply plug in the USB cable to access your monitor, Internet, LAN, headphones, speakers, printer and other USB devices. What's more, it also comes with integrated Ethernet and enhanced digital video to provide higher resolution. Pick one up, being productive was never this simple.

- DVI-I monitor output – supports the following DVI digital or VGA analog resolutions:
 - 16:10 wide - 1920x1200
 - 16:9 wide - 2048x1152 with 1080p (1920x1080 native HDTV support)
- Includes a DVI-to-VGA monitor adapter for connecting VGA analog monitors
- Integrated 10/100 Ethernet – for Internet/LAN connectivity
- Compact and sleek mini-tower design – reduces footprint on desk
- Hot pluggable – allows you to dock, undock, connect or disconnect devices without rebooting the system

- Dual display settings – allows you to switch between mirror and extended video modes with the push of a button. In extended video mode the user may elect for either the integrated system display or the external monitor to function as primary*
- One forward-facing USB 2.0 port – ideal for use with memory keys and other 'quick access' devices
- Four rear-facing USB 2.0 ports – ideal for most USB devices, including printers, keyboards and mice
- Stereo headphone – out jack for speakers and headphones
- Supports Genuine Windows® XP, Genuine Windows Vista® 32 and Genuine Windows Vista® 64 (in normal and aero modes)
- Includes an AC power adapter
- Backed by a one-year warranty
- Part number - 45K1610

*ThinkPad does not support simultaneous use of the ThinkPad USB Port Replicator with the Lenovo USB-to-DVI Monitor Adapter. Part number: 45K5296.
