Full control

- Iron temperature ready light

Technical specifications

- **Frequency:** 50-60 Hz
- **Voltage:** 230 V
- **Iron wattage:** 800 W
- **Boiler wattage:** 1370 W
- **Start-up time:** 6 minute(s)
- **Boiler capacity:** 800 ml

Weight and dimensions

- **Dimensions:** 319 x 199 x 166 mm
- **Weight (incl. packaging):** 5.25 kg
- **Pallet:** 40 pcs

Product highlights

Up to 4 bars

Thanks to the high pressure, the steam penetrates deep into fabrics, giving exceptionally fast results, even on difficult fabrics.

Compact design

The system is so compact it's suitable for use with most ironing boards and can be stored away easily.

Up to 90 g/min of steam

Continuous steam output up to 90 g/min thanks to the small amounts of water that are pumped into the boiler each time. For perfect and fast crease removal.

Ergonomic iron

The ergonomic design of the iron facilitates comfortable ironing by putting less strain on the wrist. The upward sloping handle ensures a natural position reducing strain during ironing. The iron design also prevents the repetitive movements caused by placing an iron on its heel.
