DESCRIPTION

The Reliable™ XD-100 can cut from a single ply of fabric, right up to 1" high, making it a very versatile - light-weight machine.

The combination of the octagonal blade, with carbide tipped and spring loaded lower blade, prevents the fabric from jamming. An extra thin base plate and light die cast design make the XD-100 a pleasure to operate.

BEST USED FOR

Light to medium weight fabrics
Woven or loosely knit fabric
