

PA-Pro Wireless Public Address

Model PA10a or PA10b

1. Built-in carrying handle for playground use, meetings or tours
 2. Rugged ABS plastic casing withstands repeated use
 3. Separate tone and volume controls
 4. 6 hour battery use with low battery indicator and unit still operates while recharging its built-in battery
 5. Hands-free wireless mic and belt-pack transmitter
 6. Lightweight transmitter comfortably worn on waist
 7. Internal storage space so transmitter, charger, mic won't get lost
 8. 3.5mm Mic jack for added use with a wired microphone
- 100' wireless range from transmitter to PA
 - Ideal for meetings, indoor and outdoor activities, tours, conferences, classroom and emergency response situations
 - Powerful enough to be used for up to 150 people
 - Available in two frequencies for crowd management situations which require two separate units
 - One year warranty for school use - unlike PA units purchased from consumer electronics stores whose warranties would be voided if used in schools

The portability and versatility of a wireless PA system are built into the PA Pro. Powerful enough to handle indoor and outdoor uses, it is perfect for school yards, tour groups, meetings and can be a potential lifesaver in emergencies where crowd control and communication can make the critical difference.
