<b>Net weight</b>	21 lbs
<b>Shipping weight</b>	24 lbs
<b>Country of production</b>	Italy
<b>Warranty</b>	Reliable™ 1 Year Warranty

## DESCRIPTION

The Board™ is simply the best performing ironing table you can buy. The heart and soul of The Board™ is its extra heavy-duty tube framed construction (the way ironing boards used to be made). This method of manufacturing (hand made) produces a table that is more stable, and easier to use than any other ironing table currently available.

Like all Reliable™ products, The Board™ is built to last. The galvanized working surface is coated with an anti-rust treatment and covered with a mesh screen to ensure maximum passage of steam.

The height (activated by a handy lever on one side of the table) has a seven step adjustment, from 30" - 38" to allow you to choose the most comfortable working position.

The large work surface of The Board™ reduces the amount of time you spend ironing by putting more of the fabric in front of you. Combined with the high performance cotton/polyester ironing board cover with the industry's thickest 500g of padding, it may actually make ironing a pleasure.

## BEST USED FOR

All types of ladies, men's and children's clothing, linens and other household items

## FEATURES

- Large 18.9" x 47.25" working surface
- Extra heavy-duty tube framed construction for maximum stability
