Xpress Mail Personal Edition Email Set Up Guide

NOKIA 9300

Xpress Mail Personal Edition is ideal for individuals and small business users who need access to work and personal email, desire a simple set up process with self registration, and an easy-to-use email application. With Xpress Mail, you have wireless access to both personal Internet Service Provider (ISP) email accounts such as POP3 and IMAP4 (Yahoo, Earthlink, Comcast and more) and corporate email platforms such as Microsoft Exchange, Lotus Domino and Novell GroupWise. Your email messages are automatically delivered to your device. You can easily send, receive and reply to emails with your Nokia 9300, as well as access your calendar, view attachments and access your email from any PC browser. For more information about Xpress Mail, go to www.cingular.com/xpressmail.

This guide will help you set up and use Xpress Mail on your Nokia 9300.

Note: You will need to have an eligible data plan, which includes the Xpress Mail feature. Please call 1-866-CINGULAR (1-866-246-4852) to activate if you have not already done so. Xpress Mail Enterprise Edition is available for the Nokia 9300. Please contact your local IT administrator for access.

1 Xpress Mail Personal Edition Set Up Instructions

Step 1. Complete the Nokia 9300 set up.

See the Nokia 9300 Set Up Instructions Guide included in your product packaging and complete device set up through step 7. Be sure to have an active data rate plan to enable email and other data related wireless transfers to your device.

Step 2. Create an Xpress Mail Personal Edition account.

- Using a compatible PC, visit <http://xpressmailpe.cingular.com>.
- At the web site, select **Register Now** and follow the on-screen instructions to create your Xpress Mail account. Create a user name, password, and input the rest of the necessary information on that screen.
- Download, install, and configure the Xpress Mail Personal Edition desktop software onto your PC.

Step 3. Download Xpress Mail Personal Edition application onto your Nokia 9300.

- At the Desk (Home screen), scroll to and select the **Xpress Mail** icon (fig. 1 next page).
- From the screen that appears, select **Install Now**.
- On the next page, select **Download Now** to begin downloading Xpress Mail.
- After download has completed, on the next screen select **Install**.
- When the install is complete, open Xpress Mail from the Nokia 9300 Desk screen (fig. 1 next page) which will bring up the Registration screen. Enter your 10-digit mobile number, then press **Next**.
- On the next screen, select **Personal Edition**, then press **Next**.
- On the next screen, enter your Xpress Mail user name and password that was created in Step 2b above, then press **Next**.
- Xpress Mail will automatically generate the security keys and synchronize your email.

Xpress Mail Personal Edition Set Up Instructions (continued)

Calendar synchronization is disabled by default. If you are using Xpress Mail Personal Edition to access your corporate email and calendar via Microsoft Exchange or Lotus Notes, follow the steps below to enable calendar synchronization:

- Press the **Messaging** application button.
- Press **Ctrl + Shift + T**.
- Scroll to and select **Xpress Mail**.
- Scroll to the **Calendar** tab.
- Under **Calendar sync** select **On**.
- Press the **Done** command key.

Calendar data will be automatically synchronized on the next synchronization.

If you are using Xpress Mail Personal Edition to access your personal email, you may now choose to synchronize calendar and contacts from a compatible PC to your Nokia 9300 using Nokia PC Suite. Proceed with the Getting Started CD-ROM and select the option **Install Nokia PC Suite Only**. This option will guide you through the remaining steps.

Your Xpress Mail Personal Edition email account should now be set up. To access your email, select the **Messaging** application key, then scroll down to the Xpress Mail folder.
