Care & Maintenance

Ocean Comfort products are constructed from HDPE (High Density Polyethelene), primarily a recycled material. UV inhibitors are also added to resist fading. Simply maintain your furniture by cleaning with soap and warm water to ensure its long lasting beauty. A soft bristle brush can be used on any tough to clean stains. Stainless steel hardware is used in the assembly of these products and should be rinsed regularly with fresh water if being used in a coastal environment.

KETTLER Limited Warranty

Ocean Comfort products are guaranteed for a period of 20 years (for residential use) and 5 years (for commercial use), starting from original purchase date. This warranty covers defects in materials and/or workmanship and does not apply to the hardware.

Warranty not applicable to any products deemed as misused, abused or damaged due to an uncontrollable act of nature.
