- Warm-up before any exercise program with 8 minutes of aerobic-like activity followed by stretching from head to toe.
- Wear comfortable clothes that allow freedom of movement and are not tight or restricting.
- Wear comfortable shoes made with good support and non-slip soles.
- Breathe naturally, never holding your breath during an exercise.
- Perform exercises consistently with proper technique and pass through a full range of motion.
- Increase resistance by adding heavier weights. Decrease resistance by using lighter weights.
- Always use a spotter for safety.
- Avoid over-training. You should be able to carry on a conversation while exercising.
