

THE POWER SYSTEM DIFFERENCE

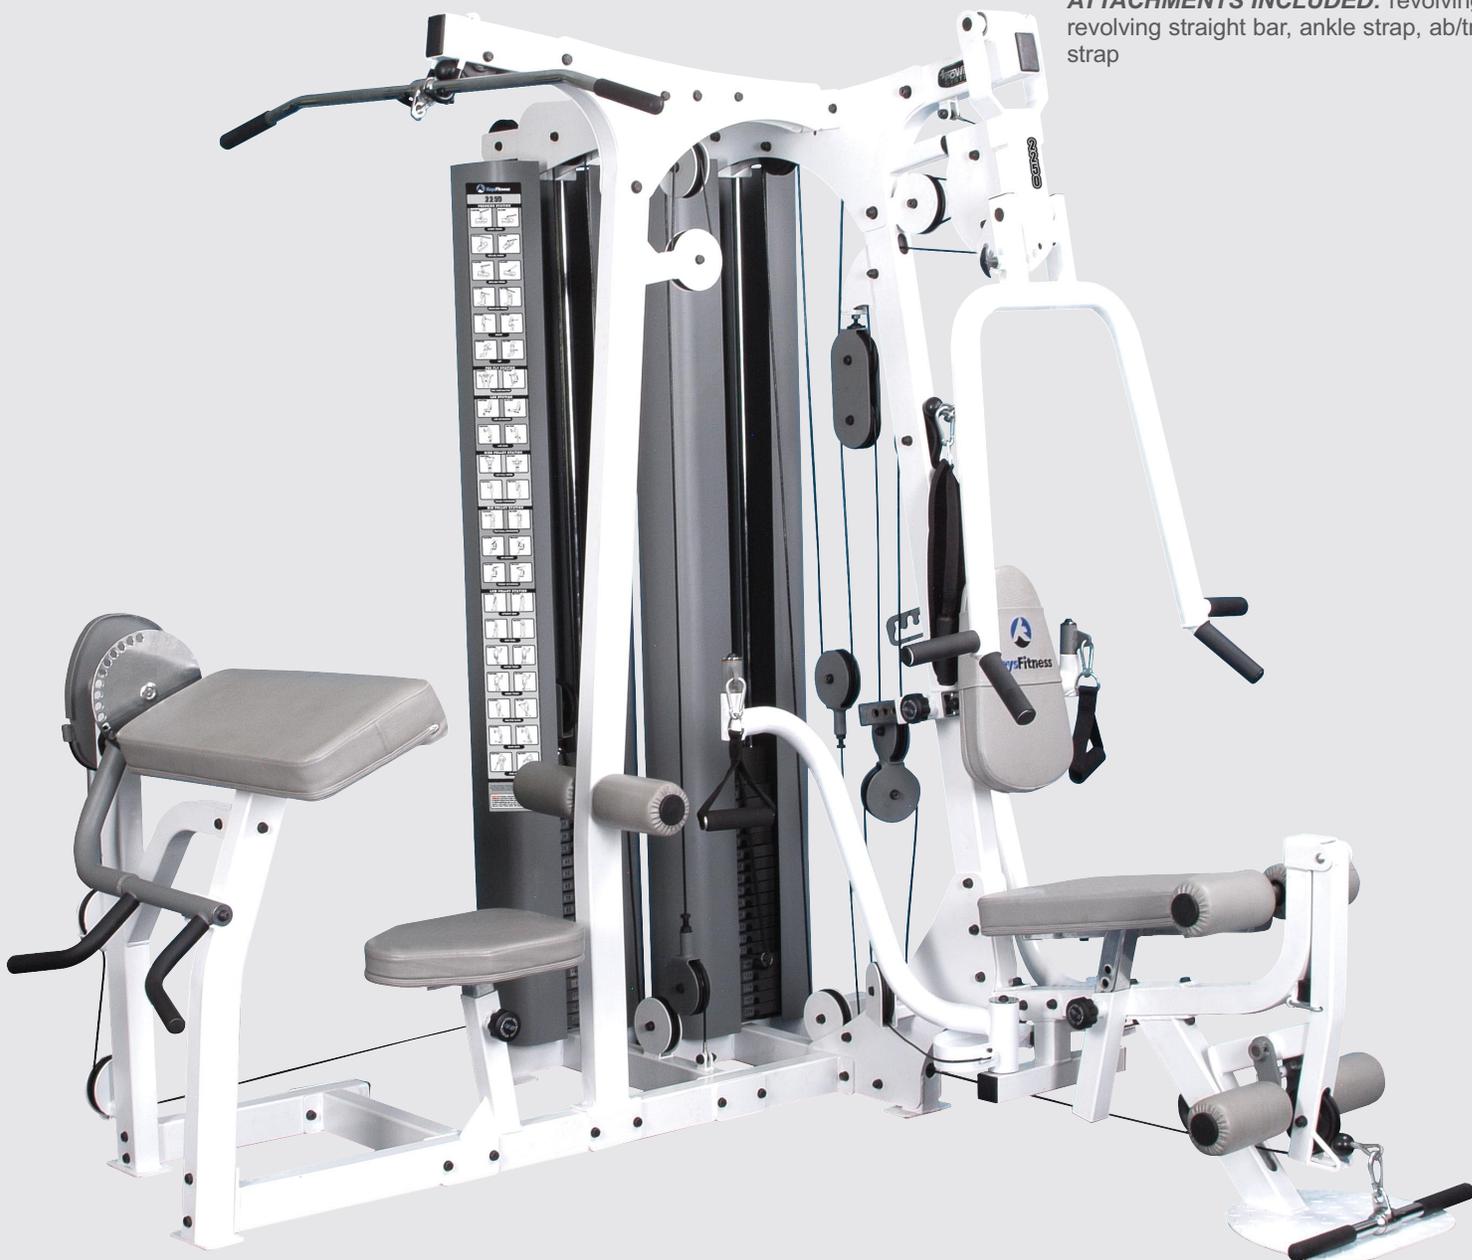

KPS-2250

LWH: 87 x 87 x 83 in

W/LP2: 119 x 87 x 83 in

For those situations where you need the capabilities of a full featured two stack strength system in a limited amount of space, the 2250 is the solution. The commercial quality rotary bicep/tricep station completes your upper body needs while maintaining the great features of all the other Power System gyms.

ATTACHMENTS INCLUDED: revolving lat bar, revolving straight bar, ankle strap, ab/tricep strap
