

9" X 20" BELT DRIVE BENCH LATHE

Our newest lathe includes an enclosed gear box, reverse threading capabilities and backlash adjustments provided throughout the carriage. With features like a 25/32" spindle bore, a MT#3 tailstock and 6 spindle speeds you'll be able to turn some surprisingly hefty projects! If you're thinking of making parts for models, engines or even for repairs around the home or shop, this is the lathe to own!

Shown with Optional Stand

9" X 20" BELT DRIVE BENCH LATHE

- Spindle supported by precision tapered roller bearings
