

The new SENCOSFN30 Finishing Tool has almost as many features as it does uses! Perfect for construction, furniture and cabinets, picture frames, and nailable plastic parts, the SFN30 is one pound lighter than the competition and 1.1 lbs. lighter than SENCOSFN1+. It's equipped with a handy belt hook that can be attached to either side of the tool for left or right handed users. An adjustable depth of drive countersinks nails to a consistent and controllable depth, and an adjustable exhaust helps provide greater comfort for the user.

### Tool Specifications:
