

# RESISTANCE SPOT WELDERS

## L-6000 LENCOSPOT MARK III

The L-6000 is an affordable newly designed resistance spot welder. The only pneumatic squeeze-type welder of its kind that is liquid cooled all the way to the tips.

- Generates 6,000 amps
- Furnished with the new LEN-Cool squeeze gun
- Furnished with “dual spot” single sided welding cable assembly
- Maximum welding capacity is 20 ga. (single side), 3 pc. 20 ga. (LEN-Cool gun)
- Mounted on a wheeled cart with an accessory rack to hold cable assemblies
- Dent puller is optional
- Optional 14” long reach arm and wheelhouse electrode arms (ordering no. 20947B; 20946)
- Primary voltage is 208/230 single phase 50/60 HZ, 60 amp
- Shipping weight is 250 lbs.
- 50’ Power cable

Model	Item Code No.
L-6000	20600

## LAS-8 AUTOSPOT

The LAS-8 is a compact, powerful multifunction resistance spot welder capable of making squeeze type and single sided spot welds. In addition, you can carbon arc shrink, pull dents, and weld an assortment of studs.

- Generates 8,000 amps
- Programmable keypad for precise weld settings
- Pinch gun is suspended for convenient, easy use
- Carbon arc shrinkage capability
- Maximum welding capacity is 20 ga. (single side), 3 pc. 18 ga. (smart gun)
- Mounted on wheeled cart with boom arm to suspend smart gun
- Optional 14” & 22” long reach arms (ordering no. 20947; 20945)
- Optional Wheelhouse electrode arm (ordering no. 20946)
- Primary voltage is 208/230 single phase 50/60 HZ, 50 amp
- Shipping weight is 285 lbs.
- 25’ Power cable

Model	Item Code No.
LAS-8	20908

## LAS-11 AUTOSPOT

The LAS-11 comes complete, ready to make factory type spot welds. The LAS-11 is water cooled with pneumatic clamping. Welding current and clamping is computer controlled.

- Generates 11,000 amps
- Liquid cooled all the way to the tips
- Up to 825 lbs. of tip pressure
- External coolant circulator
- Maximum welding capacity is 1/8” mild or stainless steel
- Complete with wheeled boom
- Optional 15” & 18” overarms available (ordering no. 20940;20941)
- Primary voltage is 208/230 single phase 50/60 HZ, 60 amp
- Shipping weight is 600 lbs.
- 50’ Power cable

Model	Item Code No.
LAS-11	20900
