## DESCRIPTION

The i300 is a revolutionary new steam boiler system, that delivers for the first time "true professional quality" pressurized steam, in a compact and economical package.

The i300 has been designed from the ground up to deliver superior quality dry steam, and provide the best possible user experience.

Reliable™ understands that the quality of a boiler-iron is only as good (no matter how nice it looks) as what is inside it. This is why we use the best components available including 12-gauge wiring throughout and an all stainless steel steam tank to eliminate the chance of rust.

## BEST USED FOR

All types of ladies, men's and children's clothing  
Drapery and home furnishings
